

ORDINANCE No. 185729

*Grant a temporary, revocable permit to Lucid Energy, Inc. for a renewal energy project in conjunction with the Water Bureau. (Ordinance).

The City of Portland ordains:

Section 1. The Council finds:

1. The Climate Action Plan 2009 (CAP) establishes a 2030 Objective 3, "Produce 10 percent of the total energy used within Multnomah County from on-site renewable resources..." The 2012 Action states, "Facilitate the installation of at least ten megawatts of on-site renewable energy..."
2. The CAP Objective 18 was adopted to "reduce carbon emissions from City and County operations by 50 percent from 1990 levels." Objective 18 also states that by 2012 the objective is to "purchase or generate 100 percent of all electricity required for City operations from renewable resources, with at least 15 percent from on-site...sources."
3. Portland Water Bureau (PWB) and Lucid Energy Inc (LEI) have negotiated a "final term sheet which describes an anticipated agreement" which will allow LEI access to PWB facilities to generate renewable electricity. PWB anticipates potentially receiving financial benefits by sharing in the proceeds from the electricity generation.
4. The LEI project will be located on public property, and will use City renewable resources. The City is requesting a right of first refusal if the generation facility is sold. LEI will sell electricity generated by the project to the local electric utility pursuant to a Power Purchase Agreement. LEI will deliver the environmental attributes of electricity generated at this project to Energy Trust of Oregon under a separate contract.
5. In the Memorandum of Understanding separately entered into between the City of Portland, Portland Water Bureau, Portland Development Commission and LEI, the parties recognized Portland's status as a global leader in clean energy and view their prospective partnership as an opportunity to leverage Portland's leadership in clean and green innovation and extend Portland's expertise in environmental technologies and advanced manufacturing, thereby addressing goals of the City's economic development strategy.
6. The City and LEI have reached final agreement on the terms and conditions of a twenty-year franchise for LEI to use the public right-of-way for a renewable energy project.
7. The City will shortly begin considering approval of the proposed franchise, following the formal Portland City Charter procedure of public notice and hearing. The franchise adoption process will begin with the publication of a notice of the proposed franchise, together with the publication of the entire proposed agreement in the City's official newspaper. The process mandated by the Portland City Charter for adopting a proposed franchise may take up to four months or more from the date of initial publication.

8. LEI has submitted a written request asking the City to proceed with issuing a temporary, revocable permit allowing LEI to immediately begin construction in the right-of-way to install its Facilities to support this renewable energy project. LEI's letter acknowledges that the parties have otherwise reached final agreement on franchise terms and conditions, and identifies an immediate need to begin construction. LEI has accepted that any rights under a temporary, revocable permit will end upon the permit's expiration, if not otherwise superseded by the proposed franchise. A copy of Lucid Energy Inc.'s letter is attached to this Ordinance as Exhibit A and is incorporated by reference.

9. The temporary, revocable permit to be issued under this Ordinance is substantially similar to the terms and conditions set forth in the proposed franchise agreement to be entered into between the City and LEI.

10. Due to the unique nature of LEI's renewable energy project and LEI's proposal for limited use of City Streets, some standard City provisions have been modified to reflect the singular nature of the renewable hydroelectric project.

NOW, THEREFORE, the Council directs:

a. NATURE AND TERM OF GRANT.

1. Issuance.

A. The City of Portland (City), grants to Lucid Energy, Inc., a Delaware corporation qualified to do business in Oregon, and to its successors and assigns as approved by the City under Section 1, a temporary, revocable permit to install, operate and maintain a Renewable Energy System with all necessary Facilities, located within the Streets.

B. Throughout this Permit, the City of Portland, Oregon, shall be referred to as the "City," and Lucid Energy Inc. shall be referred to as the "Grantee."

2. Duration of Permit. The term of this Permit, and all rights and obligations pertaining thereto, shall be effective for either (1) a period of 12 months, as measured from its effective date, or (2) until the City grants a franchise to Grantee and the franchise becomes effective, whichever event occurs sooner.

3. Effective Date. The effective date of this Permit shall be upon passage of the Permit by the City Council unless Grantee fails to file an unconditional written acceptance of this Permit in accordance with Section r herein, in which event this Permit shall be null and void. The passage date of this Permit is set forth on the last page of the original hereof, as stamped by the Council Clerk.

4. This Permit is temporary and revocable, and no expenditure of money, lapse of time, or event, occurrence or other act shall give Grantee any rights, vested or otherwise, to occupy or use the City's streets, or shall operate as an estoppel against, or a waiver by,

the City. Upon expiration of the term of this Permit, or its revocation by the City Council, the Grantee shall remove its Facilities from the City Streets. Any such removal shall be approved by, and to the satisfaction of, the City Engineer.

5. Permit Not Exclusive. This Permit is not exclusive. The City expressly reserves the right to grant franchises, licenses, permits or other rights to other Persons, as well as the right in its own name as a municipality, to use the Streets for similar or different purposes allowed Grantee hereunder.
6. Charter and General Ordinances to Apply. To the extent authorized by law, this Permit is subject to the Charter of the City of Portland and general ordinance provisions passed pursuant thereto, affecting matters of general City concern and not merely existing contractual rights of Grantee, now in effect or hereafter made effective. Section 10-201 through 10-218, inclusive, of the Charter of the City of Portland, (1942 compilation, as revised in part by subsequent amendments), are hereby incorporated by reference and made a part of this Permit, to the extent authorized by law. Nothing in this Permit shall be deemed to waive the requirements of the various codes and ordinances of the City regarding permits, fees to be paid or the manner of construction.

2. Faithful Performance Bond.

- A. Upon the effective date of this Permit, the Grantee shall furnish proof of the posting of a faithful performance bond or irrevocable letter of credit or other form of guaranty running to the City, with good and sufficient surety approved by the City, in the penal sum of One Hundred Thousand dollars (\$100,000), conditioned that the Grantee shall well and truly observe, fulfill, and perform each term and condition of this Permit. Grantee shall pay all premiums or other costs associated with maintaining any such guaranty, and shall keep the same in full force and effect at all times throughout the

like of this Permit, including, if necessary, the time required for removal of all of Grantee's Facilities installed in the City's Streets. The guaranty shall be conditioned that it shall not be terminated or otherwise allowed to expire without thirty (30) days' prior written notice first being given to the City Auditor. The adequacy of the guaranty shall be reviewed and approved as to form by the City Attorney as to its adequacy under the requirements of this Section. - B. During the term of this Permit, Grantee shall file with the City Auditor a duplicate copy of the bond or irrevocable letter of credit along with written evidence of payment of the required premiums. However, in no event shall the City exercise its rights against the performance bond or irrevocable letter of credit under Section d.2.A if a bona fide, good faith dispute exists between the City and the Grantee.
- 3. Construction Bond. At all times during which Grantee is constructing, repairing, replacing or maintaining its Facilities in the Streets, Grantee shall comply with the requirements for right-of-way permits established by applicable Portland City Code and implementing regulations in effect as of the date of this Permit, along with any revisions implemented by the City during the term of this Permit, for providing construction bonds or other forms of financial guaranty satisfactory to the City.

e. COVENANT TO INDEMNIFY AND HOLD THE CITY HARMLESS.

1. Indemnification

- A. Indemnification – General. Grantee agrees and covenants to indemnify, defend and hold the City, its officers, agents and employees, harmless from any claim for injury, damage, loss, liability, cost or expense, including court and appeal costs and attorney fees or expenses, arising from any casualty or accident to person or property by reason of any construction, excavation or any other act done under this Permit, by or for Grantee, its agents or employees, or by reason of any neglect or omission of Grantee to keep its Facilities in a safe condition, but not if arising out of or by reason of any negligence or willful misconduct by the City, its officers, agents or employees. The City shall provide Grantee with prompt notice of any such claim which Grantee shall defend with counsel of its own choosing and no settlement or compromise of any such claim will be done by the City without the prior written approval of Grantee. Grantee and its agents, contractors and others shall consult and cooperate with the City while conducting its defense of the City.
- B. Indemnification – Relocation. Grantee agrees to indemnify the City for any damages, claims, additional costs or expenses assessed against or payable by the City arising out of or resulting, directly or indirectly, from Grantee's failure to remove, adjust or relocate any of its Facilities in the Streets in a timely manner in accordance with a relocation schedule furnished to Grantee by the City Engineer, unless Grantee's failure arises directly from the City's negligence or willful misconduct.

- C. Indemnification – Hazardous Substances. Grantee agrees to forever indemnify the City, its officers, agents, and employees, from and against any claims, costs, and expenses of any kind, whether direct or indirect, pursuant to any state or federal law, statute, regulation, or order, for the removal or remediation of any leaks, spills, contamination, or residues of Hazardous Substances, directly attributable to Grantee's Facilities in the Streets.

f. CONSTRUCTION AND RESTORATION OF STREETS.

1. Permits.

- A. Subject to applicable regulations of the City and the terms of any agreement with the Water Bureau, Grantee may perform all necessary construction to install, operate, and maintain its Facilities. Regardless of who performs the installation and/or construction, all construction and maintenance of any and all Grantee's Facilities within the Streets shall be and remain the Grantee's sole responsibility. Grantee shall apply for and obtain all permits necessary for installation and/or construction of any such Facilities, and for excavation and laying of any Facilities within City Streets. Grantee shall pay all applicable fees due for Bureau of Transportation permits. In the event that emergency repairs are necessary for Grantee's underground Facilities in the Streets, Grantee shall immediately notify the City of the need for such repairs. Subject to the terms of any agreement with the Water Bureau, Grantee may immediately initiate such emergency repairs, and shall apply for appropriate permits the next business day following discovery of the emergency. Grantee must comply with all Charter and ordinance provisions relating to such excavation or construction, including the payment of permits or license fees.

- B. Maps. As the Grantee's construction in the Streets is completed, Grantee shall provide the City with maps showing the location of its installed Facilities in the Streets, as built. Such as-built maps shall be in a form acceptable to the City Engineer.

2. Locates. Grantee shall comply with the requirements of the Oregon Utility Notification Law, ORS Chapter 757, and the related administrative regulations in OAR Chapter 952.
3. Relocation. Grantee shall relocate its System within the Streets when public convenience requires such change, in compliance with the requirements of applicable Portland City Code and implementing regulations, and the expense thereof shall be paid by Grantee.
4. Additional Facilities Subject to Permit. Within thirty (30) days of Grantee's acquisition of any System Facilities in the Streets, or upon any addition or annexation to the City of any area in which Grantee retains any such Facilities in the Streets, the Grantee shall submit to the City a written statement describing all Facilities involved, whether authorized by franchise, license, permit or any other similar form of right granted by the City, and specifying the location of all such Facilities. At the City's sole option, as

expressed by ordinance adopted by the City Council, such acquired Facilities shall be subject to the terms of this Permit, with a reasonable period of time provided to Grantee to bring such acquired Facilities into compliance with this Permit.

5. Restoration of Streets. Grantee shall, after construction, maintenance or repair of Facilities, leave the Streets in as good or better condition in all respects as it was before the commencement of such construction, maintenance or repairs, excepting normal wear and tear in strict compliance with the requirements for right-of-way permits established by applicable Portland City Code and implementing regulations, and the expense thereof shall be paid by Grantee.
- g. RESERVATION OF CITY STREET RIGHTS. Nothing in this Permit shall be construed to prevent the City from constructing sewers, grading, paving, repairing and/or altering any Street or laying down, repairing or removing water mains or constructing or establishing any other public work or improvement. All such work shall be done, insofar as practicable, so as to not obstruct, injure or prevent the unrestricted use and operation of Grantee's Facilities of the Grantee under this Permit. However, if any of the Grantee's Facilities interferes with the construction or repair of any Street or public improvement, including construction, repair or removal of a sewer or water main, the City may direct Grantee to relocate as provided in Section f.3.
- h. STREET VACATION. Upon receipt of any request for vacation of any Street or portion thereof used by Grantee, the City shall provide the Grantee with the standard notice provided for street vacations. If any Street or portion thereof used by Grantee is vacated by the City during the term of this Permit, unless the City Council specifically reserves to Grantee the right to continue its installation in the vacated Street area or Grantee secures such right from the third party that will have title to the area in which Grantee has its Facilities, Grantee shall, without expense to the City, remove its Facilities from such Street, restore, repair or reconstruct the Street area where such removal has occurred, and place the Street area in such condition as may be required by the Council, which shall be no worse than the condition of such Street immediately prior to removal. In the event of failure, neglect or refusal of Grantee, after thirty (30) days notice by City Council, to repair, improve or maintain such Street portions, the City may do such work or cause it to be done, and the direct cost thereof, as found and declared by City Council, shall be entered in the Docket of City Liens against any property of Grantee which City may choose, and such lien shall be enforced in like manner and with like effect as other liens entered in such docket. The City shall make reasonable efforts to assist Grantee in identifying potential available alternative locations within the Streets, or, if requested by Grantee, will cooperate with Grantee's efforts to secure an alternate location in the vacated Street area from the third party that shall have ownership after vacation.
- i. MAINTENANCE OF FACILITIES. Grantee shall provide and put in use any measure reasonably necessary to control Grantee's Facilities to prevent injury to the City's property or property belonging to any Person within the City. Notwithstanding the foregoing, it shall not be a breach of this Section i if such injury is not reasonable foreseeable by Grantee. Grantee, at no expense to the City, shall repair, renew, change and improve said Facilities and

equipment from time to time as may be necessary to meet the requirement of Section i. Grantee shall not require any customer (except the City) or any entity franchised or licensed by the City to install electric lines or cables in, under or over the Streets in order for such customer or entity to connect with or receive service from Grantee's System. The System constructed, owned or controlled by Grantee shall be of good quality and workmanship and shall be maintained in good repair and efficiency.

- j. **DISCONTINUED USE OF FACILITIES.** If Grantee intends to discontinue using any Facilities in the Streets, Grantee shall comply with the requirements of applicable Portland City Code and implementing regulations regarding the discontinuation of the use of Facilities.
- k. **HAZARDOUS SUBSTANCES.** As required by the City Code, Grantee shall comply with all applicable local, state and federal laws, statutes, regulations and orders concerning Hazardous Substances relating to its System and Facilities in the Streets. Grantee shall place utility corridor fill and use containment barriers in compliance with the requirements for right-of-way permits established by applicable Portland City Code and implementing regulations.
- l. **ASSIGNMENT, TRANSFER, MERGER, LEASE OR MORTGAGE.**
 - 1. Council Consent. Neither this Permit, nor all or substantially all of Grantee's System located in the Streets by authority of this Permit, shall be sold, leased, mortgaged, assigned, merged or otherwise transferred without the prior written consent of the City as expressed by ordinance, which consent shall not be unreasonably withheld, except to entities that control, are controlled by, or are under common control with the Grantee. Grantee shall give written notice to the City of any transfers to entities under such common control within ten (10) days of such transfers. The City's granting of consent in one instance shall not render unnecessary any subsequent consent in any other instance. Nothing contained in this Permit shall be deemed to prohibit the mortgage, pledge, or assignment of tangible assets of Grantee's System for the purpose of financing the acquisition of equipment for or the construction and operation of Grantee's System, within or outside the City, without the City's consent, but any such mortgage, pledge or assignment with respect to Grantee's System shall be subject to the City's other rights contained in this Permit.
 - 2. Review.
 - A. In determining whether the City will consent to any sale, lease, mortgage, assignment, merger or transfer, the City may inquire into the technical, legal, and financial qualifications of the prospective party. Grantee shall assist the City in any such inquiry. The City may condition any sale, lease, mortgage, assignment, merger or transfer upon such conditions related to the technical, legal, and financial qualifications of the prospective party to perform according to the terms of this Permit, as it deems appropriate. The City shall not unreasonably delay or withhold its consent to any such sale, lease, mortgage, assignment, transfer or merger.

- B. No sale, lease, mortgage, assignment, transfer or merger for which the City's consent by ordinance is required may occur until the successor, assignee or lessee has complied with the requirements of Section d, including, but not limited to, providing certificates of insurance, unless the City Council waives such compliance by ordinance. Within ten (10) days after execution and delivery of any instrument so consented to by the City, Grantee shall file with the City Auditor an executed counterpart or certified copy thereof.
3. Leases. Grantee shall not lease any portion of its System without the City's prior consent as expressed by ordinance. However, and notwithstanding Section 1.1, Grantee may lease any portion of its System in the ordinary course of its business without otherwise obtaining the City's consent by ordinance, so long as Grantee remains solely responsible for locating, servicing, repairing, relocating or removing such portion of its System. A lessee of any portion of Grantee's System shall not obtain any rights under this Permit.
4. Sales.
- A. Notwithstanding Section 1.1, Grantee may sell portions of its System in the ordinary course of its business, without otherwise obtaining the City's consent by ordinance, so long as Grantee complies with the following conditions:
- (1) The sale is to the holder of a current existing, valid franchise, license, permit, or other similar right granted by the City;
 - (2) Within fourteen (14) days of the sale being executed and becoming final, Grantee shall provide written notice to the City, describing the portions of the System sold by the Grantee, identifying the purchaser of the Facilities, the location of the Facilities (in accordance with the requirements of Section f.1.B) and providing an executed counterpart or certified copy of the sales documents;
 - (3) Grantee remains solely responsible for locating, servicing, repairing, relocating or removing its remaining System; and,
 - (4) Within fourteen (14) days of the sale being executed and becoming final, the purchaser of such Facilities shall file written notice to the City that it has assumed sole responsibility for locating, servicing, repairing, relocating or removing the purchased Facilities under the purchaser's current, existing valid franchise, license, permit or other similar right granted by the City. The purchaser shall not obtain any of the Grantee's rights under this Permit.

m. PERMIT VIOLATIONS AND REMEDIES.

1. Remedies for Permit Violations.

- A. In addition to any other rights set out elsewhere in this Permit, the City reserves the right at its discretion to apply any of the following remedies, alone or in combination, in the event Grantee violates any material provision of this Permit, including but not

limited to compensation and maintenance of insurance or performance bonds.

- (1) Impose liquidated damages as provided in Section m.1.C;
 - (2) Recover specific damages from all or any part of the security provided pursuant to this Permit, including without limitation any performance bond, letter of credit or other security, provided, however, the assessment shall be for such amount as the City reasonably determines is necessary to remedy the violation;
 - (3) Commence litigation seeking recovery of monetary damages or specific performance of this Permit, as such remedy may be available;
 - (4) Suspend the Grantee's Permit rights related to the violation, until the Grantee corrects or otherwise remedies the violation;
 - (5) Revoke this Permit.
- B.(1) Grantee shall not be relieved of its obligations to comply promptly with this Permit by reason of any failure of the City to enforce prompt compliance. The City's failure to enforce shall not constitute a waiver of any term, condition, or obligation imposed upon the Grantee under this Permit; nor a waiver of rights by the City or acquiescence in Grantee's conduct. A specific waiver of a particular term, condition, or obligation imposed upon Grantee under this Permit shall not be a waiver of any other or subsequent or future breach of the same or of any other term, condition or obligation. The acts or omissions of affiliates are not beyond the Grantee's control, and the knowledge of affiliates shall be imputed to Grantee.
- (2) Subject to applicable law, the remedies provided for in this Permit are cumulative and not exclusive; the exercise of one remedy shall not prevent the exercise of another remedy, or the exercise of any available rights of the City at law or equity.

C. Liquidated Damages.

- (1) The City and Grantee recognize that delays, expense and unique difficulties may be involved in establishing actual losses suffered by the City and the public as a result of the Grantee's violation of material provisions of this Permit. Instead of requiring proof of actual damages, in circumstances where proof of specific, actual damages would not be feasible, the City and Grantee agree that Grantee shall pay liquidated damages in the following amounts to the City for violating material provisions of this Permit. The parties agree that such amounts are a reasonable estimate by the parties of the actual damage (including increased costs of administration and other damages difficult to measure) the City and the public would suffer in the event of Grantee's breach of such provisions of this Permit.

- (2) Subject to Grantee's right to notice and the opportunity to cure as provided in Section m.2, if the City determines that Grantee has violated any material provision of this Permit, the City may assess liquidated damages of \$1,000. Liquidated damages will be assessed by the City on a per day or per violation basis or other reasonable measure based on the magnitude and duration of the breach.
 - (3) The liquidated damage amounts are stated in 2011 dollars and shall be adjusted each year for any increase in the amount of change in the Consumer Price Index for urban age earners and clerical workers for the Portland, Oregon metropolitan region for the prior year, unadjusted for seasonal variations, as determined by the Bureau of Labor Statistics of the Department of labor and as published in such Bureau of Labor Statistics' Detailed Report (CPI). The adjustment will be calculated by multiplying the base liquidated damages amount by the ratio of 1) the average CPI for January through June of the current Year, to 2) the average CPI for January through June of the prior Year.
 - (4) The assessment and recovery of liquidated damages will not constitute a waiver by the City of any other right or remedy it may have under the Permit or applicable law, including its right to recover from Grantee any additional damages, losses, costs and expenses that are incurred by City by reason of the breach of this Permit. The assessment and recovery of liquidated damages for a particular violation will substitute for the recovery of actual damages for the period of the assessment.
 - (5) Each violation of any material provision of this Permit shall be considered a separate violation for which separate liquidated damages may be imposed. Enumeration of material Permit provisions set forth in Section m.1 is not exhaustive and shall not be invoked under any guideline for contract interpretation to narrow the scope of other material terms, violation of which would be a material breach of this Permit. Any liquidated damages for a specific franchise violation may be imposed upon Grantee. Thereafter, if Grantee has not cured or commenced to cure the alleged breach to the satisfaction of the City, the City may pursue any other remedies available under this Permit or applicable law.
 - (6) The City may determine that the actual and potential damages are capable of being ascertained, taking into account the nature and extent of the violation, the associated costs administrative enforcement by staff, and the harm to the public. In those circumstances, the City may seek the recovery of the ascertained, determinable damages arising from the violation.
- D. In determining which of the remedies available under this Permit is appropriate, the City may consider, among other things: (1) the nature and extent of the violation; (2) whether Grantee has had a history of similar violations; (3) the Person burdened by the violation and the cost of remedying the violation; (4) the nature of the remedy required in order to prevent further such violations; and (5) such other factors as the City may deem appropriate.

E. The City may shorten the term of this Permit or revoke this Permit in the manner described in Sections m.1.A(5) and (6) upon the occurrence of any of the following acts or events:

- (1) Any failure to comply with the requirements of Section d of this Permit, including but not limited to, any failure to provide uninterrupted insurance or performance bonds;
- (2) Grantee is found by a court of competent jurisdiction to have practiced any fraud or deceit upon the City; or
- (3) Grantee fails to obtain and maintain any permit required by any federal or state regulatory body in order to own and operate the System.

F. In addition to its other rights and remedies as set forth in this Permit, the City shall have the right to revoke this Permit after the appointment of a receiver or trustee to take over and conduct the Grantee's business, or the initiation of receivership, reorganization, insolvency or other similar action or proceeding, unless Grantee, its receiver or trustee timely and fully perform all obligations, until such time as this Permit is either rejected or assumed by Grantee, its receiver or trustee.

2. Notice and Opportunity to Cure.

A. The City shall give Grantee thirty (30) days prior written notice of its intent to exercise any of its rights under Section m.1, identifying the reasons for such action.

B. If Grantee removes or otherwise cures to the satisfaction of the City the asserted violation constituting the stated reason within the thirty (30) day notice period, or if cure is not reasonably possible within the thirty (30) day period and the Grantee initiates good faith efforts satisfactory to the City within the thirty (30) day period to cure the asserted violation constituting the stated reason and the efforts continue in good faith, the City shall not exercise its rights under Section m.1.

C. If Grantee fails to remove or otherwise cure the asserted violation constituting the stated reason within the thirty (30) day notice period, or if the Grantee does not undertake and continue efforts satisfactory to the City to remedy the stated reason, then the City may exercise any or all of the remedies available under Section m.1 or such other rights as the City may possess.

3. Removal of Facilities. If the City has revoked this Permit as provided in Section m.1, or if this Permit has expired without being renewed or extended, or in the event of the City's lawful purchase, lease-purchase, condemnation, acquisition, taking over or holding of plant and equipment, all of Grantee's rights under this Permit shall immediately cease and be divested. Thereafter, the Grantee shall at its own expense remove its Facilities

from the Streets and restore the Streets to the standards provided in applicable regulations of the City, except as otherwise:

- A. provided in this Section;
- B. provided by ordinance; or,
- C. in the event of a sale of the Facilities or System to another party who has or obtains a franchise.

In the event of a failure by the Grantee to properly perform such work, then the City may perform the work and collect the cost thereof from the Grantee. The cost thereof shall be a lien upon the system of the Grantee and a set-off against any sums owed Grantee by City.

- n. **RENEGOTIATION.** In the event that any provision of this Permit becomes invalid or unenforceable and the City Council or the Grantee expressly finds that such provision constituted a consideration material to entering into this Permit, the City and the Grantee may mutually agree to renegotiate the terms of this Permit. The party seeking renegotiation shall serve on the other party written notice of an offer to renegotiate. In the event the other party accepts the offer to renegotiate, the parties shall have 90 days to conduct and complete the renegotiation. If both parties agree to renegotiations under this Section, the parties shall proceed in good faith and in a manner that is reasonable under the circumstances.
- o. **EXPIRATION.** Upon the expiration of this Permit, the City shall have the right, at its election, to: (1) renew or extend Grantee's Permit; (2) invite additional proposals and award the Permit to another Person; (3) allow the Permit to expire without further action; or (4) take such further action as the City deems appropriate. Until such time as the City exercises its rights under Section o, the Grantee's rights and responsibilities within the City shall be controlled by the terms of this Permit.
- p. **MISCELLANEOUS**
 - 1. Compliance with Laws.
 - A. Both Grantee and the City shall comply with all applicable federal and state laws.
 - B. Grantee shall comply with all applicable City ordinances, resolutions, rules and regulations adopted or established pursuant to the City's lawful authority.
 - 2. Severability. If any Section, provision or clause of this Permit is held by a court of competent jurisdiction to be invalid or unenforceable, or is preempted by federal or state laws or published regulations, the remainder of this Permit shall not be affected, unless the City Council determines such section, provision, or clause was material to the City's agreement to issue a Permit to the Grantee. All provisions concerning indemnity shall survive the termination of this Permit for any cause. Expiration or termination of this

Permit shall not extinguish, prejudice or limit either party's right to enforce this Permit with respect to any default or defect in performance that has not been corrected.

3. Regulation and Nonenforcement by the City. The City Council shall be vested with the power and authority to reasonably regulate the exercise of the privileges permitted by this Permit in the public interest. Grantee shall not be relieved of its obligations to comply with any of the provisions of this Permit by reason of any failure of the City to enforce prompt compliance, nor does the City waive or limit any of its rights under this Permit by reason of such failure or neglect. Services furnished by Grantee under this Permit shall be rendered using the best practicable commercial methods and practices, insuring the least danger to life and property compatible with good engineering practice.
4. Force Majeure.
 - A.
