### For the hearings:

- Staff presentations at the beginning of the session will be very brief, about 10 minutes, and will provide a quick overview/reminder of the CP and will highlight the focus topic for the session.
- While there is a focus topic for each hearing, anyone who wants to speak on any CP topic can provide their input at any meeting.
- We will not have invited testimony.

Staff will provide PSC members with a worksheet to keep track of comments during the hearings.

Staff will produce a “what we heard” memo to share with the PSC at the November 18 work session, as well as a draft of the memo from the PSC directing staff to make edits to the CP. The PSC will provide input then confirm direction for staff to make edits to the CP before returning in early 2015 for a final review work session(s).
