This application was submitted on May 28, 2014 and determined to be complete on **July 11, 2014**.

DECISION MAKING PROCESS

The Bureau of Development Services will be making a recommendation on this proposal; our report and recommendation will be available 10 days before the hearing. The Staff report will be posted on the Bureau of Development Services website. Look at www.portlandonline.com. On the left side of the page use the search box to find Development Services, then click on the Zoning/Land Use section select Notices and Hearings. Land use review notices are listed by the District Coalition shown at the beginning of this document. The file and all evidence on this case are available for your review by appointment only. Please call the Request Line at our office, 1900 SW Fourth Avenue, Suite 5000, phone 503-823-7617, to schedule an appointment. I can provide some information over the phone. Copies of all information in the file can be obtained for a fee equal to the cost of services. Additional information about the City of Portland, city bureaus, and a digital copy of the Portland Zoning Code is available on the internet at <http://www.portlandonline.com/auditor/index.cfm?c=28197>

The neighborhood association, listed on the first page of this notice, may take a position on this application and may have scheduled an open meeting prior to making their recommendation to the Bureau of Development Services. Please contact the person listed as the neighborhood contact to determine the time and date of this meeting.

We are seeking your comments on this proposal. The evidentiary proceeding before the Design Commission will be the only opportunity for the parties to submit oral and written evidence in this matter. Any appeal to the City Council will be limited to legal arguments concerning the Design Commission decision and the evidence in the record compiled by the Design Commission in support of that decision.

To comment, you may write to the Bureau of Development Services, 1900 SW Fourth Ave., Suite 5000 or FAX your comments to 503-823-5630; or you may testify at the hearing. In your comments, you should address the approval criteria. Please refer to the file number when seeking information or submitting testimony. Written comments must be received by the end of the hearing. The applicant and Planning staff will be at the hearing to answer questions and respond to comments. The general order of appearance for oral testimony at the hearing is as follows: Bureau of Development Services staff report, applicant testimony, testimony of interested parties

who wish to ask questions or testify, staff response and closing comments, and applicant's closing comments. The Design Commission will make a decision about this proposal at the hearing or will grant a continuance.

Comments for a Design Review or Historic Design Review should be sent directly to the Planning staff listed in this document.

The applicant and proponents have the burden of proof to show that each and every element of the approval criteria are satisfied. In order to prevail, the opponents must persuade the Design Commission to find that the applicant has not carried the burden of proof with regard to one or more of the approval criteria. The opponents may also explain to the Design Commission how or why the facts asserted by the applicant are not supported by evidence in the record. Opponents may wish to recommend conditions of approval which will make the proposal more acceptable, if approved.

Prior to the conclusion of the hearing before the Design Commission, any participant may request an opportunity to present additional evidence or testimony regarding the application. If such a request is made, the record will be held open for seven days to receive the new evidence and the record shall be held open for at least an additional seven days to provide the other parties an opportunity to respond to that new evidence.

ORS 227.178 states the City must issue a final decision on Land Use Review applications within 120-days of the application being deemed complete. The 120-day review period may be extended at the request of the applicant.

APPEAL PROCESS

You can appeal the Design Commission decision to City Council. However, the appeal to City Council will be conducted as an on-the-record review of the Design Commission decision. The City Council will consider legal arguments (for example arguments pointing out ways the Design Commission decision improperly interprets or applies relevant approval criteria). The City Council will also consider arguments that the Design Commission findings are not supported by the evidence submitted to the Design Commission. However, the City Council will not accept or consider new evidence that was not submitted to the Design Commission.

A fee is charged for appeals. Recognized neighborhood associations may qualify for an appeal fee waiver. City Council's decision may be appealed to the Oregon Land Use Board of Appeals (LUBA).

Failure to raise an issue, in person or by letter, by the close of the record by the Design Commission in this case may preclude an appeal to LUBA on that issue. Also, if you do not provide enough detailed information to the Design Commission, they may not be able to respond to the issue you are trying to raise. In such a situation, an appeal to LUBA on that issue may not be allowed.

Thank you for any information you can provide to help us make this decision. Please call me if you have any questions. My name and number are on the first page of this notice.
