Hello Matt,

Thank you for your request to address the Portland City Council. The first opening for a three minute Communication spot is 9:30 a.m., Wednesday, February 5th. Let me know if this date will work for you.

Also, City Code requires all testifiers to submit their own written request. Tadele will have to send in his own request to speak. It should include his name, address, phone number, date he wishes to speak and topic.

Let me know as soon as possible as we only allow the first five people who sign up to speak.

12/23/2013

Regards,
Karla

Subject: Addressing City Council during Wednesday meeting

Hello Karla,

Tadele Gelagay from St. Mary Ethiopian Church and I would be interested in addressing City Council about continued funding for green infrastructure as a cost-effective way to improve community livability and achieve a healthier environment.

The St. Mary Church and Johnson Creek Watershed Council worked together with Green Lents and Depave to install a bioswale to reduce flooding in the church and improve Johnson Creek water quality. We feel the project is a good example of why the City should continue its investment in green infrastructure through its Grey to Green program, and would like to share this message briefly with the City Council.

Please let me know how to go about scheduling a time to address City Council during the Wednesday communication section of their meeting.

Thanks and have a happy holiday!

Matt
