

#563 COMMUNICATION

4-28-10

My name is James Lopes I love Portland, Or and ^{our} great country, home of the free and the brave. I've lived here around fifteen years after my dad's retirement here. I started a family here and learned how to start a business here. I sit before you today because of some very hard times. I've had to experience for the last four and a half years or so. At first I figured they were all separate destructive natural occurrences. A year or more ago I had an awakening I can only explain from God that many or all of these destructive things brought upon my life were connected. You hear on the news about terrorism we protect ourselves from out of the United States. I believe there has been a terror following me on our soil. Some of the injustices over these years are 162.365 Criminal Impersonations 163.730 Stalking 166.155 Intimidation 163.245 Custodial Interference 164.055 Theft 164.415 Robbery 163.165 Assault 164.075 Theft by Extortion. In my search for truth because of the lack of help from the regular authorities I'm lead to believe our very system may be involved therefore easy to trace by my name and social security number. The only place I have felt safe is in my car. Please help me aguire the truth of this question. If it is part of our very system I need to know what for and how I can find true freedom.
