Hi Karyn -

I can confirm you for the one spot but City Code requires Communications speakers to submit their own request. Rene will have to submit her own request with her name, address, phone number, date she wishes to speak and what it is she will be speaking about.

Hello Karla,

Renee Mitchell and I would like to address council on February 6 after the reading of the Black History Month Proclamation so that we can give some history on our program and describe a few of our events.

Can we take the last two spaces available?

Thank you.

Karyn Hanson

Please see the attached email regarding speakers at Communications for Wednesday, February 6th Council. In the past I had never presented a written request, I was not aware that you needed to perform this task in order to speak before Council.

Karla needs this information right away!

As I stated in my earlier email, speakers have to make their own request...

To sign up for the Communications portion of our agenda individuals must submit their own request in writing. They can email me their name, address, phone number, what it is they will be speaking about and the date they wish to speak.

There are now only two spots left so decide who will be taking them and have them send their request right away.

Karla,

The Black History Month Committee would like to have the Black History Month Proclamation read at Council February 6th, 2013 and would also have three members speak at communications or after the reading regarding Black History Month and the events we have planned. Will this be possible? I understand things could change with Mayor Hales.
