PUBLIC INVOLVEMENT

8) Was public involvement included in the development of this Council item (e.g. ordinance, resolution, or report)? Please check the appropriate box below:

☒ **YES:** Please proceed to Question #9.

☐ **NO:** Please, explain why below; and proceed to Question #10.

9) If “YES,” please answer the following questions:

a) What impacts are anticipated in the community from this proposed Council item?

Solids lagoon facility improvements at the Columbia Boulevard Wastewater Treatment Plant including: earth dikes to form a monofill and to partition an existing solids lagoon, lining the monofill and lagoon cells with geomembrane, dewatering and drying the solids currently stored in the lagoon, placing the dried solids within the monofill, and miscellaneous improvements. The project is intended to protect groundwater, provide for safe and permanent storage of legacy solids, and improve the overall operation of the lagoon facility.

b) Which community and business groups, under-represented groups, organizations, external government entities, and other interested parties were involved in this effort, and when and how were they involved?

The construction contracting community, including contractors certified with the State of Oregon as minority, women, and emerging small businesses. They became involved when the project advertised for bids on May 11, 2011

c) How did public involvement shape the outcome of this Council item?

Bids received resulted in the award of the construction contract.

d) Who designed and implemented the public involvement related to this Council item?

Procurement Services advertised the project for bids and held the prebid meeting that was open to the construction contracting community, including contractors certified with the State as minority, women, and emerging small businesses.

e) Primary contact for more information on this public involvement process (name, title, phone, email):
