

# ORDINANCE NO. 185573

Authorize an Intergovernmental Agreement with Port of Portland to allow Bureau of Emergency Communications to provide the Port with remote access to the computer aided dispatch system (Ordinance)

The City of Portland ordains:

Section 1. The Council finds:

1. That Computer Aided Dispatch (CAD) systems are used to dispatch public safety responders to emergency situations and track and maintain the status of resources.
2. In 2005, the City operated and maintained its CAD system through a contract with Northrup Grumman. The City and the Port entered into an Intergovernmental Agreement authorized by Portland City Ordinance 178773 whereby the City's Bureau of Emergency Communications (BOEC) provided the Port with access to its CAD system.
3. Beginning April 16, 2011, the City's relationship with Northrup Grumman ended and the City began operating and maintaining its CAD system through a contract with Versaterm.
4. The City has the right under its software licensing agreement with Versaterm to operate a remote dispatch center which could be used by the Port for its dispatching needs.
5. As with its previous contract with Northrup Grumman, the City utilizes its Bureau of Technology Services (BTS) to provide technology services related to the Versaterm software.
6. The Port and the City wish to express the terms pursuant to which the Port will use the remote dispatch system.
7. The Port will pay an annual fee ("system charge") established by this agreement for access and use of the City's Versaterm CAD system. In addition, the Port will reimburse the City for the actual cost of CAD service charges that will include without limitation the City's actual costs for programming and system modification and maintenance work requested by the Port.
8. Because the City's costs associated with the Versaterm contract and BTS programming are projected to increase five percent (5%) annually, the parties agree that any annual increases will be reflected in the annual system charge not to exceed 5% of the previous annual established rate, over the term of this IGA.

NOW, THEREFORE, the Council directs:

a. That the Commissioner-in-Charge and Auditor are authorized to execute on behalf of the City an Intergovernmental Agreement between the Port of Portland with the City of Portland Bureau of Emergency Communications (BOEC),

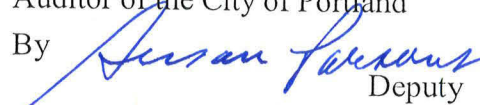

Section 2. The Council declares that an emergency exists because this process of transferring calls via the CAD system should begin immediately. Therefore this ordinance shall be in full force and effect from and after its passage by the Council.

Passed by the Council, **AUG 29 2012**
