Subject: Request to address Council on 3/12/14

Karla and Susan,

I would like to request a brief address to the Mayor and City Council Wednesday March 12th to discuss the current and future impact that marketing and manufacturing the Portland Loo locally has to the success of Portland businesses, advocate groups and the City itself.

The Portland Loo project was spear headed by Commissioner Randy Leonard in 2007 and supported by City Council over the last 7 years and it has had a significant positive impact that may not be known by all of the current Council Members and/or Mayor Hales. I would only need a few minutes to present some hands on information about the success of the Portland Loo to Council and the requirements for its continued success moving forward. I have invited other business partners, Loo advocates and both public and government supporters who have been instrumental in developing and sharing in the success of the Portland Loo project. If it's necessary to give council some indication of the numbers of attendees who will there, I'll try and get an accurate count after you confirm the address date.

Thanks for your consideration in allowing me time at the Wednesday March 12th council meeting to make this brief address.

Regards.

Greg Madden

President
