Today's Discussion

- 4th in a series of discussions about the Portland Plan components
- Focus: Healthy Connected Neighborhoods Strategy

Healthy Connected Neighborhoods

Bureau of Planning and Sustainability
Innovation. Collaboration. Practical Solutions.

What makes a neighborhood healthy?

Basic Public Services

Parks & Nature

Healthy Food

Businesses & Amenities

Watershed Health

Social Connections

Active Transportation

Safety

Quality Housing

Bureau of Planning and Sustainability
Innovation. Collaboration. Practical Solutions.

Healthy Connected Neighborhoods Goals

- Ensure Public Decisions Benefit Human and Environmental Health
- Create a network of
 - Strong, diverse, well designed and connected **Neighborhood Hubs** and
 - **City GreenWays** that weave nature into the city and connect people, water, wildlife and neighborhoods

Why Focus on Healthy Connected Neighborhoods?

- Address significant health issues - like obesity and chronic disease
- Provide equitable access to healthy environments and opportunities
- Improve watershed health and reduce carbon emissions and air pollution
- Align where and how we grow and invest to achieve common goals

1. Public Decisions Benefit Human and Environmental Health

1. Neighborhood Hubs

1. City GreenWays

Public Decisions Benefit Human and Environmental Health

- Explicitly consider health in public decisions.
- Target public actions to maximize health, reduce disparities and mitigate risks.
- Expand collaborative partnerships.

Neighborhood Hubs

Sample Network of
Neighborhood Hubs
