Subject: over flow at 5006 ne 55th ave 97218

Hello I spoke with you on saturday at an open house for the new cully neighborhood park. You had asked that I email you about our flood this last winter. The drain at the SE and SW corner of 55th and Alberta back up, the back up water built up until it crested Alberta once it crested the street it flowed north quickly, the water ran into my yard and a neighbors. Flooding all of my basement via our basement entrance the water also flooded part of the neighbors basement and continued on to a northern neighbors yard who luckily did not have a basement. Hopefully this makes since if not feel free to contact me with any questions. Thanks Tony Henderson
