Subject: SE Bush Street Vacation

Dear Mayor and Commissioners,

The Powellhurst-Gilbert Neighborhood Association fully supports the vacation of SE Bush to expand it to accommodate additional parking for Ed Benedict Community Park that is on Council agenda tomorrow, February 9. While we are very disappointed there is still an overall loss of parking in the area, this expansion will limit the impact of this parking loss on the surrounding residents. In addition, it should also improve access in and out of the area for the increased number of emergency response vehicles and staff that may be based at the Emergency Coordination Center should a disaster strike.
