

Hi my name is Olimpia Filippini

And my name is Natalie Hansen

We are students from the French American International School or GIMS

We are here to talk to you about increasing Recycling in downtown Portland

We know that you have added some recycling cans already but they are not enough and the stainless steel recycling can cost

And we also know about 30% of city waste of items in downtown are things that should be recycled

We also know that Portland is the biggest City in Oregon, so that means there a lot of people and they will recycle lots of thing away so we need lots of recycling cans that we do not even recycle

The US needs to recycle a lot more plastic, rubber and leather, and clothing/textiles. And the total recycling rate is really low (about 31%).

Oregonians Produce up to 60 gallons of mixed recycling

We know that we recycle a lot in Portland **but we need to recycle more than we do now**

Oregon has its name as the green state **and we need to make sure we can keep that name for as long as possible**

One again we just wanted to say that we want more recycling cans in downtown Portland.

The Next couple slides are about Recycling Art **we did these Slides to show you what people can do with recyclable materials**

One again thank you for having us!

Have a nice day!

Moore-Love, Karla

Subject: communications on June 8

Hi Karla,

I have my final list of speakers and topics. While some are a few seconds over one minute per person, others are under, and we will take nearly all but not go over the 15 minutes in total.

Thanks,

Minda McCandless
Gilkey International Middle School
Portland, OR

1. Lara Rix, Sheila Panyam, and Madison Komeyli speaking on expansion of dog parks in Portland 2. Daniel Cohen and Aaron Leng, speaking on the proposed extension of the streetcar to Lake Oswego 3.
