PUBLIC INVOLVEMENT

8) Was public involvement included in the development of this Council item (e.g. ordinance, resolution, or report)? Please check the appropriate box below: \[\times \text{YES}: Please proceed to Question #9. \] \[\times \text{NO}: Please, explain why below; and proceed to Question #10. \]
9) If "YES," please answer the following questions:
a) What impacts are anticipated in the community from this proposed Council item? This report is to inform Council on the progress of the Technology Oversight Committee (TOC). The community will benefit from the increased accountability and transparency of City technology projects.
b) Which community and business groups, under-represented groups, organizations, external government entities, and other interested parties were involved in this effort, and when and how were they involved? The committee is made up of five public members who were each appointed by a City Council member. These citizens have been involved in creating the committee operating principles and procedures. They reviewed a draft of this report and provided feedback.
c) How did public involvement shape the outcome of this Council item? The five public members each reviewed a draft of the report and provided feedback.
d) Who designed and implemented the public involvement related to this Council item? Each City Council member appointed a citizen member to the committee.
e) Primary contact for more information on this public involvement process (name, title, phone, email): Abby Coppock, Management Analyst, OMF Business Operations, 503.823.6965, Abby.Coppock@portlandoregon.gov
10) Is any future public involvement anticipated or necessary for this Council item? Please describe why or why not. The continued involvement of public members is expected for the duration of this committee.

7. BACKGROUND/ANALYSIS

On February 2, 2011, City Council approved Resolution #36844 to create an independent citizen committee for specific City of Portland technology projects. By July 2011, City Council had approved changes to City Code and BTS Administrative Rules to establish Technology Project Oversight including the Technology Oversight Committee (TOC). The TOC has been meeting monthly since September 2011. Processes have been created for early and continued technology oversight by an independent five-member citizen body for the purpose of increased transparency and accountability. The TOC is responsible for preparing quarterly reports. The Chief Administrative Officer has submitted this quarterly report covering TOC activity from January – April 2013 for City Council to accept.

During the time of the report, the TOC was providing oversight on five projects: the Bureau of Development Services' Information Technology Advancement Project (ITAP); the Water and Revenue Bureaus' Monthly Billing Statement Project; the Portland Housing Bureau's Affordable Housing Software project; and the Bureau of Technology Services' Enterprise Network Technology Refresh.

8. FINANCIAL IMPACT

None

9. RECOMMENDATION/ACTION REQUESTED

Accept report.
