

# Cully Main Street Project

Planning and Sustainability  
Commission Briefing

January 11, 2011

Bureau of Planning and Sustainability  
Innovation. Collaboration. Practical Solutions.

# What does a Healthy, Connected Neighborhood look like?

The Cully Main Street Project is the first of three upcoming planning efforts to implement Portland Plan strategies on the ground.

# The Role of District Liaisons

District Liaisons serve as the “eyes and ears” of the bureau in five neighborhood districts and the Central City.

The Cully-Concordia Community Assessment & Action Plan exemplifies the work of the District Liaison program.

# Advancing Cully-Concordia Action Plan Priorities:

- **Schools as centers of community**
- **Economic development**
- **Community infrastructure & amenities**
- **Community-building, connectedness & stability**

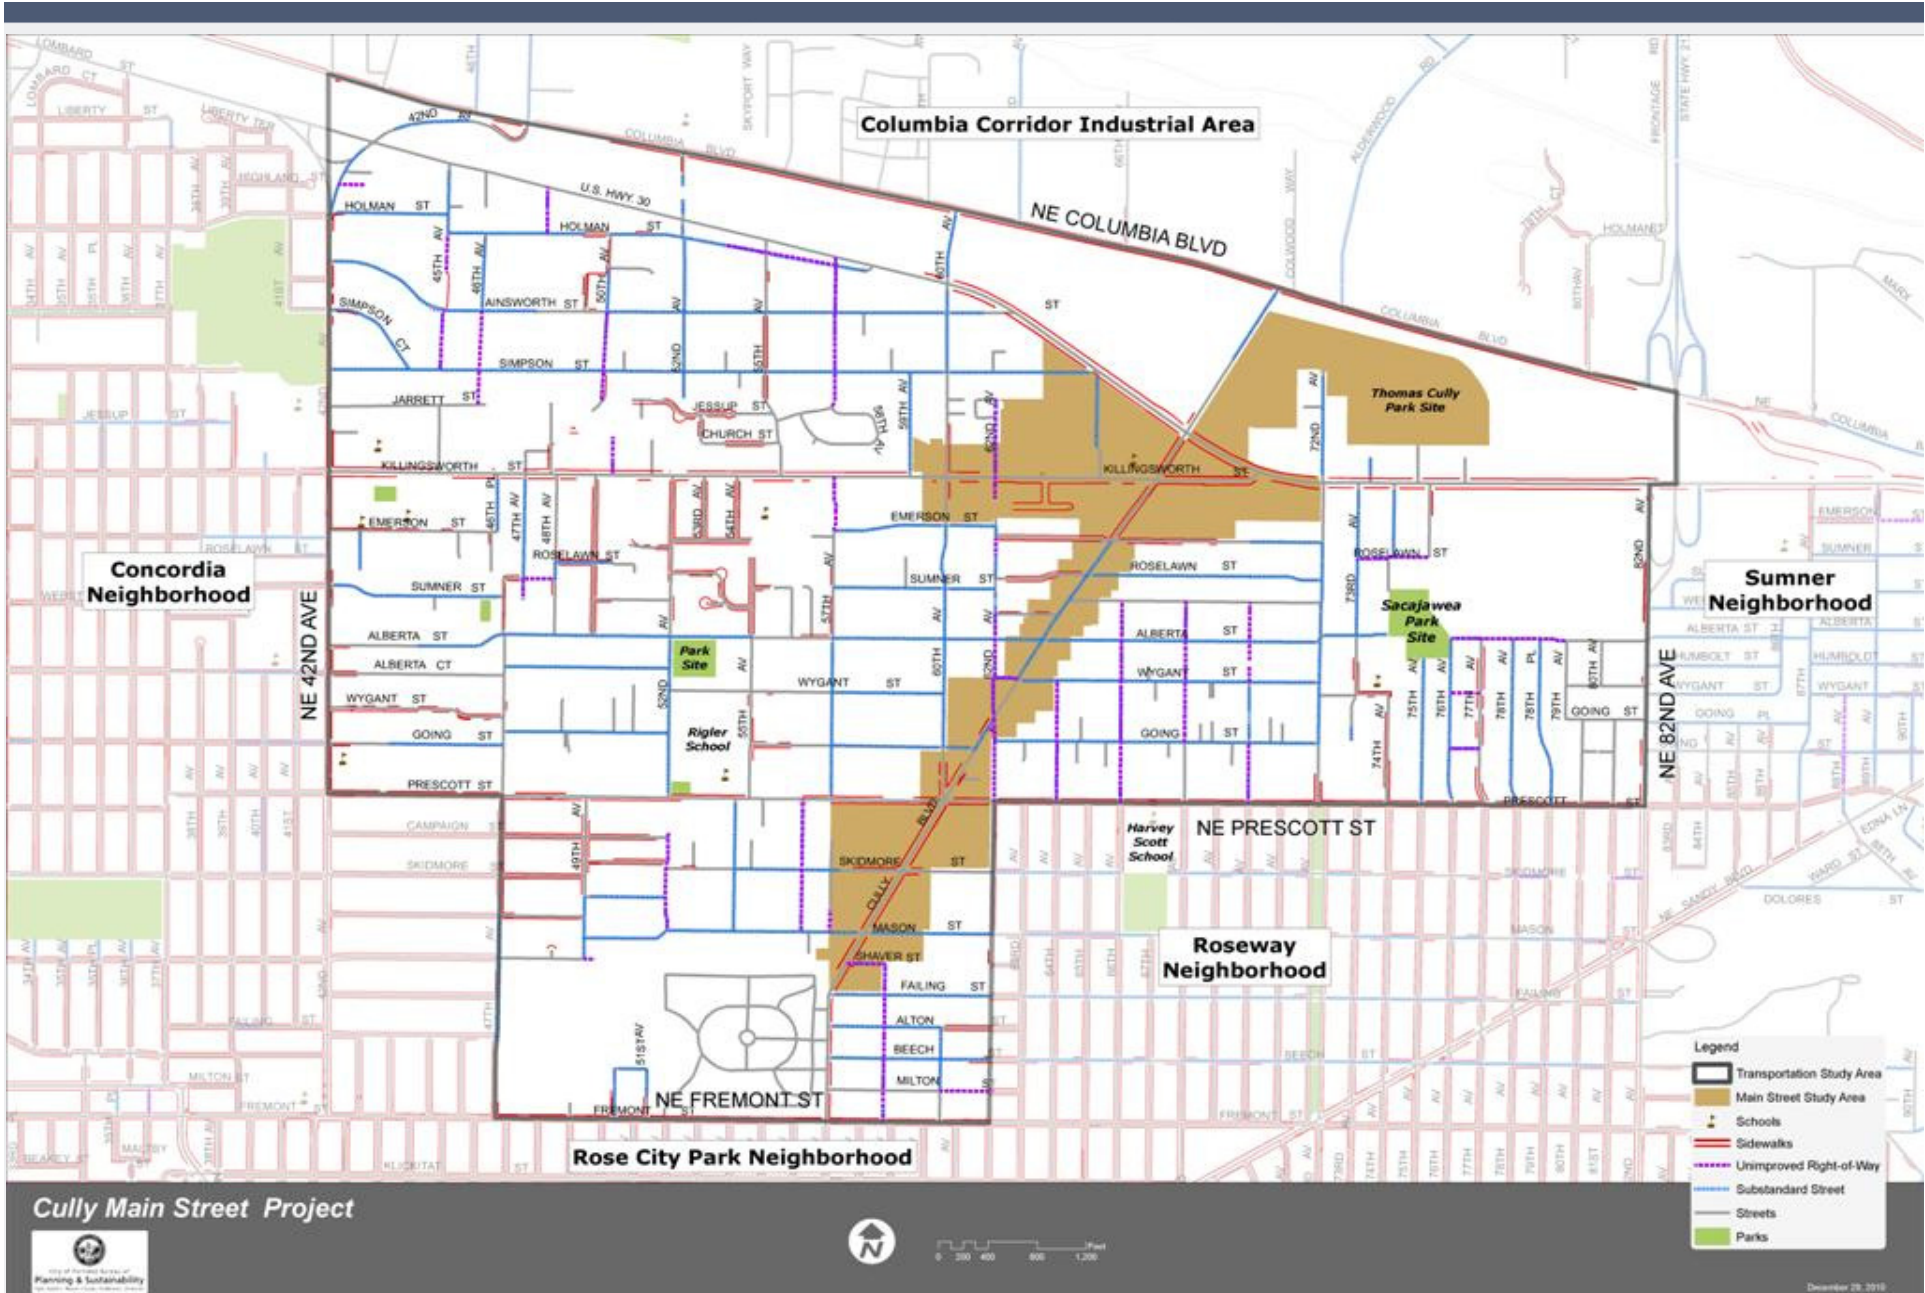

# Desired Outcomes of this Project:

- A land use pattern that enables Cully Boulevard to function as a thriving Main Street
- Alternative street design standards and funding mechanisms that can be implemented to improve street connections

# Existing Conditions

**Cully Main Street Project**

December 28, 2016
