RE: \*Grant a right-of-way use agreement to T-Mobile West Corporation, Inc. for five (5) years for mobile telecommunications services, and establish terms and conditions (Ordinance).

Requested Placement Date: Regular Agenda on June 27, 2012

I. **RECOMMENDATION.** \*Grant a right-of-way use agreement to T-Mobile West Corporation, Inc. for five (5) years for mobile telecommunications services, and establish terms and conditions.

**BACKGROUND.** Over the last seven years the City Council has granted several wireless right-of-way agreements. The general approach has been to have these agreements expire in 2012 to allow the City to develop consistently applicable terms and conditions. City staff has now reviewed all of these wireless right-of-way agreements, and worked with citizens (see Section VII below), the wireless industry, and the utility pole owners, in an effort to standardize and modernize the terms and conditions of all wireless right-of-way agreements.

II. **FINANCIAL IMPACT.** The city will continue to receive franchise fees from this wireless carrier's use of the streets. There will be an increase to \$7,500 per year per wireless site in the right-of-way. As T-Mobile currently uses 22 poles, its fees will increase to \$165,000 per year. In addition, when carriers use poles in residential areas they will now need to provide a one-time fee to OCCFM in the sum of \$2000 to cover increased staff costs.

III. **LEGAL ISSUES.** None

- IV. **CONTROVERSIAL ISSUES.** The amendments address the need to provide a better balance between the need for maintaining the character of residential neighborhoods against the need to increase antennae in those areas to increase the provision of wireless services. Compensation for street use is being raised, but industry has been consulted and a special meeting held with them to discuss it. Because wireless is a rapidly growing area the extension is for another three years, after which another evaluation of terms, including compensation, can occur.
- V. **LINK TO CURRENT CITY POLICIES:**  
<http://www.portlandonline.com/cable/index.cfm?c=34422&a=67687>
- VI. **CITIZEN PARTICIPATION.** These amendments incorporate input from 2006 to present from the Bureaus of Development Services, Planning, and Parks, and the Bureau of Transportation. In addition, staff has met repeatedly with utility pole owners, citizens, and wireless carriers. Staff analyzed their input, refined the amendments, and finalized the proposed amendments.
- VII. **OTHER GOVERNMENT PARTICIPATION.** None
- IX. **IF THIS IS A CONTRACT, DOES CONTRACTOR HAVE A CURRENT BUSINESS LICENSE?** yes
- WHAT IS THEIR BUSINESS LICENSE NUMBER?** 654708
- IS THEIR ACCOUNT WITH THE CITY CURRENT?** yes
- IF NOT, HOW MUCH IS OWING?** N/A
