

## 2013 Community Budget Forum Comment Card

Please use this anonymous Comment Card to share any ideas, comments, or suggestions you have about the budget. When finished, please hand to a staff member or drop off at the sign-in table.

Budgeting is difficult, and I know times are hard. This is not the time, though, to disinvest in programs that are proven to help the city long-term.

Please consider ways ~~to~~ to increase revenue and to avoid cuts to essential programs such as SUN (Schools Uniting Neighborhoods), parks and recreation programs, and the Buckman Pool. We've got to invest in our youth!

Thank you, and good luck.

## About Roseway Heights SUN School

---

- Serves students in kindergarten through 8<sup>th</sup> grade.
- Offers **75-80 after-school classes** each term (Fall, Winter, Spring), covering sports, art, music, theater, science, computers, mentoring, and academic enrichment.
- Roughly **300 students (half the school) participate** in these classes each week.
- **Community classes for adults** are offered in the early mornings and evenings.
- Hosts 22 **youth basketball teams** for Portland Parks, including eight all-girl teams.
- Offers a **vibrant summer camp at Glenhaven Park** (NE 82<sup>nd</sup> Avenue and Siskiyou) each year, running for eight consecutive weeks. This outdoor camp provides roughly 960 camp spots for Portland children.
- Serves **5,000 free lunches to the NE Portland community** each summer, as part of the Glenhaven Park summer program.
- The building where Roseway Heights SUN School operates (formerly Gregory Heights Middle School) has a **30-year history of offering community education**.

## Benefits of Roseway Heights SUN School (and other SUN schools)

---

- **Educates children** by providing academic enrichment classes; access to computers; music, art, and theater opportunities; science instruction; physical education; and much more. SUN helps to fill the critical gaps caused by shrinking school budgets.
- **SUN classes and summer camps keep our kids learning, active, and socially engaged** with others. They also provide a **safe haven** for many kids, a place with responsible, caring adults who understand their problems and concerns.
- **Serves as our neighborhood community center.** Having a SUN school in our NE neighborhood means families don't have to get in their cars and drive miles to Dishman or East Portland. Even better, SUN serves 300+ kids right at their school, so **no additional transportation is needed** for after-school programs.
- **Keeps the school building occupied** before and after school hours, maximizing use of the building and helping to prevent crime. Without SUN, the building would sit vacant 15-16 hours a day.
