PCL Foster Care Investments

- \$4.9 million invested in foster care programs from 2009 - 2012.
- 500 children annually participate in 9 investments.

- Programs successfully directed toward Native American and African American populations that are over-represented in the foster care system.
- In 2009-10, 28% of children served were African American and 20% were Native American.
- Programs provide intensive case management, counseling, parent education and therapeutic support for children and their biological and foster parents.
