Subject: Speaking to council on June 18, 2014

I'd like to speak to council on June 18th, 2014. However, it's most important that I speak on a day when Commisisoners Saltzman and Fish and the Mayor are present, so if any of them are absent that day, please choose a day when they will be present.

I will be speaking on Portland's history as a the USA model for city planning, and about how our ignorance of the long-term plan, Randy Leonard's gutting of the planning commission, and the lack of design review and neighborhood input are quickly leading to the Detroit-ification of Portland. I'll be asking council to immediately adopt public design review for all new construction, and that the adoption and funding of a comprehensive plan become a priority.

Thank you,
Michael Van Kleeck
