The attached Agreements for Services are for the necessary work scope, costs, schedules and deliverables to provide design documents, bidding phase assistance and design support during construction for rehabilitation projects identified as part of the Sewer System Rehabilitation Final Design 2011 Project.

4. The consultant selection has been conducted in accordance with Chapter 5.68 of the Code of the City of Portland.

5. The established cost for each contract is $2,000,000, for a total cost of $4,000,000. The cost estimate level of confidence rating is optimal. The percentage of M/W/ESB participation for Brown and Caldwell is 30 percent of the total contract amount. The percentage of M/W/ESB participation for Murray, Smith & Associates, Inc. is 41 percent of the total contract amount. Funds are available in the Sewer System Operating Fund, FY 2011-2012 Budget, Bureau of Environmental Services, Cost Center ESEN000020, WBS Element E10031.D14.
