To: Portland City Council----- Mr. Sam Adams, Mr. Nick Fish, Mr. Dan Saltzman,
Mr. Randy Leonard, Ms. Amanda Fritz, Karla Moore-Love Council Clerk:

As a follow up to our Aug. 2, 2001 meeting Mr. Matt Grumm asked me for a list of people I have worked with in City of Portland regarding intrusive trees and bushes from 4512 NE 26th.

1. Mr. Ed Marihart-by phone
2. Mr. Joe Blanco-by phone
3. Mr. Mike Liefeld-by phone
4. Colleen Poole-by phone
5. Mr. Charles Myrick-in person
6. Lisa Dibert-by phone
7. Jim Field of Urban Forestry-in person with MR. MYRICK- who implied need for Direct Dig. (At time of dig exposure, MR. FISH AND MR. SALTZMAN ARE WELCOME TO VISIT SITE)

I am concerned about the safety of the Arborist who needs to do the Direct Dig because on three sides of me I have what appears to be meth dealing done fairly openly. At 4503 NE 27th, it appears much activity is done out of garage. I can not even sit in my yard with my Service Dog Dylan without getting sick because the Columbia Gorge wind blows West moving smell of lye (with ephedrine) to gag me and burn my throat. The other house 4512 NE 26th partners with them; some of the tenants at 2535, 2533, and 2527 NE Prescott also partner with 4503 NE 27th. One of the associates of 4503 NE 27th drives delivery and lives at 2707 NE Prescott rental (four rentals, and he is in one). They and other associates follow me with their cell phones, so I am not able to have a relaxing walk with my Service Dog. They have tried to poison my Service Dog twice.

For years I have gone to the police and have asked for surveillance who informed me it was no longer available, and that I was incompetent. I do not have the equipment to directly view activities. Police expect me to take picture, but I have blind spots on corner lot and no cable installed. One neighbor left the area few months ago seeing so many drug transactions with meth and whatever. I have spoken to Drugs and Vice several times, somehow I am just overlooked. Now my house lock just broke after they pulled off my garage lock, broke my City walk, and took out my South Prescott curb to flood sewer system all for me simply trying to speak up. Will you please close these operations down?

I have an excellent way to help keep our Federal Funding for our Public Schools, and another for Job Creation for our community to make good money, but I need your help first getting rid of these intrusive trees and bushes and stop the drug dealing hub.

Thank you for your time, Barbara Boose
