b) Which community and business groups, under-represented groups, organizations, external government entities, and other interested parties were involved in this effort, and when and how were they involved?
c) How did public involvement shape the outcome of this Council item?
d) Who designed and implemented the public involvement related to this Council item?
e) Primary contact for more information on this public involvement process (name, title, phone, email):
10) Is any future public involvement anticipated or necessary for this Council item? Please describe why or why not.  Yes. BES will provide focused outreach to beta test the utility of the Flood Inundation Mapping website. As the project develops BES will utilize the Johnson Creek Watershed Council, existing mailing lists, and meet with local neighborhood associations to update and inform people about the website and how to use it. This outreach is necessary so that people who live or work in the floodplain are aware of possible upcoming flood risks.
