GRANT PROJECT APPLICATION

RECEIVED

JUN 17 2013

Project No: SC-13-35-11 PPB

Project Name: Portland Police Speed Grant

Answer each question in the boxes provided. Answer each question completely and according to the instructions in *Italics*. All fields are required.

I. Project Description

This project will provide enhanced multi-unit traffic enforcement following the selective traffic enforcement concept to the Portland Police Bureau. The Traffic Division will determine the top speed involved crash locations within the city from ODOT provided data and focus Multi-Unit enforcement.

II. Problem Statement

- A. Describe the problem(s) this project will try to impact:
(Describe the problem(s) you intend to impact with this grant.)

40% of the 250 traffic deaths in Region 1 2009-2011 were in speed related crashes. Reductions in crashes can be accomplished by enhancing the driver's perceived risk of a citation on a given roadway with multi-unit enforcement visibility in a consistent, focused, rotating enforcement pattern on different roadways. Multi-Unit enforcement missions receive a higher level of attention by the motoring public as well as the media.

- B. Provide summary data about the problem(s):
(Give summary data regarding the problem as it exists in your jurisdiction.)

In 2009-2011 34 people were killed and 93 seriously injured in speed involved traffic crashes in Portland. These were 36% of the speed involved fatal crashes, 31% of the speed involved serious injury crashes in Region 1's four counties.

- C. List current activities and associated agencies already involved in solving the problem(s):
(Include all related activities and agencies involved. If you have a current project, list the objectives of that project and progress in achieving them.)

Currently, the Portland Police Bureau has 43 officers / sergeants who could potentially work the work the overtime speed enforcement details in a multi-unit, high visibility, focused manner.

III. Objectives

(Describe quantifiable products or outcomes that address those problems identified in Section II that should result from the proposed activities. Normally at least three very specific objectives should be given and each should include beginning and ending date.

The following are examples:

"To increase safety belt usage in (funded jurisdiction) from 85% to 90% by September 30, 2004, with the use rate determined by conducting observed use surveys."

"To reduce nighttime fatal and injury crashes occurring in (funded jurisdiction) by 20% from 60, the average for the 1998-2001 period, to 48 during the 12-month period starting October 1, 2003, and ending September 30, 2004."

"To provide intensive probation supervision to a minimum of 30 additional persons convicted of DUII in (funded jurisdiction) by making at least three face-to-face contacts with each person weekly from October 1, 2003, through September 30, 2004."

"To complete an evaluation by July 1, 2004, to determine if using photo radar will lead to a significant reduction in fatal and injury traffic crashes in that location."

	Start Date	End Date	Objective
1.	4/15/2013	9/30/2013	To reduce serious injury crashes and fatalities due to speed in Portland.
2.			

IV. Proposed Activities

- A. Major Activities
(List major activities to be carried out to achieve objectives stated in Section III above. List the start and end date for each activity, and include in your description what will be done, who will do it, and who will be affected.)

	Start Date	End Date	Activity
1.	4/15/2013	6/28/2013	Review and select top speed related crash locations from data provided by ODOT, with PPB team input. Coordinate enforcement locations, timelines and create draft enforcement schedule. Submit to team and provide enforcement schedule to ODOT via email.
2.	4/15/2013	6/28/2013	Review/edit provided standardized reporting form which includes: 1) Location Worked 2) Number of Stops, Citations, Warnings 3) Speeding 4) Follow Too Close (see attached sample DAT form).
3.	4/15/2013	6/28/2013	Within 30 days of grant execution by TSD, PPB will confirm via email that patrol supervisors are aware of the focus and grant requirements, and the goal to work toward three enforcement contacts per hour of overtime worked by each individual.
4.	4/15/2013	9/30/2013	Ensure that PPB units only work during coordinated / pre-planned details and at specific locations.
5.	4/15/2013	9/30/2013	Invite media or provide necessary media releases on enforcement projects (at agency discretion). Provide copies of articles to TSD. Provide post enforcement report for each detail.
6.	4/15/2013	9/30/2013	Ensure timesheets and stats are gathered at the end of each detail from each participating member. Ensure capture of all information contained on the data form (see activity #2).
7.	4/15/2013	9/30/2013	Ensure timesheets and stats are gathered at the end of each detail from each participating member. Ensure capture of all information contained on the data form (see activity #2).
8.	4/15/2013	9/30/2013	Within two weeks of completion of each overtime detail, prepare and distribute enforcement results report to TSD via email. Copy PPB grants.

Plans for sharing the project activities with others:

This project requires Multi-Unit Enforcement (within the same city) and coordinated / planned enforcement projects.

B. Coordination

(List the groups and agencies with which you will be cooperating to complete the activities of the project. Explain how you will be working together. In those projects not requiring the involvement of other agencies, a statement justifying the ability of the applicant to carry out the project independently should be included.)

Is coordination with outside agencies or groups required? If **yes**, check here:

1) If you checked the box above, please fill in the following. Otherwise skip to item 2) below:

Name/role of groups and agencies involved:

--

2) Fill this if you did not check the box above:

Ability to complete the project independently:

The Portland Police Bureau Traffic Division possesses the staffing and ability to complete the grant without utilizing outside agencies for assistance.

C. Continuation

Plans to continue the project activities after funding ceases:

This goal of this grant is to reduce speed related crashes in Region 1. ODOT will review this program annually to determine future locations and agency participation.
--

V. Evaluation Plan

A. Evaluation Questions

(You will be reporting on your objectives in your Project Evaluation. At a minimum each objective should be rephrased as an evaluation question. For example, what percentage of the public in (funded jurisdiction) wears a safety belt? What percentage increase is this? Add questions that demonstrate expected or potential impact of the project on the state or jurisdiction's traffic safety environment. Avoid yes/no evaluation questions.)

Evaluation Question	
1.	Articulate what criteria were used to select locations for enforcement focus and how these were based on provable data.
2.	Describe priority locations and enforcement schedules. Provide specific detail on at least three locations individually as a sub-report.

3.	Provide a standardized reporting form including date and roadway worked, individual officer hourly overtime rates, total billed, and other reporting requirements.
4.	Describe (and provide samples if applicable) the media outreach completed which advertised post enforcement results and roadways targeted. Provide any written citizen input for/against these types of details (if applicable).
5.	Provide video or digital images showing at least three details in progress.
6.	Report and comment on average enforcement contacts achieved per hour of OT worked vs. goal of 3. Note: in calculating this, subtract hours for the scribe, dispatch, or reserve officer that fall under support functions or not otherwise a primary unit.

B. Data Requirements

1. Data to be collected: The Data Table presented as Exhibit A will be submitted with required quarterly reports.
2. Data System

Describe how the data will be collected, stored, and tabulated:

Submit total hours worked, roadways worked, and a calculated summary of traffic stops and citations issued on the primary violations specified under activity #2; PPB can choose to add additional violations. Provide in Excel compatible format.

C. Evaluation Design

Describe how the data will be analyzed:

TSD will analyze the data provided to ensure that grant requirements are met. Additionally, TSD will review crash data for selected locations in an effort to determine project success on reducing crashes, serious injuries, and deaths, at those locations.

D. Project Evaluation Preparation

A Project Evaluation Report will be submitted to TSD following the requirements given in the Agreements and Assurances.

No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.
3. The undersigned shall require that the language of this certification be included in the award documents for all sub-award at all tiers (including subcontracts, subgrants, and contracts under grant, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code.
