Hello Karla,

Thanks for your patience, it's been a hectic weekend.

The topic I want to address is policy related to GMO (genetically engineered food),
This is being brought to municipal & county levels bodies of government.

I need to know how much time I have, how to submit supporting documents,
And any other recommendations or rules I need to know.

Thanks!

That is not my topic. I am running for office for the East Multnomah Soil & Water Conservation District. I am very active in gardens, environmental Justice etc.

I definitely want to be on the list for the 19th, If it is possible to provide my exact topic on Aug 30th that would work best for me.

Please feel free to call me if you'd like to discuss it further.

Thanks!

Kelly

If your topic was about Fluoridation in the Water, that item is being heard on September 6th at 2:00 p.m.

But let me know if you still want to speak on the 19th.
