1st Choice:

Name of Board/Commission/Committee: Development Review Advisory Committee

A. Reasons for wanting to serve on this group:

My clients' businesses depend upon the reliability, predictability and efficiency of the City's regulations. I enjoyed being the Downtown Development seat on the City's Regulatory Improvement Stakeholder Advisory Team (RISAT) from 2005 to its termination in 2009. I see DRAC as an extension of my RISAT work, but with more policy input.

B. List skills or knowledge that would be relevant to this Board/Commission:

I have been representing private developers navigate the development process in Portland and around the State for over 12 years. I am very active in economic development and policy/public affairs.

C. List work or volunteer experience that would add to your expertise for this Board/Commission

“The path to new development in our region is complex and often controversial. We have the legal skill and political savvy to help clients achieve their goals.”

Dana Krawczuk is Chair of Ball Janik LLP's Land Use practice group, which is consistently recognized by peers as an industry leader according to *Chambers USA*. Her principal area of practice is land use law. She has represented clients in a number of high-profile land use and annexation cases that have helped shape the law of the region. In 2010, she was named an Oregon *Super Lawyers* “Rising Star” in land use law.

Prior to joining Ball Janik in 2002, Ms. Krawczuk practiced land use and municipal law at another Portland law firm, representing several Oregon cities on land use matters. While in law school, Ms. Krawczuk clerked at the Oregon Land Use Board of Appeals and at the Natural Resources Division of the Oregon Department of Justice. She also performed pro bono work for Earth Justice Legal Defense Fund (formerly the Sierra Club Legal Defense Fund), the Pacific Environmental Advocacy Center and the Lewis and Clark Law Clinic. She was the first undergraduate at the University of Georgia to receive the multi-disciplinary Environmental Ethics Certificate.

Ms. Krawczuk has special knowledge in multi-jurisdictional long-range planning efforts, such as Urban Reserve Area designations and Urban Growth Boundary expansions. She has successfully represented residential developers and employment land developers in navigating the complex and often contentious UGB expansion process. Recently, on behalf of a developer client, she provided strategic guidance to the City of Madras for its Urban Reserve Area designations and defeated a challenge to Madras' Urbanization Study at the Oregon Court of Appeals, which also forged new Goal 10 and Goal 14 law. She also successfully expanded the City of Donald's UGB to include a client's property for employment land purposes. Ms. Krawczuk then drafted a new zone tailored to the client's needs, which was

adopted by the City of Donald and applied to the property when it was annexed into the City.

The depth and breadth of Ms. Krawczuk's knowledge of urban growth management is enhanced by her experience implementing UGB expansion decisions. She is currently guiding the Port of Portland through the concept planning process for West Hayden Island. She also represents a client in connection with a mixed-use development of several hundred acres of land in Newport, Oregon. This project includes: expanding Newport's UGB; resolving an annexation dispute with the Oregon Department of Transportation; amending the City's zoning map and zoning code so that the unique design and mix of uses would be permitted; obtaining entitlements for a sustainable, mixed-use new, urbanism community; and negotiating public-private development agreements related to significant infrastructure improvements.

Ms. Krawczuk's experience in infrastructure planning and financing – a critical component of concept planning and growth management – was recently highlighted in a presentation to the Oregon State Bar's Government Law Section. She has helped implement transportation financing plans by negotiating development agreements between developers and municipalities that include infrastructure construction.

Ms. Krawczuk also represents residential, commercial and industrial clients in all phases of land use entitlement processes, including annexation, zoning and comprehensive plan amendments, master plans, tentative and final plat approvals for land divisions, systems development charge credit applications, design review, site plan review, nonconforming use expansions and enforcement proceedings.

Ms. Krawczuk serves on the board of the Oregon Chapter of NAIOP – Commercial Real Estate Development Association and is currently Chair of the Public Affairs Committee. In April 2011, she received a Volunteer Award from the Portland Business Alliance for her work on the PBA's Land Use Task Force.

1st Choice:

Name of Board/Commission/Committee: Design Review Advisory Board

A. Reasons for wanting to serve on this group:

I have spent almost 20 years working in the local design community, with the majority of our projects being in Portland jurisdiction. I have spent these years working with and coordinating with the various city bureaus and staff, and have worked well with them in regard to successfully permitting these various projects. I would like to continue to be an advocate for successful collaborations between city staff / permitting / and design community.

B. List skills or knowledge that would be relevant to this Board/Commission:

Currently have 20 years of design / permit experience with City of Portland. Over much of 2010 I participated on the PWP Improvement Committee, that was tasked by city council to improve the public works permitting process. I am also currently serving on the Clackamas County Design Review (4 year term), and was a member of the City of Portland Stormwater Advisory group. I am currently a registered professional engineer (OR, WA, CA), and a LEED Accredited Professional.

List your experience working on diverse teams or committees:

As a civil engineer working within the architectural/developer/contractor community, we are constantly a part of a diverse team of professionals and expertise that is required to entitle, design, permit, and build a project. I have done this for 20 years locally, with the last 10 years being spent completing this work as a business owner, responsible for being an owners advocate and working with the various city bureau's to secure necessary building permits. I believe this is done best as a collaborative effort between all parties.

Describe your understanding of the services the City of Portland provides:

The City of Portland is tasked with administering both land development code/regulations, and all requisite building codes to ensure proposed development is aligned with city visions and is safe for public occupancy. This process should be undertaken in a collaborative manner to ensure that these goals are met in the most efficient and accurate manner possible.
