

Esteemed Portland City Council Members:

With your support the USPS can provide better service to every community in the USA.

The United States Postal Service has key strengths that can be better used to serve communities:

USPS has the "last-mile delivery network that goes to every home and address in the entire country could:

- Provide beer and wine shipping through age verification delivery service.
- Check in on loved ones and send daily messages enabling people to safely live at home longer.
- Provide real-time delivery updates using scanners that download directly from the street.
- Enable local businesses to receive orders for same day delivery via direct communication with the PO.
- Enable scanners to receive payment for postage and print out said postage at your door step.
- Act as an age and identity verification service for internet service providers and on-line companies.

USPS has local government buildings in every community, big and small, through the entire USA and access to one of the largest computer networks in the entire nation which could provide,

- More government services, licenses, park passes, forms and information.
- Internet kiosks available to the public.
- Access to digital banking, become a secure portal for financial transactions everywhere.

USPS has the largest fleet of vehicles in the entire country and they could,

- Modernize this fleet to be electric and use alternative fuels, reducing pollution and costs.
- Equip vehicles with sensors providing real-time air quality, weather and possible threat updates

Last but definitely not least, the USPS has a forward-thinking workforce, dedicated and ready to use these strengths to the advantage of this entire nation.

Please join me in supporting and enhancing the United States Postal Service to allow myself and my colleagues to better serve all Americans today and into the future.

Thank you for your continued support!

Willie Groshell

Subject: Asking for communication slot before city council on June 29th

Hello Emily,

My name is Willie Groshell. I live at 4814 NE 14th Place Portland, OR 97211

My phone #(503)560-4685

I wish to speak about ways to increase the positive impact the United States Postal Service could have within the local community and what needs to happen to get forces moving that direction.

Thank you,
Willie Groshell

Request of Willie Groshell to address Council regarding ways to increase the positive impact the U.S. Postal Service could have within the local community
