

To Mayor Hales and Commissioners,

This is the link to the City's Fluoride Information page on your website.

<http://www.portlandoregon.gov/water/article/411660>

I have pointed out and have requested response from City Council on this matter and further request acknowledgement and a link addition. Despite some updating and revisions to this site page, there has been omission of any reference to our involvement (Clean Water Portland) in its information and history.

In line item 1, second paragraph discussing the Ordinance please insert into the existing copy to read as follows:

“This Ordinance will not be immediately enacted upon due to a citizen petition drive by Clean Water Portland cleanwaterportland.org that garnered enough voter signatures to call for a public vote.”

Please acknowledge receipt of this and that this is being addressed.

Thank you.

Sincerely,

Charlie White
