<p>9/7/2011  Jean De Masters,  Executive Director,  Human Solutions, Inc.</p>	<p>It is important to increase the number of families that are served. We hope that PHB uses the information gathered in the CAPER 2010-2011 to bring balance to the ratio of federal funds that serve homeless families and homeless single adults.</p> <p>I request that we identify all of the sources for funding to end homelessness for singles and families in one place and one time, and use it in planning. I believe it will show that there is a need for more affordable housing for families from 0-30% MFI. The family system has fewer federal dollars available to use compared to the percent of families in the population than the single adult system. Federal dollars are not equitable for families at this point.</p>	<p>Jean De Master's comment has been taken into consideration by the Bureau.</p>
