

## 6.05 FAMILY MEDICAL LEAVE

---

### General

It is the policy of the City of Portland, in accordance with federal and state law, to grant family medical leave to eligible employees. Generally, eligible employees are entitled to up to 12 workweeks of unpaid leave of absence per calendar year except as noted below in the “Reasons for Leave”.

---

### Eligibility for Family Medical Leave

#### Federal Law

##### **Family Medical Leave Act (FMLA)**

Employee must have been employed by the City of Portland for at least twelve (12) months, and worked at least 1250 hours during the 12-month period immediately preceding the leave.

#### State Law

##### **Oregon Family Leave Act (OFLA)**

Employee must have been employed by the City for at least 180 calendar days immediately preceding the leave and have worked for an average of at least 25 hours per week during the 180 days immediately preceding the leave. Employees are eligible for parental leave after being employed for 180 calendar days, without regard to the number of hours worked per week.

##### **Oregon Military Family Leave Act (OMFLA)**

Employee must have worked an average of 20 hours per week for the City on the date OMFLA leave begins.

In determining the 12 calendar months and 180 calendar days, the number of days an employee has been on the payroll are counted, including all paid and unpaid time. The 1250 hours, 25 hours per week, and 20 hours per week minimums are actual hours worked.

---

### Reasons for Leave

Leave may be requested for any of the following reasons:

- **Parental** – leave to care for a child born to or placed for adoption or foster care with the employee. Under OFLA, an employee who uses 12 workweeks of parental leave is entitled to take up to 12 additional workweeks of sick child leave.
  - **Employee Medical** – leave because of the employee’s own serious health condition, which prevents the employee from performing his or her job. This includes pregnancy-related disability and absences from work due to prenatal care. Under OFLA, a woman using pregnancy disability leave is entitled to up to 12 additional workweeks of leave in the same leave year for any qualifying
-

---

OFLA purpose. See [attachment for definition of a serious health condition](#).

- **Family Care Medical** – leave to care for an employee’s family member with a serious health condition. Under the federal law, covered family members include a spouse, child or parent. Under state law, covered family members also include same sex domestic partners, parent-in-laws, grandparents or grandchildren of the employee. Under City policy, covered family members also include opposite sex domestic partners.
- **Sick Child (OFLA only)** – leave to care for a minor child who is ill but does not have a serious health condition and requires home care, provided another family member is not available to care for the child.
- **Military Caregiver Leave (FMLA only)** – leave to care for an injured servicemember who is the employee’s parent, child, or spouse or for whom the employee is the next of kin. Such leave may be taken for up to 26 workweeks in any single 12-month period. Leave to care for a military service member, when combined with all other FMLA leave may not exceed 26 workweeks in a single 12-month period.
- **Qualifying Exigency Leave (FMLA only)** – leave for a qualifying exigency arising out of the fact that the employee’s parent, child or spouse is on active military duty or has been notified of an impending call or order to active duty in the Armed Forces in support of a contingency operation.
- **Oregon Military Family Leave Act** – Leave for a spouse or domestic partner of a member of the Armed Forces, the National Guard, or military reserve who has been called to active duty or notified of impending call to active duty, or who is on leave from active duty. An eligible employee may take a total of 14 calendar days’ leave per call or order to active duty or notification of a leave from deployment.

Employees may not work elsewhere, including self-employment, while on family medical leave.

---

**Family Members employed by the City**

If two family members work for the City, they may take family leave (including parental leave) at the same time unless both work for the same Bureau. Family members employed by the same bureau may not take FMLA or OFLA covered leave (including parental leave) at the same time unless:

1. Approved by the Bureau Director; or
2. One employee needs to care for the other employee with a serious health condition; or
3. One employee is needed to care for a child with a serious health condition and the other employee is suffering from a serious health condition; or
4. Both employees suffer from a serious health condition.

---

**Domestic Partners**

Employees must file either an [Affidavit of Benefit Eligible Dependent Status](#) or a [Statement of Domestic Partnership for Non-Health Benefits](#) in order to take family medical leave due to a serious health condition for a domestic partner. The City of Portland recognizes both same sex and heterosexual domestic partnerships.

---

**Process for Taking and Receiving Family Leave**

Employees who request a leave of absence that may qualify as family leave must fill out a [FMLA/OFLA Leave of Absence Application Form](#) and provide it to their supervisor or responsible administrator in accordance with the notification requirement in this rule.

Upon receipt of an employee's written request for leave or information indicating the employee is requesting family leave, the supervisor or responsible administrator shall provide the employee with a written notice containing information regarding certification requirements, use of accrued leave, benefits and return to work consistent with this rule and federal and state law.

---

**Notice Requirements**

Employees are required to give the City 30 days notice of the need for leave when it is foreseeable (such as in the case of childbirth or non-emergency surgery). If the reason for the leave is unforeseeable, the employee must give the City oral notice as soon as is practicable after the need for leave becomes known to the employee and provide a [FMLA/OFLA Leave of Absence Application](#). Requests for family medical leave must be made to the immediate supervisor or responsible administrator. The request must include enough information to make the supervisor or administrator aware that the employee needs or is seeking family medical leave and the dates for which leave is requested.

An employee seeking Oregon Military Family Leave must provide notice of the intent to take leave within five (5) business days of receiving official notice of an impending call or order to active duty or of a leave from deployment, or as soon as practicable when official notice is provided less than five days from the commencement of leave.

---

**Certification Requirements**

An employee's request for family medical leave due to the serious health condition of the employee or the employee's qualifying family member requires written medical certification from a health care provider as soon as possible but no later than 15 calendar days following a request for certification by the supervisor or administrator. An employee requesting Qualifying Exigency Leave (FMLA) is required to complete a Certification of Qualifying Exigency for Military Leave including written documentation confirming the military member's call to active duty. A copy of the military member's active duty orders is required for an employee requesting Oregon Military Family Leave. See the [City's Certification forms](#).

Employees who use sick child leave on all or any part of three separate days during a leave year may be required to provide a doctor's note on the fourth day or subsequent occurrence of sick child leave within the leave year. The certification may be a doctor's note but it must include the name of the child, dates the child was sick, the opinion of the doctor that the child was sick and required home care, and the doctor's signature.

---

---

A supervisor may request a new medical certification within the leave year under the following conditions:

1. The employee requests extension of leave;
2. Circumstances described by the previous certification have changed significantly; or
3. The City receives information that casts doubt upon the employee's stated reason for the absence.

The cost of any medical verification not covered by insurance or other benefits will be paid for by the City of Portland.

---

### **Eligible Health Care Providers**

#### **Eligible health care providers under FMLA and/or OFLA include:**

- Doctors of medicine or osteopathy who are state licensed
  - Podiatrists, dentists, clinical psychologists, optometrists, chiropractors authorized to practice in their respective states
  - Nurse practitioners, direct entry midwife, nurse midwives, and clinical social workers authorized to practice under state law
  - Christian Science Practitioners listed with the First Church of Christ Scientists in Boston, Massachusetts
  - Any health care provider from whom the City's health plan will accept certification of the existence of a serious health condition to substantiate a claim for benefits
  - Naturopaths
  - Midwives
  - Licensed physician's assistants
- 

### **Intermittent/Reduced Schedule Leave**

Employees may take intermittent leave or work a reduced schedule when medically necessary for the employee's own serious health condition or to care for a family member with a serious health condition.

An employee must make a reasonable effort to schedule treatment for serious health conditions in a manner that does not unduly disrupt City business.

Parental leave must be taken in one uninterrupted period, unless otherwise approved by the employee's supervisor.

Parental leave must be taken within 12 months of the birth, adoption, or placement of the child. Parental leave taken for the purpose of arranging the adoption of a child does not have to be taken in one, uninterrupted period.

---

---

Oregon Military Family Leave and Qualifying Exigency Leave may be taken intermittently.

During a period of intermittent leave, an employee may be transferred to an alternate position (with the same pay) provided that the transfer is voluntary on the part of the employee, and the transfer is consistent with all applicable collective bargaining agreements.

---

**Use of Accrued Paid Leaves  
During FMLA/OFLA  
Leave**

Employees are required to use accrued paid leave, including personal holidays, vacation, compensatory time, management leave and, when applicable, sick leave, prior to a period of unpaid leave of absence. Use of accrued paid leaves will run concurrently with family medical leave. Employees not otherwise covered by a collective bargaining agreement, may, however, reserve a total of 80 hours of combined compensatory and vacation leave for future use.

**Employee Medical Leave**

An employee must exhaust all sick leave, personal holidays, management leave, unreserved vacation leave and unreserved compensatory time before taking unpaid leave.

**Family Care Medical Leave, Military Caregiver Leave, and OFLA Sick Child Leave**

An employee must exhaust their accrued dependent care sick leave (a maximum of 40 hours per calendar year from their sick leave bank), personal holidays, management leave, unreserved vacation leave, and unreserved compensatory time before using any remaining sick leave or taking unpaid leave.

**Parental Leave**

An employee must exhaust all sick leave, personal holiday, management leave, unreserved vacation leave and unreserved accrued compensatory time before taking unpaid leave.

**Qualifying Exigency Leave**

An employee must exhaust all personal holidays, management leave, unreserved vacation leave and unreserved compensatory time before taking unpaid leave.

**Oregon Military Family Leave Act**

An employee must exhaust all sick and unreserved vacation leave and unreserved accrued compensatory time before taking unpaid leave.

In no event may an employee use sick leave under this section to extend family leave beyond twelve (12) workweeks per calendar year.

---

**Continuation of Benefits**

If an employee is eligible and qualifies for Federal Family Medical Leave (FMLA), the City will maintain his or her group health insurance coverage during FMLA leave as if the employee had continued to work.

Any share of health plan premiums normally paid by the employee prior to leave must continue to be paid by the employee during the leave period. If the employee's failure to make the premium payment leads to a lapse in coverage, the City shall upon the employee's return to work, restore the health coverage equivalent to that

---

---

which the employee would have had if leave had not been taken and the premium payments had not been missed, without any waiting period or preexisting condition limitations.

If the leave qualifies only for Oregon Family Medical Leave (OFLA) or the Oregon Military Family Leave Act (OMFLA) continued health care benefits may not be paid for by the City. Employees should check with the Benefits Office to resolve any questions regarding the continuation of health care benefits.

The City may recover premiums paid for an employee's insurance if the employee fails to return after the period of leave to which the employee is entitled has expired unless there is a continuation, recurrence or onset of a serious health condition.

---

### **Return to Work**

When an employee takes leave for his/her own serious health condition, the employee must provide a certification from the employee's health care provider that the employee is able to resume work prior to commencing work. The employee shall be reinstated to his or her former position if the job still exists. Employees are still subject to nondiscriminatory employment actions such as layoff or discipline that would have been taken without regard to the employee's leave. An employee must return to work on the date specified and mutually agreed upon by the parties.

---

### **Timeframe for Leave**

For purposes of determining an employee's family medical leave entitlement, a calendar year period (January through December) shall be used except the leave entitlement to Military Caregiver Leave (FMLA) is based on a single 12-month period beginning the first day of leave and ending 12 months after that date.

---

### **Other Leaves**

Employees who require additional leave from work beyond the leave provided under FMLA and OFLA may request the use of any remaining accrued paid leave or unpaid leave. Such additional leave is granted solely at the discretion of the bureau director, unless otherwise required by law, and the provisions of state and federal law governing family medical leave do not apply, including, but not limited to, continued City-paid benefits unless the employee continues in a pay status during the extension. Employees may also contact supervisors regarding [Catastrophic Leave](#) or [Long-Term Disability](#) or request a [medical layoff](#).

#### **Worker's Compensation**

A leave of absence which qualifies as an accepted workers' compensation claim or an accepted service related disability claim shall not run concurrently with family medical leave, except as required by federal law.

**Attachment A**  
**DEFINITION OF SERIOUS HEALTH CONDITION**

A "serious health condition" means an illness, injury, impairment, or physical or mental condition that involves one of the following:

**1. Hospital Care**

Inpatient care (i.e. overnight stay in a hospital, hospice, or residential medical facility, including any period of incapacity or subsequent treatment in connection with or consequent to such inpatient care.

**2. Absence Plus Treatment**

A period of incapacity of more than three consecutive calendar days (including any subsequent treatment or period of incapacity relating to the same condition), that also involves:

- (1) Treatment two or more times by a health care provider, by a nurse or physician's assistant under direct supervision of a health care provider of health care services (e.g., physical therapist) under order of, or on referral by, a health care provider, or
- (2) **Treatment** by a health care provider on **at least one occasion** which results in a **regimen of continuing** treatment under the supervision of the health care provider.

**3. Pregnancy**

Any period of incapacity due to pregnancy, or for prenatal care.

**4. Chronic Conditions Requiring Treatments**

A chronic condition which:

- (1) Requires periodic visits for treatment by a health care provider, or by a nurse or physician's assistant under direct supervision of a health care provider;
- (2) Continues over an extended period of time (including recurring episodes of a single underlying condition); and
- (3) May cause episodic rather than a continuing period of incapacity (e.g., asthma, diabetes, epilepsy, etc.)

**5. Permanent/Long-term Conditions Requiring Supervision**

A period of incapacity which is permanent or long-term due to a condition for which treatment may not be effective. The employee or family member must be under the continuing supervision of, but need not be receiving active treatment by a health care provider. Examples include Alzheimer's, a severe stroke, or the terminal stages of a disease.

**6. Multiple Treatments (non-Chronic Conditions)**

Any period of absence to receive **multiple treatments** (including any period of recovery therefrom) by a health care provider or by a provider of health care services under orders of, or on referral by, a health care provider, either for restorative surgery after an accident or other injury, or for a condition that would likely result in a period of incapacity of more than three consecutive calendar days in the absence of medical intervention or treatment, such as cancer (chemotherapy, radiation, etc.), severe arthritis (physical therapy), kidney disease (dialysis).

**7. An illness, disease or condition that poses an imminent danger of death, is terminal in prognosis, or requires constant care (OFLA).**

## **EMPLOYEE RIGHTS AND RESPONSIBILITIES** **UNDER THE FAMILY AND MEDICAL LEAVE ACT**

### **Basic Leave Entitlement**

FMLA requires covered employers to provide up to 12 weeks of unpaid, job-protected leave to eligible employees for the following reasons:

- For incapacity due to pregnancy, prenatal medical care or child birth;
- To care for the employee's child after birth, or placement for adoption or foster care;
- To care for the employee's spouse, son or daughter, or parent, who has a serious health condition; or
- For a serious health condition that makes the employee unable to perform the employee's job.

### **Military Family Leave Entitlements**

Eligible employees with a spouse, son, daughter, or parent on active duty or call to active duty status in the National Guard or Reserves in support of a contingency operation may use their 12-week leave entitlement to address certain qualifying exigencies. Qualifying exigencies may include attending certain military events, arranging for alternative childcare, addressing certain financial and legal arrangements, attending certain counseling sessions, and attending post-deployment reintegration briefings.

FMLA also includes a special leave entitlement that permits eligible employees to take up to 26 weeks of leave to care for a covered servicemember during a single 12-month period. A covered servicemember is a current member of the Armed Forces, including a member of the National Guard or Reserves, who has a serious injury or illness incurred in the line of duty on active duty that may render the servicemember medically unfit to perform his or her duties for which the servicemember is undergoing medical treatment, recuperation, or therapy; or is in outpatient status; or is on the temporary disability retired list.

### **Benefits and Protections**

During FMLA leave, the employer must maintain the employee's health coverage under any "group health plan" on the same terms as if the employee had continued to work. Upon return from FMLA leave, most employees must be restored to their original or equivalent positions with equivalent pay, benefits, and other employment terms.

Use of FMLA leave cannot result in the loss of any employment benefit that accrued prior to the start of an employee's leave.

### **Eligibility Requirements**

Employees are eligible if they have worked for a covered employer for at least one year, for 1,250 hours over the previous 12 months, and if at least 50 employees are employed by the employer within 75 miles.

### **Definition of Serious Health Condition**

A serious health condition is an illness, injury, impairment, or physical or mental condition that involves either an overnight stay in a medical care facility, or continuing treatment by a health care provider for a condition that either prevents the employee from performing the functions of the employee's job, or prevents the qualified family member from participating in school or other daily activities.

Subject to certain conditions, the continuing treatment requirement may be met by a period of incapacity of more than 3 consecutive calendar days combined with at least two visits to a health care provider or one visit and a regimen of continuing treatment, or incapacity due to pregnancy, or incapacity due to a chronic condition. Other conditions may meet the definition of continuing treatment.

### **Use of Leave**

An employee does not need to use this leave entitlement in one block. Leave can be taken intermittently or on a reduced leave schedule when medically necessary. Employees must make reasonable efforts to schedule leave for planned medical treatment so as not to unduly disrupt the employer's operations. Leave due to qualifying exigencies may also be taken on an intermittent basis.

### **Substitution of Paid Leave for Unpaid Leave**

Employees may choose or employers may require use of accrued paid leave while taking FMLA leave. In order to use paid leave for FMLA leave, employees must comply with the employer's normal paid leave policies.

### **Employee Responsibilities**

Employees must provide 30 days advance notice of the need to take FMLA leave when the need is foreseeable. When 30 days notice is not possible, the employee must provide notice as soon as practicable and generally must comply with an employer's normal call-in procedures.

Employees must provide sufficient information for the employer to determine if the leave may qualify for FMLA protection and the anticipated timing and duration of the leave. Sufficient information may include that the employee is unable to perform job functions, the family member is unable to perform daily activities, the need for hospitalization or continuing treatment by a health care provider, or circumstances supporting the need for military family leave. Employees also must inform the employer if the requested leave is for a reason for which FMLA leave was previously taken or certified. Employees also may be required to provide a certification and periodic recertification supporting the need for leave.

### **Employer Responsibilities**

Covered employers must inform employees requesting leave whether they are eligible under FMLA. If they are, the notice must specify any additional information required as well as the employees' rights and responsibilities. If they are not eligible, the employer must provide a reason for the ineligibility.

Covered employers must inform employees if leave will be designated as FMLA-protected and the amount of leave counted against the employee's leave entitlement. If the employer determines that the leave is not FMLA-protected, the employer must notify the employee.

### **Unlawful Acts by Employers**

FMLA makes it unlawful for any employer to:

- Interfere with, restrain, or deny the exercise of any right provided under FMLA;
- Discharge or discriminate against any person for opposing any practice made unlawful by FMLA or for involvement in any proceeding under or relating to FMLA.

### **Enforcement**

An employee may file a complaint with the U.S. Department of Labor or may bring a private lawsuit against an employer.

FMLA does not affect any Federal or State law prohibiting discrimination, or supersede any State or local law or collective bargaining agreement which provides greater family or medical leave rights.

**FMLA section 109 (29 U.S.C. § 2619) requires FMLA covered employers to post the text of this notice. Regulations 29 C.F.R. § 825.300(a) may require additional disclosures.**

# Oregon

# FAMILY LEAVE

# ACT

## NOTICE TO EMPLOYERS AND EMPLOYEES

The Oregon Family Leave Act, passed by the 1995 Legislature, requires employers of 25 or more employees to provide their workers with job protected leave to care for themselves or family members in cases of illness, injury, childbirth and adoption.

### When Can an Employee Take Family Leave?

Employees can take family leave for the following reasons:

- ▶ **Parental Leave** during the year following the birth of a child or adoption or foster placement of a child under 18, or a child 18 or older if incapable of self-care because of a mental or physical disability. Parental leave includes leave to effectuate the legal process required for foster placement or adoption.
- ▶ **Serious health condition leave** for the employee's own serious health condition, or to care for a spouse, parent, child, parent-in-law, grandparent, grandchild or same gender domestic partner with a serious health condition. NOTE: Does not include an employee unable to work due to a compensable Workers Compensation injury.
- ▶ **Pregnancy disability leave** (a form of serious health condition leave) taken by a female employee for an incapacity related to pregnancy or childbirth, occurring before or after the birth of the child, or for prenatal care.
- ▶ **Sick child leave** taken to care for an employee's child with an illness or injury that requires home care but is not a serious health condition.
- ▶ **Oregon Military Family Leave** is taken by the spouse or same gender domestic partner of a service member who has been called to active duty or notified of an impending call to active duty or is on leave from active duty during a period of military conflict.

### Who is Eligible?

- ▶ To be eligible for leave, workers must be employed for the 180 day calendar period immediately preceding the leave and have worked at least an average of 25 hours per week during the 180-day period.  
**Exception 1:** For parental leave, workers are eligible after being employed for 180 calendar days, without regard to the number of hours worked.  
**Exception 2:** For Oregon Military Family Leave, workers are eligible after being employed for 180 calendar days and must have worked at least an average of 20 hours per week during the 180-day period.

### How Much Leave Can an Employee Take?

- ▶ Employees are generally entitled to a maximum of 12 weeks of family leave within the employer's 12-month leave year.
- ▶ A woman using pregnancy disability leave is entitled to 12 additional weeks of leave in the same leave year for any qualifying OFLA purpose.
- ▶ A man or woman using a full 12 weeks of parental leave is entitled to take up to 12 additional weeks for the purpose of sick child leave.
- ▶ A spouse or same gender domestic partner of a service member is entitled to a total of 14 days of unpaid leave per deployment after the military spouse has been notified of an impending call or order to active duty and before deployment and when the military spouse is on leave from deployment.

### What Notice is Required?

- ▶ Employees are required to give 30 days notice in advance of leave, unless the leave is taken for an emergency. Employers may require that notice is given in writing. In an emergency, employees must give verbal notice within 24 hours of starting a leave.

### Is Family Leave Paid or Unpaid?

- ▶ Although Family Leave is unpaid, employees are entitled to use any accrued paid vacation, sick or other paid leave.

### How is an Employee's Job Protected During a Leave?

- ▶ Employers must return employees to their former jobs or to equivalent jobs if the former position no longer exists. However, employees on OFLA leave are still subject to nondiscriminatory employment actions such as layoff or discipline that would have been taken without regard to the employee's leave.
