Gate {8, 50}	Schisms {8, 40}	Wrestling {28, 46}

Love divides

In Revelations a Star called Wormwood fell upon a third part of the Rivers and upon the Fountains of the Waters and became bitter. All over throughout the Scriptures Bitterness and Wormwood signify lust. *Rise Star* is people dealing with their own sexuality. What happens to people in a *6th hour* when Love grows cold generationally? We divide the physical forms of Love from our ideas of it by Judgments. Sex becomes different than Love and conditional. All the rest of relations compared to our narrow view of Love we curse as shameful. Knowing only our version, all else stay foreign. We become cold to advances of others and the physical need of Sexual Love turns into bargaining chips. We literally boil ourselves into a famine of Love, Word and Will.

Thermostat signs

God has a natural *Thermostat* to deal with this coldness his people have toward each other. The Judgment of *God Ark's* in the Body through *Signs*, Fallen Flesh, rapes and other sexual issues like a drowning victim threshing the water for air. In a Society with more adultery and rape, the colder divided Love is.

Nor Road

The Governing Bodies with the Churches have Protective Services when Sexual Abuse questions arise in our Communities. They put the suspects in Secret Programs. A Regulative Investigative Box will control all relationships to and from a suspect. They start cutting off the Love in the suspect's environment forcing a famine physically and emotionally. Like a corridor of cold shoulder I call "*Nor Road*" that leads to the only advertised Loving attention, from a luring child usually Foster Children. Two *bated* children in competition will play a *Game* to see which one of them can win the most attention of these suspects at the end of this *Nor Tunnel*. Sometimes it's just one

female in partnership with another male. The *Game* of which of two males can win the affections of the female is then played with the unknowing suspects inevitable lose to the other male. If these tactics do not work they take a woman who pretends to Love the suspect that has a young daughter or sister. When the suspect believes he is in a Loving relationship and becomes cornered like moving in together, for example. Then they revert back to *Nor Road* with little daughter or sister ready as *Bate*. I call this the "*Pass Off*".

Stumbling Block

All this is based on what I call a "*Stumbling Block*" Philosophy Testing System with main focus to deter Crime with Punishment. It only pushes toward the *Reflection* and set up to completion of crime with no teaching and training of co-existence. Our Systems are designed to make money off the destruction of Society. Puts some in Prison, scares others to Moral Conditioning places like Churches and Criminal Activities are marketed on the evening News to assuring Tax Payers thousands a week going for the Jailhouse beds. The bases of all our Investigative, Undercover and Informant Systems are off this Philosophy. An example would be Arrests of Drug Dealers by drug dealing. Drug Dealer Agents selling on the street, having the customers followed to later connect with whom else they buy drugs from and setting up Stings.

Churches Marriage Supper of the Lamb

Working alongside with the Protective Services of the Governing *Nor Road* the Churches have another underlining intent. Jesus Christ's return, The Marriage Supper of the Lamb a Holy Union between the Lion of Judah Child King and an Adult with the Revelation *Foundation*. Like the Freeing of Black Slaves or Women's Liberation it will be Liberation of Children and the *Bondage* created by relational Legalities between adults and children. The reality

imprint of the Catholic Church Payoffs of child molested victims is the biggest *Sign* of this. It's *Veiled* in the Holy Scriptures read last to first, first to last of each word and in the labels Amos, Moses, Chaldeans verse Chal-de-ans, Babylon verse Baby-lon in the King James version label splits. Throughout Scripture it also insinuates this by statements like "eating children in famines", "sacrifice of children to Demons", "a child being in the vipers den with no harm "and "The lion lying down with the lamb".

Systems working against the points of them

The point of the Governmental Protective Service's Secret Programs to protect us from predators and children from sex becomes hypocritical when the use of the *Stumbling Block* Philosophy is combined with the Criminal Justice System and the Church's intent. These Programs become the predator and putting the suspect in a Love Deprived Box speeds up the coldness these types of issues come from in the first place, literally making Sex Crimes and Domestic Violence.

Program causes sexuality in children or abused sick with revenge

In these Programs the children are taught tactics called "*look away from the son*" where the adult faces away in front of a target suspect. Then with the outfit purchased for the job these children move around in a circular formation bending over, spreading their legs and anything to sexually *lure* a suspect. I questioned these *batters*. If the child had not experienced sex how these works prematurely influenced them. These would become works of revenge if they were abused Foster Children. How could that help in any Healing Process? Even more important how they influence or are taught not to influence other children in public places like Schools.

Make Holy

In these Revelations of our Systems and Philosophies I was given

new ones more conducive to all Peace. The Philosophy I call "*Make Holy*" *Sin Offering Altar* like around the *Ark* in the Old Testament. Similar to the *Stumbling Block* Philosophy but instead of the focus on deterring an action by Destructive Punishment, it's an *Offering* for the Freeing of our Flesh in a Truthfully entertaining fashion and open to the public. Professionals helping people from where their questioning may lie through the Process of being less defined by, *Hollowed* of.

Places in community for Education of Make Holy Offerings

What had happened was in our Communities were only Predatory Systems by this *Stumbling Block* Philosophy. All the people would scatter like a hammer smacking water, into hiding places to fester and get worse. Instead of festering somewhere people could gather in distinctive places in our Community like Parks and Downtown areas with *Make Holy Offerings* where anything could be regulated safely even entertaining. When alcohol became illegal in Prohibition for example, it went underground with Gangsters and guns. When it became legal again it turned into from a Priests perspective two important *Altars* for the common good, Bars and Alcoholics Anonymous or AA meetings. You can see now sense 2011 in parks like Waterfront Park in Portland Oregon they are applying my ideas.

Green Field creation

To take care of people's cold dividedness of Love they could have toward each other I made a sociable *Green Field* Group inspired to me from Scripture Book of Revelations with the green grass and Priestly garments. The *Green Field* was created so people can focus on sociability to close the gap of social divisions. To increase compassion of people toward each other so less grow cold or snap in a famine of Love. Those coming out from the desert figuratively or

whom the Community has Sexual abusive inquiry issues. No problem where someone at any age only needs to go talk to someone wearing green publicly anywhere. To the world people in green colored clothing everywhere can start conversations with strangers easier. Otherwise everywhere we relate is determined by position or money, particular place with people doing a particular activity usually costing something.

Green talk about their relational Foundation

Foundational relationships about what they're looking for in relations by their Morals, Traditions and Experiences as the main conversation. To meet, find pleasures to their liking while having instilled the respect needed, Equality and understanding how their Traditional Vows correlate with others.

Green including all, excluding none

Our groups will be on our streets and in our Community Parks focused mainly on each other for free, easy way to include anyone. It will also pour into all other paid events but as a *Base* always returning publicly for free, excluding none.

Division between strangers who want to talk and those who don't

People first walking up to possible *Green Field* groups would initiate the conversation with someone wearing green. If the majority would only start talks with strangers wearing some sort of green apparel then the people not wearing green would have to start the conversation to talk with others. This way after this is established as common Knowledge everywhere, people wanting alone time outdoors would not wear any green apparel. They would get to be alone publically when they wanted too.

Green in the spot light of how they want to relate

Everyone gathering around a green gives them the relation time or at least the focal point of the conversation. If you wear green it means you want to be set up relationally, flirted with or just the

center of attention. If someone in green wanted to hook up more than being the center of attention, all would focus on playing matchmaker to their seeking.

Personal Offerings in Green Field

Helping with self esteem or jealousy issues, a wife or girlfriend can wear the green for a day, the couple playing on the other men giving the woman the extra attention according to needed *Offerings* of the two and even more important is helping others learn the couple's version of relational boundaries and respect. A couple with their children wearing green at any age can be guided along and taught what to look for in relationships, how to be treated and instilled family Customs and Morals. It quickly became a river of people down the streets.

Fountain Offering Dancers

The most important *Altar* I put together was the *Fountain Offering* considering the issue, more like a *convicting* show of Healing. The focus is on three categories of people. One category a two leveled dance for children based on their *Veil* of understanding. First level for all children to learn how to express themselves, the second level *Rise Star* dances for those in and coming to the knowledge of the *Veil*, their sexuality. This way we can incorporate a luder show. More of an art display to help them refrain from intercourse, focusing their passion into dance. These ways properly healing children of abusive pasts or any issue of vengeance.

Healing show for people

Another category was people dealing with children's sexuality, people fearful of their own view or others and Sex Offenders healing. The dancers would build up to a grand finale. First level to second level dance with an increasing degree of ludeness. It would start out looking like regular play of children in the fountains then turn into

obvious organized *luring* of children. A showing of why you looking without words I call "*Blocks*" would be performed by dancers, also indirectly by people standing between a dancer and person of interest blocking their view. Like a personal relationship between someone dancing for me, I would stare to help with individuals mirroring myself. I would sing the Scripture in song form from last to first, first to last. It's *convicting* and breaks the *Spiritual Seals* on ones heart based on their ears understanding. Regular show people could even pay for and people of interest could be guided to the show by the preexisting *Nor Road*. A *lured* one from this whole show would be *convicted* from within according to *conviction* and when they left they would be met by *Waves of Social Green Field matchmakers*.

Governmental Protective Service's Secret Programs Healing

The last category was Governmental Protective Service workers *bating* sex crimes, which probably grow up as *bate* themselves. These workers are divided focusing only to Judge and prosecute what they set up. All that is needed to *Counter Balance the Stumbling Block* Philosophy with the *Make Holy Altar* of Healing and Heal these workers, is to make the *Altar* and keep regular truthful conversation around this *Fountain Offering*.

Social, Altars and the Counter Balance

My congregational work can be separated into three distinct *Social, Altars and the Counter Balance* with the *Make Holy Concept* concerning our Laws. Relationally the main focus which connects all three workings by an order of greatest priority to least, is children, always getting most of my attention depending on Holy Spirit as it should be for all considering they will always be Gods renewable *Ark* source. Priests and Levites must guide *Rise Star* for the beneficial needs for all. A person's Life at that moment determines whether they lead *Firebrands* of evil destruction or to Edification of

those around them. As explained to *Counter Balance* the difference, in Concepts and Laws will be taught cutting off the deceptive divided workings of the Criminal Justice System (Business). We will handle the luring of *Sin or Crime Offerings*. There will not be condemnation division of any *Offered* if possible and all involved will be educated.

Custodial Chaperon

Some like me can be a custodial option to Chaperon their daughters. A man of God's educating and expanding their girl's social spectrum. With more parental guidance determined by choice of Guardian, they will learn how all Princesses should be treated in a relationship. My searching around the *Green Field* for my little dates giving the children the attention they need will also serve the purpose like at the *Fountain Offerings to convict* within those watching with underlying issues if needed, especially the Criminal Justice Business.

Prince of Peace answer, Offering and Well

The *Sin Offering Altars* in Righteousness with no Judgment directed can then with a *lure and hewer* be molded in an environment without being entrapment. The point of completion of a crime is the *Gate* and those falling by the flesh, the *Princes* referred in Scripture. As Cultural defense when Criminal *Schisms* pop up throughout our Society we will surround the issues. Arranging the *Altar works* by the main *Prince of Peace* in Hallowing and Cleansing, determined time by God's Revelation. *Altar to Ark Mercy Seat* Revelation of the Son to shine the real reason and purpose, then the particular Sin is cured as the knowledge *Evening Waves Flow from Ark* to the rest of the people. Then new works of the whole Body begins. It then becomes a *Yearly Offering* or as needed for *Hollowing* unless in addition a significant purpose is needed for it becoming more of a *Well of Righteousness*. The reality check is, this *Testimony* is

from the *Prince of Peace*, is the Cure to the Evil Serpents popping out amongst our people and the regulating *Thermostat* of divided Love. It will become a *Well of the Garden of Eden baring Fruit of the Tree of Life*.

If Police called to Offerings

There will always be *convictions* from within around the *Fountain Altar* concerning children and sexual issues. In fact it is part of the Healing Process. This is a solution if parents and children happened to be there at an *Altar* time and know nothing of the Congregational split off of the *Green Field*. Keep in mind the only people in Righteousness thinking *bate* for child molesters should be children outside of, or coming into the *Veil*. These are ways according to this *Personal Constitutional Writ* and Congregational standards that I would have future Law Enforcement act with if called concerning any *Altar*.

Trespass Offering together with Law Enforcement for those convicted

If the *conviction* within comes from an adult bystander then I would like help from the Officer in explaining to the person that no breaking of the Law was made and if need be I will be happy to explain the *Altar* and how its purpose is to make Cities safer in regard to the *convicted* issues. If a child is *convicted* from within, the Police are to detain me in the usual cuffed fashion in back of the police car, to *Hallow* the child's fear of predators. This way the child feels safe with their Guardians as well as the Law Enforcement concerning emergency response throughout Cities. This opens the *Door* then or later about talking about what dangers could be in the world with the child and their safety precautions. The Officer may need to talk privately with the adult out of ear shot from the child about the religious dramatic play we are doing for educating the outside *Veil* child. In the police car a conversation between the

Police person and me looked upon by the child should happen like a scene to the play. The Officer should then take me in the handcuffs back to the child where I will plead for Forgiveness to test the child's Mercy and Forgiveness. Then I will tell the child I couldn't help but try to talk to them because of their beauty to help the child feel attractive.

Veil from children or those not sexually active

World Offering Well

Certain Congregations or other Organizations will come year after year for this particular Service and in determining when the children will come into their *Veil* naturally. My Scripture song God gave combined with the *Altar* work is the best education of mankind thus far for those to face their *convictions* from within, determination of the Generational *Rise Star Thermostat* and figuring children's *Rise Star Foundation*. The world's best kept secret, is everyone's literally waiting for children to come for physical Love. Who wouldn't Love watching first Love? Like waiting for the tree's *fruit* to ripen so it can be picked. The *Fountain Offering Altar* will become a *Well or Water Holes* symbolized in Scripture.

Can sex become Salvation

Would God use Making Love for the purpose of Salvation? Sex is Marriage; the ring is only symbolism for the real one. The Word by Paul says "because of time they that have wives should be as though

they had none". Have you noticed how two people disliking each other at first, becoming friends later because each had a particular strength the other could use to learn? Even the purest example, the two at each other's throats then fall madly in Love. This is the beautiful *War of Love* but the end against 6th hour is going to require the *Unconditional Love* of a Savior that would die to save those killing him on a Cross.

Who protects your loved ones?

I heard a story where a cruel Nation annihilated a Christian village, killing everyone but the women and children and took all. Then God changed the hearts of the cruel Nation by their new wives and children. Let's pray we don't have to lose all the men in the end. You should see though it is much more profitable to put them in a cell than killing them in our age. The cruel Nation is already here upon us. Pretending to be our Security and you're surrounded. Till God *unveils* for them their emotions focal point to see the *reflection* they see within themselves for God's purpose for them and others, War is just Inverted Love.

War of Love

If there were fifty people looking for Love and a third Saved looking only within the Saved for relationships then two thirds would be lost and would get worse creating no outward peace to those whom Love found. The *War of Love* then like the story of the cruel Nation but instead before a war comes to the Christian village they freely send some of their women and children, like Kingdoms would do arranging their daughters to be married to the other Kingdoms King in days of old. Then when future arguments would arise, it would be more in the category of family squabble instead of war between Kingdoms. Abraham and his son Isaac both gave their wife to a King in

defense, pretending their wife as their sister and the whole Book of Ester is how God saved Israel in this *Shield* maneuver bringing to the enemy their curses toward Gods people full circle.

Finding the mirror of attraction

The Church being the *Bride of Christ*, anyone including our mate we bring to God, we bring to the real bridegroom. People can be blind in a way that their only knowledge of Love is selfish sexual gratification. A pure man looks upon as art and for shared perception, not by stealing views for themselves. If I see a female promoting her sexuality, dressing provocatively, everything falling out you can say. As a Christian man I don't imagine except what she would give me to imagine. I don't sneak peeks, I obviously make known complimenting by look, body language and word according to her Willful expression to be noticed in that way. Just like compliments on hair color, work or tattoo. If she is idealistic this way, I can give her more than maybe her past relationships that only helped to conform her in these ways. Maybe God will work threw me, help her further along Meeting on her level according to her Love and expand. People are the best things for Healing, God created. But "if the unbelieving depart, let depart, a sister is not under *bondage* in such" as Paul said. God gave me a Vision of the last war on earth being a *Holy War of Love*.

Counter Balance your part of the Green Field

If sex is not in the base of the *Green Field* then it turns into a Dictatorial Select Church not for everyone. People will stop coming and the issues will again fester like a ticking time bomb somewhere. If certain families and Moral Institutions like Churches do not *Counter Balance* with them as examples to show the variety of Willful vows or traditional Fasts, teaching respect and how to better *Hollowed* talk about sex around their children outside the *Veil*, it will become a mess of division even better for marketing the Abomination Business.

It is as if each person with opposite directional focus works toward the other filling any gaps between. If someone is trying to have sex but the other their talking about it with has a different *Foundation* in mind then the persons can just move on to find a matching.

Sexual expression being allowed at work in green

Sexual harassment is well marketed these days of divided Love. This is a *sign* of control of sexual relations bleeding into work environments. As the *tithe* moves forward of these pages, let us first incorporate the *Green Field* into our work environments. Sexual expression becoming allowed toward people in green apparel at work will liven up work environments with little risk of sexual harassment and many would work more.

Promoting and convicting tool

I thought of this while incarcerated in the Hospital environment. Time and time again they had beautiful Nurses wearing Green. It seemed real fishy how some acted and looked the same as the initial entrapment, invitation by body language and no word. When this becomes well known congregationally, the Nurse in green color can choose at work whether to fulfill patients, someone else's or her medical need of sexual relations and or fantasies. I'll be asking in future situations, at least as a promoting or *convicting* tool.

Shield

God let me put together what I call the "*Shield*" as the inner *Veil* of the *Green Field*. It works more as maintaining verses allowing room for things punishable. Jesus Christ said "for in the Resurrection they neither marry, nor are given in Marriage, but are as the Angels of God in Heaven". Thus the *Shield* married to the Body. Relation by Love for Loves Edification from the focal point of needed defense. To keep peace and create growth with needed Holy Spirit *convictions* the *Shield* can help organize all the situations expressed in how God

could use sex in Salvation and in the *Green Field*. Organization by inner *Veil Shield* of sexual relations will keep people safe according to Sexually Transmitted Diseases (STD's), pregnancy wishes and education into areas called "*Dens*".

Public sex

Sense this *Green Field* starts from outdoors to include all; another *Altar* is required for our Congregation. Sexual intercourse in public places physically *Veiled* out of sight from children by Levites standing around the *Altar* blocking the view. For those making the *Offering* it *Hallows* the fear of perceptive Judgment of others that may sneak peeks around the Levites. There may be particular fantasies they need to get out of their heads also for whoever sees any *conviction* from within like seeing shameful porn instead of a beautiful *Healing Offering*, even possible Marriage. *We believe from the fall of Adam to the taking away Sins by Christ we are just by the works of Righteousness coming full circle back into the Garden of Eden, thus naked in a park for the one's Offering.*

Main Priest

After I have talked with people dressed in green about correlating *Foundations* and what the *Offerings* for, who come within a certain area around myself. We can fast forwarded to the purest form of Love, a *Sex Offering* to God throw me being the main Priest in the *Rise Star* Congregation. People can be sent from any group for analysis of the fear they may have of this kind of situation or reasoning division in Love. If I leave the area without talking to a green wearing person or they leave before I can talk to them, then some Secondary Priests will step in giving a second or last chance for a public *Sex Offering* being *Veiled* by Levites. This way there is a bubble around me that works naturally taking care of any famine

issues in maintenance for our Congregational Community. This makes a Truthful honest *Base* about sex with no shaming that would keep it pure everywhere else, cutting back on *Schisms* of adultery.

Children's veil

The Mountain of the Lord, the physical from of Love, Sex is the true *Veil* purposely hidden in *Hallowedness* for children. It should be striven for children to come to sexuality naturally according to God, the Times and Wills. For children's natural *unveiling* is as if we have to lie to children about sex's existence and use. This is the way we are divided in Righteousness. Being to open by our actions and words prematurely *Rise Star* children in earlier ages. It's called "grooming" when predators of children purposely lead the child down the road of *unveiling*. Also Spiritual grooming conforms children by an environment of needy sex deprived adults. Have you noticed the people that can't get their mind off sex always talking about it, are usually the sexually deprived ones? Children surrounded by these kinds of adults or adults just not *Veil* conscious, the child inevitably figures it out sooner. In addition there are Life's horrors that prematurely *unveil* children in a *6th hour* by Abuse *Schisms* of our Masses.

Cause of early *Rise Star* age/unbalanced Thermostat

The biggest challenge for first time dating partner's is to not look as though their main concern is sex, as their trying to find out whether or when the other person wants to have sex. Why is a shroud of lies common when expressing sexuality? The known Legal age for sexual activity is eighteen years old and It's not promoted that age of consent is sixteen years old and that there are people shown in Case Law married even younger. Psychologically keeping girls silent about sexual relations is accomplished by condemning them for sleeping around. Men exalted for the same thing proves this fact. I believe

because self exalted people know if everyone is used to lying about sex then people won't see secrets like most teens are already having sex and the Criminal Justice Business's need for sexually expressive children. Promoting this higher than the natural *Rise Star Veil* causes the Love Famine that creates *Schisms* within the Body. In turn lowering *Rise Star* age below natural *Foundation* and this is the unbalanced *Thermostat*. By people adding *veils* to the main *Veil* for idealistic control they cause our greatest hate and fear, child molestation. The Is raelites left Egypt in the Book of Exodus, men beside children.

Healing by twelve's Counter Balance of Generational Thermostat

Christ did Specific Healings for some twelve year olds. Christ had many followers, one time feeding five thousand and another time four thousand people. The assumption in the Gospels is that his twelve Disciples were the same as his twelve Apostles. This is a narrow view we believe and if it was not exactly the reality then, in this Wormwood *6th hour* time it is the Spiritual imprint of this times reality now. Go now and read the first Gospels of the New Testament and interpret in the place of references to Disciples or the Word twelve by itself, as actual twelve year olds.

Thermostat age for natural Rise Star

Children around twelve years old figure out the *Veil* naturally. God made it real easy to tell by female's bodies blossoming to maturity. In our world History it has not been long from when it was perfectly normal for people to marry at this age. This age is *Thermostat Foundation* by the Holy Spirit according to our Congregational beliefs. This means our *Hollowed* speech toward them ends. From twelve years old on up the only things that should be holding children back from the start of their *Hallowing* sexual activity is whether they will have sex or not by Willfully instilled vows

and traditions. Twelve is what we shoot for as Freedom to choose sexual activity being natural *Rise Start* time and the 0 degree mark in the Generational *Thermostat*. When our *fruit* becomes ripe on our *Altar* we will *Veil* in a physical form and *Push* for *Foundation* or their full physical Loving experience.

The push toward Unconditional Love and Foundation

Sexual Intercourse, the inner *Veil* with children will be according to Congregational Law standards and Wills including Guardians. Even talking about sex will have *Hallowed* standards. If the child is understanding of *Hollowed* speech and continues conversation about sex then the *Push* starts toward their verbal confirmation of Willful *Foundation* of Vows, Traditions or sex whichever comes first. This Process helps establish the *Foundation*; it's their reason not to go all the way. If no sexual intercourse for other than *Foundation* reasons it determines their division of Love. The answer due to covetousness would be they need to be earned or by pride they exalt themselves as better. If sexual intercourse, this will be considered Marriage or Healing based on their perception, helping instill *Foundation* along the way.

Age Foundation defined

Speaking about sex will be hidden unless they understand (*Hollowed Spoken*). Inquiring to see if they're in the *veil* and ready for the *Push* toward sexual intercourse with sixteen through eighteen year olds' according to Law regarding leading influence. In this process helping the child in *Foundation* building while respecting Guardians choices of when in their children's upbringings they want to place the *Veil*. Twelve to fifteen year olds' will be treated the same as sixteen through eighteen, only would need to be part of my Congregation, have signed consent of Guardian or *Constitutional Writ Status*. A child under twelve during this

marketed Criminal Business *uneven Thermostat* time like ours, could come to a prematurely ripped *Veil* because of Cultural Grooming or Sexual Abuse issues. Any under twelve in the *Veil* of sexual activity will be treated as twelve to fifteen year olds' just more for healing purposes.

Shearing Sheep Salvation

Any children without adult supervision within the *Green Field*, I will verbalize the Legality of the *Games* of the *bating* system of the Churches and the local Government. I will assume they have had signed permission according to all parties involved if nothing is said otherwise by them. They will be considered as part of my Congregation and the *Foundation* will be followed. The only children that would be another exception, not able to have confirmation with their Guardian would be stray unrestrained children disobedient for going along with my Legal Disclaimer and a liar. Those symbolized in Scripture as *Shearing Sheep*. They would apply as Salvation according to Congregational standards, meeting at their level as Willful *hewering*. The Government has similar standards.

Abuse can be less damaging depending on perspective

Your hate or fears are really your denial that you Love the idea of sex with minors. Just like someone's appeal of watching the scary movie with carnage. Only in a *6th hour* though, would the majority choose carnage and *bondage* over Love with a child.

My two year old daughter fell down some stairs one time and after the tumble. I just stared at her for a moment with no reaction. Then as she waited for my response, I gave a big smile and asked "was that fun"? I called her over to give the usual be careful you can get hurt speech after she got up and resumed play. I sometimes see the opposite in public, where a child falls and immediately the parent

runs up to the child freaking out asking if their alright. Every time the same reaction from the child also, the child goes into a screaming fit like it's the end of the world.

This is the equivalent to what we do to abused children at times. Now think back to your first sexual experience. Was it not the greatest thing in the World? Did you just want to put the experience on hold and leave sexual intercourse alone? Do you think younger children are any different? I'm sure if you want to mentally damage a child after an abusive trauma and being taken from their known family, just tell them they will never be normal again. Tell them that sex, God's most Loving and Pleasurable Creation is only evil and wrong for them. Their first experience being a problem does not mean sexual Intercourse in their future will only be filled with challenges. To deny a particular child sex who is *Rise Star* can sexually frustrate them for Life, especially if they *Push* for option two which is worse and unregulated. Not returning Love is unnatural and starts dividing Love. The question should not be whether a child seeking the sexual part of Love should get it, but considering the circumstances what's the best way to start discovery of sexual relations for them.

Contractor with sexual children

I *offer* my services as a Private Contractor with the State to work with sexually abused children. The children have not matured enough to know their influence on others around them and would not be able to be around their peers. They have no knowledge of *Veiling* their sexuality so they can become confused between a lie and the *Veil* losing the reality of the truth, turning into little deceivers. Children need to be guided after having sex.

Preliminary evaluation of Veil

I would become the first Guardian to the child taken from the sexually abusive home, a Preliminary Evaluation to the next step in

stable Foster Care placement. First determination would be how much *Veil*. Some children even though they have experienced sexual intercourse, due to youth or just the Lord suppressing the experience the child's *Veil* could be intact. If after a couple months the child does not make moves sexually toward myself and assumes me in the parental role like children outside the *Veil* then they would be ready for placement as if nothing sexual had happened to them. Another child may be confused with no division between Guardian figure and Lover needing to distinguish the difference. If the child expresses sexual need toward me I would assume the Married role as their Husband starting the *Hallowing* Process, teaching *Foundations* and *Hollowed* speech so the child can eventually be amongst their peers without negative influence. Along with helping the child figure out what they should expect from a Husband or Lover.

Child within the Veil able to keep other children out

After Rehabilitation their *Veil* will have two split roles. To children outside the *Veil* they will be a *Hollowed* speaking girls version of Clark Kent altered ego in Superman. To all else within the *Veil* they would be Super girl. By the time they move to the next Foster placement, it will be further distance separation training needed between Guardian and Lover. Being so young the child will in graduation be shown within the *Shield*, around the *Fountain Offerings* or to be shown the *Dens* if need be for their Willed Life experience. End target in their placed Foster Family they can be honest, working out times if needed to visit the *Dens* just like going out with friends and safe according to *Offerings* with no negative influence amongst schoolmates or other peers.

Legal Disclaimer without words whatever intent

According to this *Personal Constitutional Writ*, my work correlates with the Churches and the Protective Service's *Game*

Reserve, even as *Counter Balance* in parts. Both of us work in Legal perimeters of our Law. I consider the Governing *Game* just as much my Congregation even though in opposition at times. Their normal Business of trapping has been to insinuate by action without words. For example a child with an adult would lead the way not expressing displeasure that I was going with. Not just for a quick moment either, more like a five minute one sided conversation with me talking. Ingenious way to hide inside *Veil* children that are doing specified work, only to be recognized by people within these procedures down *Nor Road*. I express that if the Governing *Game Offers* me a child to Wed, God determined time and girl; by Faith I will assume all Legality has been taken care of regarding consent or Constitutional Writ status. I Love for the right reasons.

=====Veil end=====

Always Revelation Spiritual making physical

End of Days 2012, as we see were still here and I expect by the Will of men someone will come out with another expiration date. Just like Paul's letters to the Churches while incarcerated I write to you to say this was, is and will be again End of Days. More like the Spiritual imprint of the physical literal stories passed, overlapping creating the new day's physical reality. I mostly refer to the escape from Egypt, the Wilderness time and entering the Promise Land within the Scriptures. It really would refer to all the literal stories to help man with the sight of the Spiritual making physical according to God's Will. In other words people speaking the word of God create the same onslaught as the Flood in Noah's time and the Judgment of the Fires of Brimstone down upon Sodom and Gomorrah. Thank God for Mercy and after giving man those points added other books with added points of

Salvation. So we don't have to repeat the literal Judgment of man's follies. Through God's flesh us, on a clouded hour by the Lord Jesus Christ comes the Word Revelation for an individual and whole Cultures. This is also *Salvation and Second Coming*.

Willing a destructive end of days

God made us in his image, creators of *New Heaven and Earth* through Him all things are made. Free Will to people is our Fathers great Love. No Healing for a set stubborn Will. Creators Willing the overall populous to conform to the literal focus of Last Days being World War 3, a particular anti-Christ, creatures and Stars falling from the sky killing the rest of mankind before God pushes reset, can end us by our own Creation. Let's have God determine when or if He wants the literal end. Besides an angle of possibility if so an end we do not want to be there. The Rapture could look more like the last martyrs murdered by a Demonic Society thinking their doing God a favor getting rid of the last impure ones, like Hitler was portrayed. How easy one can forget the Grace and Mercy that put to shame the first coming of Christ: they thought in end and war fashion also, the King being Crowned, taking over against the opposition. Instead he was killed by those he was saving to beat death and bring us fallen people back into the presence of our perfect Holy God.

We're all just living a dream

In Scriptures many Prophets had Dreams and Visions from God, help them past obstacles. In fact I believe most of our Lives are spent in a Dream state. Many things in this world are made to do your thinking for you so you can rest in Auto Pilate like TV's, time clocks, regular week end conformities. This is what the Bible refers to as those *asleep in Christ or dead*. You hear people all the time say they don't know why they did something stupid. Easy they were in Auto Pilate not taking care of much at the time concerning the piece

of Heaven God made in them to bring us. To work all things together for good and to wake them up, God aloud our Angel to step in their position for the moment to make them a *Firebrand* of Judgment, show Salvation and give a Commandment to grow with. Jesus also said he would prepare rooms for us. Perception in itself is a Dream of how an individual sees physical reality.

Ham's Dream

Jesus said just like killing, "that whosoever is angry with his brother without a cause shall be in danger of the Judgment" and "whosoever looketh on a woman to lust after her hath committed adultery with her already in his heart". This teaching taught us that thought is the same as the specific act. Things of this nature now have become a needed *Sin Offering* for the *Hollowing* of one's flesh. I call these Mental Offerings "*Ham's Dream*". This fantasy or Dream phase may need to go further into physical forms of mutually beneficial spheres of influence to free from the *Altar to the Ark*. Think of the things that got you excited or made you fearful when you were younger that no longer have the same effect and how your playing them out mentally or physically helped in this Process.

Peach Inversion

The Salvation experience comes from Is rael people extremely backwards, not only resistant but a enemy toward Gods purpose. Like the Scribes and Pharisees in the *6th hour time* of crucifixion of Jesus Christ. Imagine the Body of Christ as a *peach*, the surrounding flesh of the *peach* crucifying the seed. Another group comes around the *peach* for the show. Then another group manifests in defense of the seed between the seed and the flesh. All then diminishes into one of the other *Four* positions until all is *Even* with the *Ark of the Covenant*, the seed. King David became stronger while Saul coming

against him became weaker. John Baptizing by water in the wilderness said" he must diminish while Jesus Christ increased". Both these examples showed this *Inversion* Concept.

Four

The *Four* difference positions of the Body are symbolized by the *Four* beasts in the Book of Revelation, Demonic before the *Cross inversion* and singing Holy, Holy, Holy praises after Revelation. I call those attempting opposition "*Four*", as they are trying to work against the three in one Trinity. Never forgetting how easy one can be turned around, all come to the *6th* before the *Rest*. The increase of one side by word over a diminishing opposition is a good *sign* like the increasing number of Israel compared to the Egyptians in Exodus.

Salvation by a look of attraction or repulsiveness

Through our own eyes, never lying eyes of God look threw. When someone looks more than a glance it is either attraction or in Judgment. After seeing this if you find them attractive then go. How do you think in the first place God gets people what they need than attractions and for stubborn people their repugnancy. I will relate in my format a male looking for a female, you apply accordingly. If she is a *Four* looking upon you by judging eyes then her sphere of influence is also the part helping mold her as such. The other girl that has a curious stare of attractive toward you has many options in her relations and probably more opportunity with others than a stranger like yourself. Then why would she be looking in attraction. Simply because her sphere of influence like the other is more *Four* for her, neglecting her needs or placing her in the *bondage of oppression*. Her eyes are a cry for Salvation. In a Salvation sense this could be the first and only chance of the *War of Love* with either one. Next *Waves* could be the real war from their influences. My job is to show her real Love that replaces the hate. Help in the Truth that the

Plank of Judgment in her eye is really the *reflection* of what she needs to face even if a few times the role reverses and I'm on the *Mercy Seat* being crucified. It is always according to God's placement for the Salvation of his *Four*. Either way for or against, God has made the female a *Bridge* symbolized in Scripture. This relationship then will connect me with her sphere of influences or give her what's needed for them. To pull all into us, part of the Trinity. If not, the role is reversed and you're the *Four*, most likely both in some ways and a back and forth *Inversion Process of Evening*.

We need to make the spaces where in

Live and let live is not going to work anymore. Criminal fear marketing keeps people hidden away indoors. If we don't as people start occupying the spaces of our world then the only things outdoors will be a mirage of good times, entrapments for Crime and Crime itself. *Evil begets Evil*; if we focus on the pits or problems all we're going to have are pits and problems. All we have to do is furnish ourselves. Start making Presidents or your section of Freedom of Democracy. First we need to teach respect because to some their idea of respect is not treating people according to theirs.

Make your own Green Field

Get out starting on your street moving back and forth pulling people out to their Community. Start the *Green Field* for yourselves. Work off of the Government's existing entrapment Systems *Game*. Their dying branches can only experience the Life you bring to replace the destruction. All the tactics they use get in your own sphere of influences having the needed *Offerings* with them, so you can recognize and then teach all in the vicinity of what they're doing. *Lure* for yourself, for God to set the captives Free. Keeping in mind we must police our own from crime and the System designed to protect us from crime.

Existing Systems Wave

If trying to hook up down *Nor Road* it's an uphill battle sense the extreme business for Sex Crime is child molestation, meaning they will try to *Nor* you through, pinpointed to a child. Start by finding the *Wave* of people or go directly to a fountain or anywhere the ladies would wear less. If you want less direct, go down the street from the waterholes and wait in one spot in public. If you wait long enough for them, they will send what I call the "*Reel*" to *lure* you. Like the white rabbit the greyhounds are chasing at a race track, to get you moving people you're more attracted to will be moving fastest and the slower ones as tests of your comfort levels. If it doesn't work for them pulling you by the *lure* of choice down *Nor Road* then they will try a push with your dislikes coming straight at you, for example shady characters or gay men. Another tactic along with, they also use inside the Institutions is what I call the "*Catching Mitt*". Where they push you by the dislikes or terrorism you wish to avoid into an inviting spy to follow, conveniently a friendly face is in the path of your retreat. You will probably come to where two ladies are playing the *Game* of who can win the most attention from you. There may be only one girl and a man there trying to beat you out for the lady. If not getting enough Love then after allowing yourself to be *lured* to the little Princesses. Enjoy the show for a moment then act *convicted* within, from a lude display and leave. You then should get about three *Waves* of green, less ignoring than on the way in. From younger to older in order, take your pick.

Bulldogging, Smoking and Judas Kiss

Well used on the street and in our Institutions are three other tactics I call *Bulldogging*, *Smoking* and *Judas Kiss*. These tactics also become ways to control the overall space atmosphere, to keep the tension like an Alpha dog game of mocking each other.

Bulldogging is an advanced form of bullying. Just the same it is to make those fearful cower in submission to the instigators. Where it differs, the instigator's point is not to use any violence but to get the other person to fight back out of an emotional response of fear or pride. Put simply the instigator talk's hate and threats until the person uses violence. This way they're the ones being arrested for assault or apply under Mental Health Statutes in Institutions. If the informant or spy of the Governing *Game* has prepared unknowing 6th Hour sacrificial followers who have issues or are prideful trying to impress others then the system gaining control of two at the same time might accrue when the person follows the dissension using violence.

Smoking a person go's along with *Bulldogging* it is just more detailed with what the instigator says in the verbal battle by hate and threats to create an incriminating coercive response. In other words if the Criminal Justice Business is investigating an alleged Law breaker they will use specific word phrasing in *Smoking* the person in attempt to get details concerning a crime said to all witnesses in the area so a Prosecution could take place.

The *Judas Kiss* is where you're befriended to condemn. Regular spy ways of gaining information or gaining trust of a person learning ways to manipulate them like the befriending in the *Catching Mitt* tactic or the one doing the *Pass Off*.

Replace the destructive cat and mouse game

Use the tactics learned in defense when the 6th Hours Gamers try to manipulate you from where you are or where you go. Keep in mind these people are twisted to deceive, lie and manipulate neighbors to Laws punishable destruction for their money. It's a takeover to gather all the people, not how they would scatter. Many of their daughter's excusable use of this System are just to meet

people and have good experiences. Even those of them whose afflictions from such a System have grown predatory in their *Ham's Dream*, their eyes are pulling them by the Holy Spirit to replace with the Love of God. We will replace the destructive cat and mouse *Game* with our Peace guiding those around us. Our mission is to *reflectively* build the same or take over workings for Salvations purpose.

Watchman warning for Firebrands

Our job is only to Bless. Curses only use things in cursing by the fallen angel. We only give the job of Judgment to the Devil and his fallen flesh, two *Firebrands* reflecting the evil of itself snuffing each other out. I will do according to God's call to give a *Watchman* warning to one allegedly doing wickedly. They should give thanks to God if they change direction. If they don't what's next if allegations are true, their wickedness will clash with someone else's. I will pray to God for their *Mercy Seat of Arking Salvation*. Either way, we thank God for the *Signs and Testimonies* for Healing the Masses. In Righteousness against oppression there may be a story against all odds like David and Goliath.

Wrestling

Jacob fled from his brother because Esau wanted to slay him for taking his birthright and then his Blessing. Years later on Jacob's way to meet Esau again, he *wrestled* a man until he was blessed and renamed from Jacob to Israel. Many times Blessings in anyone's life are the main result of *Wrestling*. There is a happy medium that must be maintained according to the *Wrestling* when occupying the space of others. If not enough *Wrestling* in one's life then the terms spoon feed, spoiled, babied and pampered apply in immaturity. If too much *wrestling* one can be doomed to brake, crack or submit to challenges and obstacles. Timing also in this way can be important for peace.

Governing relational profitability

It can be a challenge to balance work and home Life. Jobs that are better with single people in them are examples in our reality about focus in and out of relationships. Young Love though beautiful can be the most uncontributing to Society or others outside of the relationship. At a Business stand point in Governing our Body of people they look toward profitability and control of numbers. The young couple idolizing their Love together with no other focus, not working having babies does not contribute to our *Welfare System* and there is already many fearful of population control.

Battelle Battle

The best technique in war has always been using one that is attractive to another as any form of manipulation I call the "*Battelle Battle*". Never hearing anything about it proves it's well used usefulness within our Governing bodies. Ask around to see how many have followed their attractions to jobs or living situations. Everything Governing, rolls from the top to the bottom and you can see by all the relations around us how they are based on control in possessing.

Fight between sexes

In our Society we as males are instilled to fight for our females attentions like two wild animals fighting over the last female in a hundred mile radius. It instills opposite of the *Unconditional Love* of God. It's all right in a mutually conducive atmosphere as *Offerings* to help any boost their confidence. In extreme this direction is only causing destruction between the sexes. The *Wrestling* economically and manipulations of *Nor Road* for the Criminal Justice Business are created in the middle of this sexes gap, conforming some cold by being repeatedly used and making others snap by their own needs

from neglect. It makes males uncompassionate toward each other, focuses on egotism while females conform to self gratification looking for the better man outworking the rest to earn her affections.

Manipulating safety control or Love

In jealousy, well used are the techniques of people that make themselves as the dominant protector of those close to them by instilling fear of others. Sometimes in deception toward the ones they Love they even explain to them the evil of themselves within others. Pretending their not the evil they protect their Loved ones from but them being able to explain it so well, with no knowledge from outer experience will always be the giveaway that their explaining themselves.

Picture Perfect Relationship

To counter the economical stagnancy of some relationships, the Government with Moral Institutions like Churches established this relational fight between the sexes and to keep focus the sexual *Foundation* of our Generation is not even promoted as a specific age but more what I call the "*Picture Perfect Relationship*". It's a cookie cutter moral view of life and relationships, that's exalted over the rest for Governing Control reasons. Like chase of a female by the male, dating the Marriage prospect for a long period of time living separate, getting Married before having sexual intercourse and working 40 years to retire on 401K.

Shadow Watchmen

Where needed for this *Game Reserve* to further enforce these principals they put *Watchmen* in public places connected with all Systems of Government, mostly stated within this *Testimony* as the Criminal Justice System combined with Protective Services and local Organizations like Churches that work with Governing for particular reasons. This combination of Systems I call the "*Shadow*". The book

of Revelations Beasts or Daniel's version, in comparison at the beginning of the Book of Ezekiel is shown in a mechanic format like this System of relational controlling *Watchmen* work. What the *Shadow* will have done is by hiding this deception they will manipulate those that cross the line of this *Picture Perfect Relationship* image, condemning the rest for economic reasons.

Reverse polarity of coupling

This economically controlled *Picture Perfect Relationship* image is kept in position by the *Watchmen* like, the reverse polarity of magnetism. Pushing people away from intimate relationships to create a slingshot affect when they finally couple together. Simple psychology, make it more difficult for people to get together, most likely after the male fights off other males as fingers of the System. Then it will be less likely for them to separate when they do come together. The *Shadow* always leaves room for crimes entrapment for profits of the Criminal Justice Business concerning relations of people who can't handle the *Wrestling*. After surviving the resistance to separate them, the System reverses polarity to keep them together and others out according to the moral standards.

Directional bite

It's like people about to pass each other in a *Hallway* both open for intimate relations and who see ten other people in the *Hall*. Some of the other eight people are *Watchmen* covertly working in opposition to keep the two from getting personal with anyone, look as they look and make sure whatever relation ends with a *bite*. The person *bit* going down the *Hallway* may move faster down the next *Hall* with fewer relations. Their treated as one if two survive the testing friction as a couple coming together and then under Moral conditioning, their new combined motivations for predetermined direction are put into effect.

Unknown plan for you

The problem is not that these Systems exist. It is that some would exalt themselves in expense of others. Like the *6th hour* Priests Condemning those at the *Altar* of crimes, these people practice abusive using tactics to keep others *burnt* in sexual relations and to fight off any aimlessly passerby attractions not sound in economic direction. Those in control of this Process can deceptively for their own purpose determine direction, hiding their plans they have for you. The perspective looking down upon others character in organizing people as *Spiritually Dead, Asleep and Animals* can make anyone *cloudy* at a time.

Relational toll of marketing Domestic Violence and Sex Crimes

The economical controlled *Watchmen* cause some relationships to become so difficult in coupling together that the person becomes hopeless with no known access to future chooses in mates. Making some relationships that are kept together that should not have been or was just meant as a step or *Dip in the Jordan*, so to speak. It is obvious to me marketing Domestic Violence and Sex Crimes for Business for people whose weakness is dividing themselves against each other, keeps this stress on relationships in our Society.

Government and Enforcement Agent or Spy if only Business

Would it be appealing being glorified working covertly as an Agent or Spy with Government and Enforcement Agencies playing upon crimes? Relationships met and made in the *Shadow* business *Game* would turn into a family business. Any regular working class would see them as either rich or poor because they would appear to not work unless their job is part of the ploy as appearance of assets. God's purpose and answers would not be found if there is too much focus for Business. We would just keep marketing crime, you preying upon the weaknesses of your neighbors like a hidden Terrorist Plot making you a *Firebrand* hypocrite.

Fearful

If you run by fear from the Mountain like Israel with Moses, you may Run the rest of your Life. Above the Law with no repercussions the *Shadow* puts you below them in *bondage* if keep hidden. Playing the part *luring* in secret by the crime and relationships they sell.

Nor base

The tactic to divide people from them in two groups works as such. The base of *Nor* relations they build from is to be controlling, selfish, hateful, prideful and with no respect. A persona of prove yourself to me, my way or the highway mentality, unkind unless for a purpose and to treat everyone like a Criminal.

Relationship Control

Everyone at one time like with First Love idolized a person. You feel as if you have to earn or entertain the person giving them complete control in what's happening. This is the main projected control they are taught to create around them.

Shadow dividing all Americans into thirds under themselves

Projecting the image of crime while leading in criminal activity you can easily divide a selected *Shadow* group who know what they're doing from the others who don't. The *Shadow* takes those with an attraction to the form of rebellion as a possible *Execution Offering 6th hour style*. With this extreme base to those just trying to stay out of trouble and thinking the *Shadow* as criminally negligent, they would separate leaving the harshness of their works becoming sold on the amplified projected evil. If people perceive evil first hand then they will be less likely to object to taxes coming out of their checks concerning and will vote on Laws regarding.

The ones at peace are the ones projecting the war

Staying at war with each other are the executed and those escaping the *Shadow's* lead. Half in a Jail cell and the other half in need of protection from crime, when their experience was a criminal

projection from the people paid to protect them from it. The ones at peace are the ones projecting the war between the two they split off from themselves. See the backwards upside down here. My Congregation and I are creating the middle ground making the *forth* part needed to bring them all together as one.

Shadow elite camp game crime luring

Some *Shadow* elite work like being at a summer camp *Game Reserve* for months at a time they will go from City to City assuming aliases and working *luring* people to their social circles of promoting and doing specific crimes. When the *Shadow* member gives a cue the Law Enforcement Team moves in. The police with the *Shadow* team have planned certain ways to scatter and run from police so the more likelihood of the suspects capture and the Informants escape. If though the capture of some of the *Shadow* members were unavoidable by authorities, then they are Booked in by their alias to remain undercover and resume the tactics explained on the inside of the Institutions extracting Testimonies for Prosecution or leading people by example in Plea bargaining without Trial. After the *Shadow* members release they just continue the work and their record never matters. Homeless, Jobless and Mentally Ill would be the best ways to hide. A great way to hide a check for services done is Welfare and Social Security Disability.

Flocks

The secrecies in this Country used against someone not knowing Rights and Liberties help you realize there is nothing in our existence not controlled, more a marketed Freedom needing more *tithe*. Abraham, Isaac and Jacob in Scriptures had family, servants and flocks, people being all the different labels now position your family accordingly. Most of us would only be part of the flock.

Watchman organizing positions in Veiled box

The expressed *Shadow Game of bating* any crime is really saying that it is not illegal fraud to market being the protectors while terrorizing people with the image of crimes they put together in the first place, to fill cells for tax dollars. In the *Games* when someone becomes *Rise Star* the *Shadow Watchmen* close them off in an environmentally *veiled* box. *Watchman* organizing positions in this *veiled* box only need to sell time with you and information of your likes and dislikes. This then would not be allegedly illegal like pimps and prostitution either. I believe all of us have been at one time or another literally bought or sold, at least the viewing of just like we would watch TV. I assume this behind the scene people organizing is the secrecy of Organizations like Masons and Illuminati.

We make ourselves

God's favored King David escaped to Adul'lam cave from the first King. Everyone in distress, debt and discontented gathered themselves unto him. These people became four hundred of his warriors including his Mighty Men each who beat hundreds individually. David duplicated himself from lame to Mighty. We make ourselves. Those around you come to *reflect* you. Can you imagine a Psychologist and Patient walking into a room then two Psychologists walking back out? In the room a teaching and a Healing conspired. According to this Concept we should be a Nation of Presidents with a representative President. Considering the high security of the Secret Service, the overall consensus is that we have a head person. If the view was more Democratic our President would be safer and the average persons words would mean as much as the Presidents.

Escaping oppression

Jesus Christ's Life and Sacrifice showed me some important points. His Word "the Son of Man has nowhere to lay his head", "leaving the plow and following the way" and "being fishers of men"

gave me Revelation to the only way of escape from an entity with more numbers and power to control everything in the physical world around us. I left my belongings and Business to *lure* these people into public, which saved me. Him holding his tongue on the way to the Cross, opening and closing Doors only He could and Preaching from mountain tops, gave me the works and the words of these pages that will be followed to find the people responsible for manipulating our peoples Freedoms away.

Fulfilling our own Laws in this Eve of Righteousness

Most significant God gave me Revelation of a leading example in dealing with our own Laws. We could not live up to God's Laws, falling short we only used it to divide others in positioning ourselves. Then by our Judgment on the Cross, Jesus Christ fulfilled the works of the Laws into Righteousness. We definitely are falling short of our own Laws. God gave us the *Path to Fulfilling our own Laws in this Eve of Righteousness*.

People that are Arks

The Arking Revelation of Christ most likely comes from two extremes, those unconfirmed and conformed to the world like children, criminal element and mentally ill. Children are God's obvious new recycle. More filled spiritually because of less learned worldly conformities. Criminology shows *reflective bondages* of the flesh conformed to by one of the Seven Spirits of God. Mentally Ill is somewhere between conformed and unconformed or both. If leading underlining issues are unattended, any can lead to *Schisms* of the Body as *signs*.

Sin becomes works in righteousness

God at Times gives Commandments not to do something but then later tells us to do the work. The reference from Scripture I like to use is when Peter fell into a trance, Heaven opened and a Great Sheet was let down with Wild Beasts, Creeping Things and Fowls, Common

or Unclean. Thrice a voice after saying "kill and eat, God hath cleansed, call not thou Common". It was in reference to prejudices toward the Gentiles that those outside Israel could be brought the Good News of the Kingdom of Heaven. These works were God's *Inversion* by the flesh to the *Altar* before it became the *Mercy Seat of the Ark*. This is our continual searching for His *Second Coming*.

6th hour Sin Offering

Manifesting around us are *Burnt, Meal, Peace, Sin, and Trespass Offerings* that include all relations. Where are the *Sin Offerings* in our culture today? It's not obvious because it is kept hidden for control and money reasons. This should also make obvious if hidden then not aligned with the Morals of men. You may have guessed I have written about the *Sin Offerings* in the Criminal Justice Business this whole time. It's in an upside down *6th hour* position you can't really call a proper *Offering*, sense the one *Offered* doesn't know their being *offered* and the person in the Priest position is destroying the person *Offered* in a deceptive form of war for profit. It fits the legal definition of entrapment. Legalization of marijuana and gay Marriage are examples of the *Inversion* Process from *Sin Offering* graduating to a *Peace Offering*.

Analogies of our Stumbling Block Criminal Justice Business

Due to a person's focus while riding a bicycle, they may be drawn into a pothole trying to avoid it. An analogy of our system is like a pen making understandable words on a page needing all of its specific parts. The Criminal Justice System is all the necessary parts of the pen except for the pen point being the criminal and the crime as the word on the page. Molding everything around to make the pen, helping push or pull in anyone falling into the pen head position while saying they had nothing to do with and caught those responsible for writing letters on the page. Another analogy in the medical field when

hooking up a IV into someone's arm they use a needle with a tiny tube around it so after the needle enters the vein they can pull the needle out leaving the flexible tube in the vein connecting all the IV fluid component parts. The criminal in this analogy is the needle taken out and discarded, IV equipment the Criminal Justice System, the tiny tube in the vein being connecting programs for victims and the IV fluid the tax payer's substance. If we have anything to do with shaping the environment of criminal activity it must be handled in a Priestly manner of *Hollowing* in teaching to Salvation, not like an experienced criminal setting up the novice for the fall of the crime to get more cut. With this understanding look, we can try to work with the Creator and his *Altars* to see them through in the *Arking Inversion* Process.

Tenants in the Vineyard Ark perspective

The Parable of the Tenants in the Vineyard at the beginning of (*Mark 12*) is cast into a totally different light if you think in the form of *Arking*. The Lord of the vineyard's servants He sent to receive the *fruit* in reality as Holy Spirit *Arking* criminals, mentally ill, and children while the Husbandmen beating and killing them are the so called normal in a *6th hour* time. In the parable, sense the Husbandmen did not read the *Signs*; God sent the answer anyway completing the *Arking Inversion* process in the Son. Another interesting turn in perspective to the *reflection* of the world, if the evil or crime is still in the world, then it is in you also. You may have ways of avoiding or covering it, but you do not have the purposeful solution and the Healing of it. If so one should scream it everywhere like in the book of Jonah. You may be the one to Heal it in the Body for good, *Ark*.

Jesus Christ's Sacrifice on the cross took the *Ark* work into

manifesting naturally around us, ripping the *Veil* signifying all can now enter the *Holy of Holies* just like the High Priests did as before. The *Ark* can be any of us at any time for any amount of time.

Eventual Healing of all crime and illness

The most important work making sure the *Offerings* go from *Altar to the Ark* for Atonement which is Mass Healing. God Atoned the Sins of mankind for all time that separated us from Him. Then the evil and sin that exists today in our world is the unatoned sin amongst us, that we have not received or spread the purpose or reason for the Holy Spirit Judgment *Schism* within the Body. The High Priest entered the *Veil* once a year to show this in Old Testament. In this sense certain crimes and illnesses can be healed for good, as long as we make sure that it's not more profitable for any in the Body to keep them around. At least then we need to be accountable to a mutually conducive end of old philosophies into a timely new one.

Wake up Church

Too late for that in some ways, we the Churches need to wake up to see our Government has divided the Jails and Hospitals, the real *Altar* from the Church. The grieved Holy Spirit is giving us *Signs* of increasingly heinous crimes as warnings. The criminals and mentally ill are being conformed to stay bound in Judgment while they stay the closest on earth to *Prophets*, thus the *reflective* answer to the real cause. The leaders of the Churches are oppressing by hiding Government procedures or are oppressed themselves in silence.

Government Evening back to its people

God Blessed America *reflecting* three branches of Government as Father, Son and Holy Spirit as a sort of balance to assure Equality and Justice for all, directing toward how Paul in his Epistles defined the Body *all for one, one for all, all equal to all but any*

unequal for the Edification and benefit to all as should be in the label of Democracy. Being in a *6th hour* Generational *End Time and New Beginning*, the best and the worst of the world is coming out of our great Nation. Our Forefather's old world solutions were more to organize and control crime. Our creative positioning design of the old profitable ways has only made it more difficult to transition into new Rehabilitative healing overall Cures to the real underlining problems. We have to become *Hollowed* of Revenue to properly transition quickly into Rehabilitation that will be self sustaining concerning profits. To accomplish this we need a clean slate of *natural schisms of the body* (crime's) statistical cost margins. In this day and age as explained the figures would be tainted by the marketing works of the Criminal Justice Business. This *clouds* the *signs* given by the Holy Spirit and postpones our healing answers.

Freedom by Imprisonments

Are we land of the Free and home of the brave or not? Last number I saw was ten million living incarcerated in our Prisons and Jails. More than anywhere else put together. Our Criminal Justice System has to be understood as a Business designed to make money off the destruction of our Society. You don't have to be a Prophet to look forward to conclusion to see a Business designed to make money on problems has to increase problems to increase Business. Supply and demand can be seen easy enough watching news, paying attention to the talks about rights concerning and even reality entertainment programming of our Criminal Justice Business some seen on that line more leading the Crime like animal trappers with bait cars, *luring* Sex Crimes, computer and mail order stings.

Who determines your freedom and where you are under Law

We have become a Nation of people who profit over the lower situation of others who do not know some form of information.

Justification of lying and cheating only can grow from there. *If one knows the Laws and keeps another in the dark concerning these Laws, the one knowing can easily determine where the blind ones fall in under our Laws.* We need to hold our people accountable, teaching all the Systems and Laws that bring us together in peace. Democracy and a Dictatorship are two opposing Concepts. Where you are in the gap between these two Concepts determine where you really lie in your Freedoms. The *cloud* of no knowledge how all plug into their own System of Law makes us fall short of all Liberties. Simple example, Health Bill sounds nice but do most of us know the meaning of over 7500 pages of it.

Learn your Laws as defense even from Law itself

Face it, our Systems teach tactics we use within our own cities on our people that if someone outside of the United States used on one of our Americans we would call it terrorism. The news is full of people blowing up figuratively sometimes not, in some way regretfully taking all those around them with. We need to not add fuel to the fire; it just makes no peace around us. In our religious Congregation it's promoted the Eve of Righteousness where upon the hearts of the people the Laws of God are written. That would include all the created Governing Laws for our land. This is my mission, the details of our Systems of Law will be taught as accountability toward this Righteous Rehabilitative transitioning.

In Trial innocent till proven guilty before Trial guilty till proven innocent

I Love our Laws and have confidence in the System of Court Law. It is growing and evolving, making it more difficult for the guilty to get away and for the innocent to be wrongfully convicted. It is innocent till proven guilty but limited only to the Courtroom. All the before Trial Hearings and Jail are becoming more marketing for Business postponing the right you have while in Trial having Justice

decided. The Systems *unhallowed* purpose to push profits with lower cost, keep release of liability a priority over Justice. The comfort level of County Jails is enough for some to do whatever it takes to get free in the delayed Justice before Trial phase. The only option then would be to pay money to bail out costing no matter if innocent or guilty.

Plea Bargains do not further define Law

The Law is defined by the details of that Case's specifics correlating with many decided built upon cases with applicable Legal similarities molded into a Statute and decided by majority, the Jury. Plea Bargains save costs for our Criminal Justice System by pulling a form of guilty because it does not go to Trial. This way then does not further define our System of Law adding case Law; it is shorted for cost effectiveness. Another price is they skip the main part that determines guilt, innocence or even if the Law had been broken or not. Turning one crime into multiple crimes and insinuating the legality of adding punishments together, by fear push people into Willful submission to one crime in order to drop the others. This technique to accomplish these business goals is well used in Plea bargaining, like bluff in card games.

Write the Laws upon your hearts and hold accountable

It will not work anymore taking our neighbors by faults and making them worse around us, that could be the Spiritual growth by the Seven Spirits of God. We need to *Counter Balance* with spreading the Word to everyone in our Communities. Any Ticket, Fine, Exclusion or Charge take all the way throw the Court Process to learn what they are not teaching about it. You will not only help yourself but you will do your service to your Country making sure our Laws grow by Case Law and Police to Judge will be held accountable to keep updated on the Case Laws not indicting for Cases already deemed unchangeable by Trial.

Outside Programs for the Criminal Justice Business

One could only fill up the available cell spaces so a simple solution is free it up for more merchandise while keeping the individual still conditionally connected to outside programs like Probation and Parole. Many outside programs become full time jobs though, having so much required time consuming conditions. This makes it more difficult to plug back into Society with a balance of Home Life and Career which is most likely what got them into trouble in the first place. The time for these outside programs is much more in comparison to if the sentenced took out straight incarceration time. Many because of failed conditions get more time added by a Probation/Parole Violation (PV).

Counter Balance of outside programs

These outside programs are Life saving for some addicted with no self control needing for a time controlled surrounded Rehabilitation. With this said, *those uneducated falling into the issues of mankind by their bondage become trapped by a System that if unchecked benefits more financially on keeping them enslaved rather than to Rehabilitate.* After sentencing in our Systems of Law we need accountable transitioning. No *Counter Balance* will always lead all outside of it to lose to it, giving up Freedom and substance. Everyone else flips the bill to others who would rather keep it silent how the profits are based off marketed separation of any issues and fear. There is no loss to our Criminal Justice System in its Business Format.

Crimes excessive sentences

Crimes astronomical convicted sentences have to be one of the first things to go. If someone is locked away a third or half of their Lives by the *reflective Fall of the Flesh*, it makes sense why there is an increase of horrifically evil criminals in our day and age. By natures

Fight or Flight response they more likely would do anything to escape or cover the crime. When we lose the business Concepts off problems, we will look back and really see long sentences were because of money and no Rehabilitation. I say why not simplify, first offence a year. The second of the same crime two years so on and so forth depending upon crime seriousness of course but no more than seven years like according to Scripture, Free for the slave on the Sabbath. This I believe, would be plenty of time finding the reason or cure for the whole Body with proper *Offering to Ark*.

Entities stopping their lies from becoming Public

When an entity like a Government Agency is trying to hide something from the Public and a person starts seeing this deception and how their controlling the Masses with it, the entity will give negative repercussions every time the secret was told to stop the person from opening the eyes of any others. There would be terrorism instilled and doubts would be projected, to make the person look crazy.

Black Investigation tactics/ Vampire Effect

It's preference not to be seen by anyone when Governing Agencies' *Shadow Watchmen* follow someone in an investigation. If the investigated finds out their being followed then the *Watchmen* switch to what's called "*Black*", making the following obvious to the person while remaining hidden to everyone else. Then the *Watchmen* make the investigated react to *Shadow tactics* of fear. Then they can make anyone not seeing their second party but seeing the reactions of the investigated person think that the investigated has something wrong with them. If then others start seeing the *Watchmen* following also, the face to face with the people turning them against the suspect begins. The *Watchmen* sell a picture of evil upon the investigated or turns those in relation like

family against them. By reverse psychology, projecting that it is for their own welfare to deceptively help with the investigation of the suspect. Selling some form of guilt before any Trial. This explained technique I call the *"Vampire Effect"* anything good done from the suspect is redirected upon the *Watchmen* to others, like a leach or host sucking one's life. Anything bad even from the *Watchmen* is sold upon the suspect.

Find the Truth

Going around in our world are a lot of conspiracies. Ignoring them is not always the answer considering it could be *the one crying out of the wilderness making the way straight for the Lord*. The thing to do is to prioritize them into which ones affect us most and which ones with enough people looking, can dig up the needed information to confirm or deny. At least put together enough information to examine missing gaps for logical possibilities. I say these things for others on any path of Truth not to be deterred by opposition but more affirmed by it. To any with questionable perceptions of my material I assure by lots of prayer, it has happened, is happening or will be happening, at least a *Counter Balance* in opposition to keep true and *Even*.

Submission by works according to Political Agenda

Our Political and Organizational Leaders promote Freedom, Peace and the Pursuit of Happiness. Though the Systems in place work in opposition to create this *Wrestling* into established positions according to Political Agenda. Submission by works to progress up the corporate ladder of labeling has made our waters stagnant and Lifeless. The Criminal Justice Business creates the main revenue for Government. If you're not paying for it and working in it to imprison to it then you may become a target of it. As we all become

more part of our Governing we need to put our heads together to figure out better ways to make profits than on people warring with the world.

Excessive wrestling

It's starting with a little opposition, friendly competition like the Democratic Party and Republicans tearing each other down for a vote, Religions arguing over words saying their way over others and it has bled down to more people are murdered in our Country in one year than in some Countries wars. Sense it is normal for us we don't call it war. Many need more guidance and less resistance. Look at the overall view of our Culture. Everything is a *Game* of win or lose. Everyone around us can win. Just like different works can combine together for a common goal. If we make sure everyone loses around us who can we have better ourselves in comparison. Most important how does this help our Peace if someone lost and desperate has nothing to lose and conforms to cold ways others help them to lose by?

Lies become incorporated into our Society

Tell enough lies and soon all you will see is a *reflective Ham's Dreams* of ways you manipulate. You won't even see the difference between a truth and a lie. In our History we made Covert Agents or Spies to take down Crime Organization Bosses in Righteousness. I'm sure the line of starting to oppress our people was crossed when we incorporated this deception by psychology into everything else instead of *reflecting* for Justice in the time needed and then putting it away to keep it Righteous. We did not stay a babe to evil beating our weapons into plow shears for the *Rest* on the Sab-bath. This bad chose is probably at the point in History when the Holy Spirit allowed *Firebrands* of real snake Judgments amongst our people.

One last Offering of spy to rid ourselves of spy acts

We are born into and grow up with the Society were used to and the Freedom is defined in reference to what we know of it. This degree of slavery starts as simple as the car promoted under two thousand being 1999. 99 all the way to the *Shadow* using girls as *bate* to *lure* and destroy while grooming and *luring* them for themselves. Is rael shouts from the mountain tops and doesn't have anything to hide. Deceptive spying has to be put to rest once and for all. To get our Country back we must infiltrate our own Systems, be a *reflective* Double Agent and then blow the lid off like the Whistle Blowers in the news. A Dictator's oppression only works hidden and we fight by the Sword of the Spirit, the Word. One last *Spy Offering* to rid ourselves of spy acts for good that divide us. If someone in your relation or who is in charge of governing you knows something that can hurt you and does not say anything about it, this will be the new known expanded definition of a lie by nothing said.

Law side and Lawlessness bipartisan view

As the Law and Righteousness are at war during Times we have to view making more *Even* the Law side with the Lawlessness. Just like the Alcoholic Anonymous member if *Hollowed* would be the best Judge of an alcoholic. Any other may Judge to harshly or miss giving proper warning because of lack of perspective. The balance we see now is uneven concerning *6th Hour* guidance which has made the Lawless extreme in wickedness and no one accountable enough holding the Rod of Law, hiding knowledge of the work being more business oriented on the border of extorting tax payers. Where do you think the big Crime Organizations have gone to in the last fifty years?

Ex-Con to Politician

A Vision of Law Enforcement was given to me as how the Holy Spirit organizes. Unhallowed criminal gets caught imprisoned to work

around a *Hollowing Altar*, an education program that helps everyone funneled threw deal with the destructions caused by any specific crime. Then they move to the *Firebrand* Judgment phase working as an Informant, Security or Officer. Next after the complete *reflection* phase then they go to promoting perspectives as a Prosecutor then flipping the script to Defense Lawyer and then if extra motivated in Governing to Judge or Politician. Another kept secret in our current reality within our Government is this Process is already going from Law Breakers to the ones protecting us from crime. Can you blame anyone? This shows us in this *Eve of Righteousness* that we need to wake everyone up around us.

Local crime filling position of fallen Criminal Organization

I believe and question about hidden Government Entities playing both sides of the Legal System and Organized Crime. In every major City there are forms of Crime Organizations like Gangs. The Criminal Element looking to do some crime had better watch out whose turf their operating in; it may be the Gangs Business. In our History Gangster Organizations were taken down by covert agents or spies pretending to be one of the criminals infiltrating their Organizations. I believe what is found to happen is when you take out a whole structured Criminal Organization the regular crimes that exist in a Community eventually will fill in the gap and start the building of a new one.

Takeover of Criminal Organization

To *Counter Balance*, the covert agents of our Legal System will instead of taking down the Organization completely. They will work up the ranks to the top of the Crime Organization and by arrest or otherwise make the head bosses fall. Then they just take their place and keep running the crew weeding out uncontrollable criminal soldiers in the same fashion as the bosses.

Shadow's Lower Ruled World

This *Counter Balance* obstructs new Criminal Organizations from starting up by control and word of turf. To everyone their criminals to fear still on the streets, while secretly the new heads of the gang and the Government leaders meet together to regulate the balance justifying some evil we would hope for the overall good. This way you have new officers joining the force to make a difference in the world for good and new soldiers of the street Gang joining for all the bad boy stuff. Little if any neither knows about the other. The officer and the street soldier may someday work their way up the ranks to the same position controlling both. I call the *Shadow's* legal projecting illegal trade of criminal activity the "*Lower Ruled World*".

Future imprisonment

Separation of the person from the environment or issue that helped mold the crime committed would not help in their or anyone's *Healing Altar Inversion*. According to my personal experience, it may have been illegal how the *Shadow* operated without a Trial Institutionalizing myself in a Investigative box of entrapment but it was impressive how they were hardly noticed by anyone locking me away everywhere I went by a controlled environment. When we finish pulling into the light these *bating* programs, it will be the future of imprisonment after a person is convicted of a crime.

Trials immediately on the spot/Incarceration in their environment

Now imagine skipping all the marketing for convictions explained throughout this *Testimony*. Right after the policeman's arrest of a crime suspect and if the Defendant needs no preparation for the Case a Judge, Prosecutor and Defense Lawyer come to the scene. If a jury is needed then the usual Jury fee will be given to people gathered from around the area. Immediately the Trial proceeds and the Case is

determined. If convicted then the arrangement is made for the convicted person to go about their usual routines in this form of unseen incarceration. The *Shadow Watchmen* from time to time legally drop in for random tests for Rehabilitation and the convicted would have appointed times to meet with the *Schooling Altars* almost like the Systems of Probation operate.

Criminal Justice Entertainment

Dealing with Crime will be more of a combination Church, Prison, Hospital, School and Movie Set with Revenue from the Entertainment Industry instead of taxes and suffering. Movies and Laws will come from *Altars* within the *Green Field* at our parks and other places in our Community. Then only violent offenses may need our today's version of locked away Prison Cells. This is coming back to the set up of the *City of Refuge* in Scriptures.

Trap by your own Dream

Careful before completion of this *Evening Inversion*, your personal spoken *Prayer Offering of Ham's Dream* can be set up right before your eyes to lure you to destruction with the *Shadow's* unlimited resources along with their surveillance techniques. I truly understand God's word concerning lawyers, Blessing the enemy and their *Table Feasts*. After the *Shadow* set up of your *Ham's Dream*, those considered useful or controllable that run to the *Feast* they will leverage to the *Shadow Gate*. They will trap many by the afflictions of the flesh at the *Gate*, enslaving as Criminal Labeled Merchandise to also force work to stop all else to be entrapped from entering. Especially the one God ordained to speak it into existence. They will take all credit for any Blessings and keep all *Fruit* for themselves instead of *tithing* the Priest. Through the *Vampire Effect* they are experts at justifying themselves. As you should see this *Testimony* is also the image on the Mountain of the Way to deal with such evils.

Just remember like Jesus Christ put himself on the Cross for us, by the Holy Spirit moving through the enemy. They can only work for us by the Holy Spirit for purpose and *Sign*. I look forward to helping any and all build the piece of the *American Green Field* of your own *Promise Land Inheritance* and I also request others help in building all on these pages in what God has put on your heart to contribute. If not as explained in these pages, someone else is building it already secretly around you with their idea where you fit in, probably not according to your Will or best interests. *God bless you.*

No Sea

The *Shadow* will comes marketing business if people start gathering to long in spaces of our community for free not buying or have bought the space occupied. *No Sea* in the Book of Revelation you can compare to this gathering breaking. Repeat business is easy, when someone starts on the street and ends for many after incarceration on the street.

Nazarite Sabbatical

You have only known family and the people you have grown up with in your Life. This could be the very reason someone conforms by comfort to the world. People have problems alone with themselves at first especially when in the beginning of our Lives were lead to believe alone time means depression, heart ache or just not having a fulfilling Life. These feelings do draw us to be alone but for the reasons passed any sulking. It is for personal relationship time with your God, just like He brought the Israelites to himself in the Wilderness. Separation time is important to expand comfort zones for Is rael. Everyone has their inner *Veil* of being alone in prayer. No one besides God could ever be in your personal *Veil*. You will have continual clearing out of your *Veil*, meant to go out to the world in *Inversion Waves*. Apply this *Prayer Closet* time when the world is trying to take you down or

you fall short. Go to Church listen to a Sermon, read some Scripture or have a conversation about God. Not too much to the point of conformity, just enough to gather some Spiritual tools to go with to your *Prayer Closet*. Remember by Faith what you're looking for may not be in Creation until from God you get it to give to the world, you're *Nazarite Sabbatical Separation*. Pray all things and come out to the new world. The second, Judah brings the New Jerusalem. You may have to have a quick return visit to the Church with the new piece of Creation.

Love unveiling to find your relationship

When you were a baby, Love was milk then you discovered a person attached to it, so on and so forth as the *Waves of Veil* were lifted expanding your perception of Love. Relationships will survive with close family or counsel in Churches and other Organizations. Marriages are more successful as Statistics will show with experience, our growth from personal issues and ways we idolize. The usual modern day *Ham's Dream* upbringing is the princess finds her king for females and for males the warrior who takes what he wants. The *fleshly bondage* that grows from there is the female caught in partial dream that idolizes the male and the male leaving a trail of carnage feeding his lusts. If both don't travel down the *Broad Road* of cold usage they may stay a babe to evil and become *Hollowed* reaping the full fruitfulness of relationships.

This *Hollowing Inversion* may take multiply relationships instead of one. Full *Unconditional Love* only starts when the *Evening between* Love and sexual intercourse begins. The *Picture Perfect Relationship* is a beautiful example of purity but it's few and far between existences is mostly caused because of its oppressive nature in exaltation over the other possibilities. Like always and

forever more, Is rael is oppressed then God multiplies Is real.

Jesus Christ's returning already here

So the Lord came in one flesh, Sacrificed himself for us to send from the Father the Holy Spirit to come commune within all of us. If in all of us what gain would come to any, coming back in the form of one flesh again on a cloud? Who am I, He can do anything I would always *tithe* by word. Although for the purpose of exhorting the ways other creators conform some to focus on fear and destruction, I considered this *unveiling* needed for its purpose.

God's people all people looking for the seconds

Throughout Scriptures Israel started going off their path until God's Blessing through Judah put them back on solid ground. This is and always will be God's application for his people. We of the Church are always looking for the Saved or new blood to bring in the new little piece of Heaven to *Leaven our three measures of meal* in the Body. God always gave favor to the seconds to symbolize this. Too many have been conformed backwards exalting themselves by their many years or vast experience of being a person of God. This can destroy their *Key* of growth and conform a new member to the ways of their Church Organization, putting them *asleep in Christ*. Our Is rael (real) Congregation of God consists of every two or more gathering, Church, Religion and Organization in Creation.

Leadership

Everyone wants to lead in an upside down prideful *6th hour*. Like Christ said it is enough for the student to be as the teacher. Leadership is a mirage, only as good as the collective parts. It is a direction of an answer sought that usually turns into another question when answer is found. Be the Leader in following then you can follow God in all things and teach those around you how to prioritize their

time and purpose for Good. Without learning from others, the extent of your knowledge will be what you know and the speed you can learn.

All sisters until Word

In the Word the Body of Christ is considered the *Bride of Christ*. That makes all in the feminine except *Arking* individuals preaching Gods Word of truth at those specific moments. God knew of Women's Liberation thousands of years before it was. This puts the sexes and the Word in a Godly perspective. I consider a Process whether male or female stepping up from Orphan (lost) to Daughter (known caring by Father) to Virgin (passionately sought to unity) to pregnant Mary (*6th Hour* birthing pains) to baby Jesus (reveled Word). Looking in this way about male and female, I see a guiding Truth admonishing a brother or sister in Christ.

True Disciplining

God wants to give you what you need for your Spiritual growth by others, to the point where He is giving others what God designed to give through you. We had our family, friends and loves for Healing Influence in our Lives. When stagnant God used our negative emotions toward others in our *reflective 6th hour Fourness* to expand our comfort zone and have relations with those we would not have otherwise to find new *Keys to the Kingdom*. All to teach us an *Unconditional Love* that treats none more or less than another. No difference between loved ones or strangers, male or female, young or old, only difference between people defined by Will, vow or space of respect. This give and take relationship moves into what I call the "*True Disciplining*" relationships of purely giving what you were designed to give mankind.

Impossible to exclude especially God

You see only lower man would exclude or divide. God likes to put those excluded in charge of those that would do the excluding. Look at the Scriptural book of King Solomon. At least one would only separate to bring back together for the difference; there is no excluding the Creator. Even by others perception in agreement, try Life without energy. Someone saying they don't believe, those breathing talking about it already show our Creator did not exclude them.

Whatever you name God either way God

God created all things including the Wisdom we have used to learn of this Creation and make the things in it until the end. There was nothing before God put Creation here. All here then is a piece of Him. Any Religions or Organizations with the same God, different gods or not one at all, would be coming together for a knowledgeable purpose made by Wisdom, about the things in Creation. You see whatever one would call God; no one can escape worshiping the Father. Sense purpose with any of all things is just another piece of our God. Giving the credit due by seeing the Truth, may be the only difference between ending up on the Mount of Blessing verse the cursing. With Faith never lost we are with our God. He works all things together for good and Salvation.

God's use of saved or unsaved

Two men needed in Exodus for God's point, Moses and Pharaoh. Even though Pharaoh got the cursing in the story, the Word says to show God's *Signs and Wonders* He hardened his heart. God chooses whom He *Veils* to see Him as, in the individual's perception for His purpose. Only one knows the heart, the point of Salvation in one's Life and the purpose for the works needed before and after Salvation. I will not be surprised when I know Pharaoh coming to the Father.

Numbering Saved

God chastised His favored King David for numbering Israel. Too many try to number who is saved mostly by like mindedness. God does not want one to be lost. You should know in the Word what it says about judging someone unsaved. Careful by this point, we recognize as what we know or learning to know as people tend to see themselves in others.

Salvation God only knows

I am a Christian man of God, believer in full of the Bible New and Old Testament for me King James Version, because of the *Veil* opened to me by Father God. Salvation at a point could have only come to me by the bloodshed on the Cross of the living Son of God to take away all my sins and make by Grace, me a living Son of God that can now remain in Heavenly presence by the name above all names Jesus Christ's Sacrifice. On earth is it the same for all? There is a comparison we hear of some Indian Tribe in the deep jungle whom never heard of the Cross of Jesus Christ. The Community lived more Christian like than some American Christians. Children everyone's children all them living together loving one another like a big Family. The question some religious may ask, before the tribe heard of Salvation did the relatives who passed on to the Afterlife not receive any Salvation because they hadn't heard. The heart of our Lord tells me they have Salvation just as much as some who confess it. On earth at that moment of my Salvation the Cross as according to the Word was needed for my Salvation. For others though, let us ask them. God knows we can only guess with them together by Faith.

Two different purposes can find peace by space

There is always something two can agree upon. Anything contrary you can learn the proper space to work separate as a leading by example. There may be two different aspects of the Body that work together according to God's whole purpose. God will fill the gap and

bring back together at His time. Anything else would be war filling our space. These Divisions are symbolized in the Scripture by *Valleys, Chambers, Halls, Dens, Bins, Pots and Brooks pouring into Streams, Rivers and the Sea.*

God has others beliefs right where He wants it

My job as a Priest is not conversion. It is helping one to get closer to their God. God brings those whom and when He calls according to whatever *Veil* of perception of Him God chooses to show the individual for His all knowing purposes. Let's take one perception of God for reference. With no works or label positioning no matter how right, yesterday was a false Religion compared to today's known Religion. In any moment what God *Unveiled* of Himself or Creation, the next day will be a false religion in comparison. This is a daily renewing individual relationship with the Creator whatever view. With this humble focus now we add the details, religious labels or group focuses and it's just small words of the *Fathers Guiding Love* to know Him more.

Forever look for God

This World has Heaven and Hell. What we continue to choose may be our reward in Afterlife. All your Life Everyday in the mirror you have seen Christ and the anti-Christ. The point, until the end is to see more God and less of the other in yourself.

Miming reflection

Paul in Scriptures talks a lot about meat eaters verse vegetable eaters which applies to everything especially when it regards respect of others. In duplicating ourselves and teaching respect by the collective heart of compassion, Paul gave the meaning of *miming or reflecting* where God gave the persons' perception. He said he became a Gentile for the Gentiles and under the Law to those under

the Law so some would find Salvation. Taking someone from where they are and giving *Leading Truth* to making oneself, conducive to all's Peace.

Work on yours, learning theirs for double amount

Like people, Religions have their own personality. Any gathering group (*Church*) creates a focus, like with everything having advantages and disadvantages. We as people may find it more difficult to perfect one thing concentrating on two. God can do all things especially when we wouldn't exclude the Body of people He works by the Holy Spirit through. A little communion between another Church's focus and the work they had down becomes free Word with someone else working for it and vice versa, learning two focuses in the same amount of time as focusing on the one. This example only illustrates two different groups, see the picture. Any details that keep them separate on issues must be needed space to keep the groups on their individual focus for God's purpose.

God wants you to think big

God wants you to collect the information for a time and a purpose He will present when ready. Some may limit themselves having no patience or Faith of this. Less confident they minify their purposes by only seen knowledge of selves. Keep in mind all the learned knowledge in the world bought or earned is nothing compared to the all knowing; for free from inside you giving what He gave to the world only through you. *The God of all Times, with the power of every Star is only a whisper away.*

Tough times better than easy one's after

Disadvantages or faults become the greater part of any *Testimony*. There would have not been *Signs and Wonders* in the Exodus of Egypt if the Israelites just left after Moses told Pharaoh once, "let my people go". *Problems become gained Wisdom for*

Healing and Guidance. When one is young at heart you would say good and bad Times in their Life. In maturity you come to see it as good and painfully great Times. Past comfortable Times as before become less important more for a quick rest not to waste too much time on, hard while you're going through it but worth way more in the end.

Shine

God will take your list of faults and one at a time by Faith turn them into your strengths mostly by how you heal the world by knowledge of how it was a fault. One fault after another He replaces until in your new list of prayerful requests, the least is greater than others strengths. You will shine more and more like Is rael into our eternity.

Sabbath Rest/Seven

The questionable work ends and one can rest until another question arises. God creating Heaven and Earth in 6 days and resting on the seventh was also symbolism of this *Sabbath Rest* after the revealed purpose of work answered in your Life, plus Him Fulfilling works on the Cross to end our Justifications.

The *Ark* is determined by the *fleshly bondage* to the *Seven Spirits of God*. Symbolized by Sabbaths Times (years, months, days of a week), dips in the water for unclean, eyes on a stone and the Word to the Churches, Vials, Stars and Seals in Book of Revelations.

Cross defined

The fall by the flesh may be like an addict at the point of the *Mercy Seat* or Judgment focused at the *Ark* in the image of sin from outside of it, like the story surrounding Jesus Christ. Most likely a combination of both, a back and forth *Evening Flowing Inversion* of the Triune God to one mind and Body turning the world of many upside down. All will *Cross* from one of the four sides shown in the Book of Revelation.

Sin Offering and Hallowedness

The Jubilee, seven of the seventh Sabbaths is where Israel slaves go free. God does the counting when he reveals the *Hollowing* of flesh. Na'aman was Healed of Leprosy by dipping in the Jordan *seven* times by the word of Eli'sha. Good example of a *Hallowedness* and *Sin Offering* needed to go from the mental into the physical, or *Ham's Dream to Altar* would be as follows. A year sobriety member of Alcoholics Anonymous (AA) who can sit next to an old buddy in a bar with a non-alcoholic coke, while another member with same amount of time sober due to his self control issues can't even drive down a street with a bar on it. The person that can't be near it is just as in chains to alcohol away from it as being drunk every day in his past. The person may need some more *Mental Offerings* and if that doesn't work then a *Physical Offering Altar*, tapering down amounts until *Hollowed* and Free from being controlled by the drug. We also must keep in mind Paul in New Testament by his Word was kept bound to a *Thorn in his Flesh* as a *Sign* that God's Grace was sufficient.

Father, Body of Christ and Holy Spirit the Triune God

The Trinity is known by most Father, Son and Holy Spirit. Jesus Christ's Atonement Sacrifice forgiving unholy us by faith in him being the *Door* enabling us to be filled by the presence of the Holy Spirit. He was returning to the Father thus leaving the Son position and would send us the Holy Spirit to commune with us as the replacement position. God made Jesus Christ the name above all names whereby we receive Holy Spirit Revelations of the Word in the Body of Christ. The Trinity is more accurately explained as *Father, Body of Christ and Holy Spirit*.

All eternity's books written in the one Book

God has the beginning through to the end of time hidden all in

the pages of the *Holy Scriptures*. This *Testimony and Prophecy* I wrote along with others is a piece of History and guide till the Truth manifests. The real renewing *Testaments* are now written as any *Prophecy* on the book of Life in the world, on the hearts around us all. As for you live the book unless your bringing by oppression. Those that oppress you are only the Spirit's power point of the world trying to hold back what it can't see of the *New World* you're ordained to bring to all.

Scriptural song

The *Seal breaker Scriptural Song* I sing as part of my Priestly service, takes all the main Scripture points, ties them together and puts all the labels in Trinity form in the place between each letter of every word. This way it makes each word into a sentence of Scripture words, last first, first last, full circle sometimes multiple times depending on variance of sound. For instance "Lord" sings as "Door Royal Lower Road Lord". It becomes even more complex with label splits of King James Version making some labels like Je ru sa lem with three splits into whole paragraphs. Some people hear tongues; all see Visions and some see curses. It is really based on perception of the flesh, ones issues their dealing with they will hear or see. By Revelation I told those connected with the *Shadow* following and taping, to put the songs on social media to gather all different understandings and compare the ideas of what people hear from the song which almost sounds like a form of rap. Eventually like the *Evening of the four sectioned peach*, after the different understandings by the flesh are understood and *Hallowed*. They would come to understand the *Unconditional Truth* of the things I write. Someone connected has a full recorded copy of mine front to

back of the New and Old Testament. Obviously also suppressed, I even tried to by recorded notary divvying up business partnerships according to work needed. This knowledge that's kept hidden about the Scriptures truly is how from the populace the *elite position Famous, Politicians, Shadow, Working Class, Church Starts or becoming Prisoners in cells.*

Israel's work is God's work through us today

Anyone's perception of Peace, Love and the Pursuit of Happiness can be tricky, combined with everyone else's. God gave a *Base* to recognize these learning *Inversions by the Tent of the Tabernacle* and all the works of the law performed by Israel. Father God's Grace by unearned Faithful belief in His Son Jesus Christ's Sacrifice fulfilled these works of the law, lest any man may boast. He also said not one writing of the Law will go away. *The Levites and Priests had Holy Robes with Bells, a Curious Girdle, Ephod with a Stone on each shoulder, Breastplates with special Stones, and representatives of Twelve different Tribes. They sacrificed particular Animals or Substance Offerings on a Horned Altar with Pans, Shovels, Basins, Flesh Hooks, Fire Pans, a Grate and a Net. There was a Court with many Pillars to the Tabernacle of the Congregation. The Tabernacle itself was made with a specific number of Boards with Sockets, Pillars with Hooks, Curtains with Rings, Coverings of Goats, Rams, Badgers Skins and Blue, Purple and Scarlet twined Linen, cunning work of Cher-u-bim depending on positioning. In the Tabernacle were seven six branched Candlesticks of special designs of Almond Bowls, Knops, Flowers, with Tongs and Snuff Dishes. There was a Crowned Table with Bowl Covers, Spoons, Dishes, Show Bread and an Incense Altar. The Holiest place the Ark within the Veil where God met Moses, It has the Mercy Seat Cover with two Cherubim, the Tables of Stone commandments in the Ark, and Aaron's*

rod that brought forth Buds, bloomed Blossoms and yielded Almonds. There were many other details of works of the Law in relation to Times and Cleansing. If these works of the law will never go away and are fulfilled so we don't have to work them where can they be today? When God had Moses put together all the physical format of work for that time He really made for us whether or not we help or hinder a Spiritual Base of how He arranges by the Holy Spirit our physical reality in this present time. The Son of Man coming on the cloud of God Revelation above the Mercy Seat Between the Cherubim with their Flaming Sword of the Spirit Word to keep the way of the Tree of Life is always manifesting around us in our Culture and sphere of influence. Someone sits upon the Mercy Seat until the Tables of Commandments come bringing a Sab-bath Rest and new work starts, Aaron's rod buds, blossoms and yields almonds bearing the Fruit of the Spirit. Then the rest of the Tabernacle sets up around it. Spiritual making the Physical based upon relations.

Walking up to Ark like it's the Manger

It is important to understand *Arking* as peoples *reflection* of the world that you need to look humbly upon like the Three wise men following the North Star, walking up to the Manger with baby Christ. I use the pointing rule. One finger pointing of questionable Judgment to another, three fingers point back at you signifying the question of where the problem is within ourselves *reflecting* to the point of seen issues and the thumb pointing up toward Heaven as submission to any answers given by *Revelation of the King*.

Our knowledge can hold us back

Scientifically our thoughts or knowledge comes from the fleshly organ the brain. Our flesh being is only a container, a vessel for the Soul of the Spirit. With this understanding the knowledge of all, the

heart of God is only restricted and limited by our flesh brain. We make ourselves so let the Lord make you a Lord and then prove it by making Lords, Kings, or Presidents around you.

Our Cross is God moving us around Ark

Let God move us around according to purpose. Why even label yourself in any particular way. He may help us go from one Cherub to part of the Veil, Table, the Showbread, part of the Tabernacle, the Court, a Bell on the Robe or the Altar, a Horn, a Shovel even the Sacrificed Animal Offered if it's for His better purpose. *Picking up the Cross following Jesus Christ* in our sense of the word is looking for the *Ark* and helping around it as needed.

Altar Evening Wave of reflection

We could only recognize problems we see in others if we had them in the past or are starting to see it within ourselves where we look toward others. Jesus Christ cast out a Demon from a boy his Disciples could not and out of men living in tombs he suffered a legion of demons into swine. These Healings had much to do with the people around the Demon possessed. It's like a group of friends who in their sphere of influence there was a very odd fellow not within their circle. Then after getting to know better the odd fellows individual quirks they all became friends, him as part of their inner circle. Soon someone outside their circle looking in can't even tell the difference between any of them. What happened was an *Evening or Healing Inversion* between them all. Sometimes according to a *6TH hour*, a group is cursing an individual as being lame when in reality the so called lame one is the only well one. The group only sees the *mirror reflection* of themselves, never learning due to denial and Judgment.

The *Altar* is two extremes, individualism coping separation from conforming and opposite, *mirror* of conforming and no individualism. The *Evening* answer for all people to why and what for is our Revelation of *New Heaven and New Earth*.

God uses what we would see as evil

God see's darkness as He see's light. The eye of the beholder looks into the Bible Scriptures or at someone in the world and may see a blatantly evil person. To God it is Judgment *Arking* through the person for purpose and a *Sign* for us. Is rael could make two lists of people's actions or events making one side good things and the other Judgment unto Salvation. God used Babylon as his rod of Judgment to unmercifully bring Israel into captivity. Soon thereafter He Judged Babylon for it.

Golden Cup of Abominations

In all these letters I write to you, I wanted to paint the picture that the Spiritual imprint of Revelations is happening right now in our current reality. Our own Government has become the *Beast* separate from its people and driving more toward slavery like biblical Egypt every year unchecked. The Criminal Justice System is the *Mother of Harlots with the Golden Cup of Abominations, Filthiness of her Fornications* selling crimes and fears that go along to pay for the Process. *Blaspheming Names* lead to atmosphere controlling labels and fear, funded by our fears. It all branches off from the top greatest hated fear *Baby-lon*, marketing children by lust after all who would know with orphans how organized their upbringings may be and for what purpose. A lustful child already taken by DHS could have their Guardians determined and their issues used. One could move around the Country in Witness Protection Programs, or by Church Missions almost undocumented.

Help Hole Poking of others by our peace

To many tear down others idea's or purposes just because they would feel insecure or low not having one to contribute. I call this "*Hole Poking*". Always remembering the problems we see will

become more a part of us that we see about those holding us back or we think we can't possibly include in Lordship. Pray for the solution or at least how to work without being affected by it. *We change are selves first, then the others next and if neither of those work then we change the situation most likely by giving space.* If you don't have a contribution to the others idea or another answer then anything you could say can only be a question. War has always stopped us from an *equal share Lordship* within the Body. There can be no Equality when anyone around us takes away Willful respect of themselves or others, dividing us.

Tough Love

Everyone has faults and God given strength. How they use these in *duplicating themselves* in the Body makes the difference. You can be wrong in a matter and because of how the person that is right in the matter uses the information for all concerning, they can make the right's usefulness wrong. How we help with this *Evening Inversion* determines Willful respect. If the Love of God through us for another exceeds that others Will of perceived respect toward themselves it is called "*Tough Love*". It's like what you would have to do if someone stayed to long on your couch. *Tough Love* is a guiding truth starting with Word and gradually moving to increasing restriction of what is yours to share. Be careful not to cross the line, it's not taking away what was theirs or to extreme *wrestling* or opposition for growth. This *Testimony* toward our Governing is meant to be *Tough Love*.

Open up and you may hear God

Some hope to hear God's voice. God made us in the image of Himself, thus one who wanted to commune with and hear God would only need to have Faith that He would speak the Word right through their lips. It is impossible to please God except by Faith and God wanted us as the true fleshly Temple to commune with us. Everyone

will have that experience where they cannot believe the beautiful Wisdom that came out of their own mouth. I believe the major determination how often this greatness comes out of ourselves is a direct *reflection* to the level of pride the individual may have in taking any of the credit for such Wisdom. Be careful if someone thinks they have actually heard Him, more likely the seven spirits.

The word comes

The Word comes in a Process starting with a cry, utterance or a tongue then the explaining of the experience by all the surrounding details in a story. Be careful some never pass a story phase for by pride the stories just get longer for no point other than man pleasing and to be the main one speaking in the spotlight. Then in a Psalm form the story becomes condensed into all the main points of purpose and Edification that is Healing. You can read it throughout the Scriptures were the Prophet tells the story and at the end has a song with all the meaningful points of the story. Then God ties that into the overall main points of pure Wisdom like Proverbs. They are all combined in Parables for directional understanding.

Unconditional Truth

Some Visions given to me are like when you come to a *crossroad* faced with different decisions. Based on the Will choice determines the *Path* or outcome. The *Unconditional Truth* is when no matter which choice at a *crossroad* one makes, it will always come back to the *Truthful Road* after the end comes to another decision. Most of these writings will be *Unconditional Truths* and as example I have also expressed some dead ends. Some dead ends are deviated entirely. Prophecy within Mass perception enables the quicker route minus the dead ends. Just like in the Book of Jonah the people of Nineveh deviate destruction by Prophecy. As these words are spread,

pray for a smooth transition in the dead ends and that some by the quickness of the Word can be entirely deviated even if, then some would only call it false.

Truthful Sod is negative with conviction

The Word of Truth by perception can be negative or positive. Light on one living in darkness is *convicting* which is why the Bible is fearfully rejected by some. Faults pop out from the pages. People base their Lives by their insecurities. God's ever present profession is making weaknesses into ones strength. Jesus Christ's *Parable of the Sower* was a great example of those *convicted* and they received according to their perception. Negative *Sod* of one's perception is not the problem then; it's how long it takes to find purpose which turns it positive.

Speaking only Truth

We need to be careful with our words not like those who use tactics to instill fear, even if its fake real will always come around. You can guarantee violence comes from the mouth first. It manifests even if the violent words weren't in its direction. Make straight the way of the Lord as the Word says about the Voice of One crying in the Wilderness referring to John's baptism by water before the *Holy Spirit baptism*. In other words we need to pay attention to the *Signs* of some cursing or complaining of something in our World. It can be the literal baptism they speak about and what comes next is Revelation of the Holy Spirit baptism again from *Altar to Ark*. This *Testimony* fits in this category of Crying Out in the Wilderness. Our words have to match our actions to be real and recognize Truth.

Fiery Serpent Image

Out of *conviction* within, the main focus for some along with some cities *Shadow Watchmen* will be looking upon me as a child predator. I will be happy to assume the *Altar Image* for their

Edification. Like when Israel's sin made *Fiery Serpents* come *bite* the people in the Wilderness where many died. God then had Moses put a *Fiery Serpent Image* up on a pole so when they were *bit* they would look upon the Brass *Serpent* and live. I would be the *Fiery Serpent Image* for the reasons expressed in the *Fountain Offering*. I will explain to any Governing Agency how to train those being part of the *Shield of the Green Field* toward myself as *Fiery Serpent Image* and any real suspects in maintenance of issues according to the *Make Holy Philosophy* to improve the System.

Governing Agencies explanation of maintenance by Shield

The Word states *make friends by the mammon of unrighteousness*, for when it fails they will accept you into the eternal dwelling. The *Image* would be the usual lacking Love with low self esteem, alone, afraid of groups and intimidated by other men. I would evaluate them by, the maintenance perspective in relationships verses Love deprived box with *bated* destruction. The females Leadership with submissive men is needed with her balance of not scaring the image off by introducing others to fast in the couple's relationship. She should stick by the *Image* when he separates from groups, others or men and supply needs including sexual relations in a regulatory manner. Sex would be strategically taken from the wanted levels of the individual to tapering down amounts with fasts, back and forth as needed to whatever *Evens* according to *Unconditional Love*. The *Shield member* would expand the *Image's* understanding of Love and their relations with others, *Hallowing* any issues. Always leaving the (tithes of others in the mix) unregulated and uncontrolled coupling of *Soul Mates* in the crowd, part of the *Shadow* or not.

Let's have everyone's word count

Our mindsets are so war driven if the elected makes a mistake;

they are torn down permanently and kicked from position. No one knows how to handle problems as this example shows. There was a meeting I learned and told where a truck driver got stuck under an overpass because of clearance, after some time City Officials remaining clueless on how best to free the truck, a child with the best idea of letting out the air pressure in the tires just happened to be in one of the cars behind the truck stuck in the traffic jam. This is a picture of how we want everyone in our Nation to be able to contribute idea's to main issues and what's going on in our Nation. So one of our children working at McDonald's fast food can even within a short period of time be recognized by the Government for a revolutionary idea in our Nation if not also paid for them. When this Concept *Evens* and positioning in our culture is really only for one's growth or others realizations of benefit, we can have a Down's syndrome President for example sense all's word in that Democracy will count. People could be put in positions for faults to find purpose. As it is now in this backwards *6th hour* someone is voted into position by people trying to avoid faults. Those making mistakes overcoming, growing and people all learning how to turn it into success for all is worth way more than disconnected people not paying attention because the assumption is they have everything handled in their position.

Allegation

I was accused of attempted Sexual Abuse in the first degree which according to Case and Statute Laws to be found guilty Beyond a Reasonable Doubt my intent would have to have been to sexually gratify the other party or myself. Saying no it was not my point and my evidence from City Council confirm that intent. Plus I would have to be attempting to touch a girl's nipples or crouch unless she would

otherwise state what is considered private part to her before an attempt. Since there was no evidence and my word saying I would only touch my wife there, you may wonder why I had been in Jail awaiting Trial for two months at that point.

Arrest

What happened was I only recently started going to Portland State University (PSU) Fountain. After getting wet in the Fountain on a hot day I was drying in the Sun while singing my Scripture Song that is part of my mission in my Religious Congregation. Thirty or more people show up by what seemed to be three distinct groups when only around one other person had been there with me the last twenty minutes. A 3rd of them were a group of children, so I waited for the *luring* of usual child *bate* while performing my *Fountain Offering*. Then I saw it from a little girl and after confirmation of what I was seeing, I went up to ask her about it. My questioning was always respectful in front of their adult counterpart and *Hollowed* in speech. Just questions to see if they knew me or get info on the *batters*. I got used to them ignoring my questions and leading without words so very last thing, I would reach out to them always according to Will and innocent like grabbing a hand in a dance. This way I could test reaction, maybe get a needed Police Report. After some questions I said to come here, started to reach and then she said no. I stopped, put my hands up to signify no harm or foul so to speak and said ok. That's when a woman ran up to us saying "why are you touching my daughter"? She was not even the mother, later identified as a YMCA employee in charge of the children. I said "I had not touched her", but apologized anyway and told her that I meant no harm. She was not listening to a word I was saying and told me to "get out of there or she would call Security". I had not done anything

wrong unless you would count *convicting* from within a worker in this form of *trafficking of child bate*, so I wasn't going anywhere. Then she said "Security was on their way". I put my clothes on over my shorts and waited for Security to show up, going back to Singing my Song. Figured like the other times I would get excluded, get my Police Report on *Baby-lon* or set off the trap.

Imprisonment

There I was trap set off in the *Belly of the Beast*. I just wanted my family and people safe from others *convictions*. Is it not convenient with my intent submitted to the Government Agencies before this incident that one person's expressed perception of what they saw, another person hearing what they expressed they heard, that would get this particular case passed a Grand Jury on the way toward a Trial. Fishy is it not, especially when it would Justify for someone *seven years* at this point of Lawlessness, unlawful imprisonment of a controlled relational environment to lead to full imprisonment and keep someone from having to put back together a family that was unlawful for them to separate in the first place. Someone would rather have me register as a Sex Offender, instead of fixing their past fault. Cold is it not. Thank God it didn't work and for anyone's protection they probably better require a Preliminary Hearing over a Grand Jury in states that have both.

Entrapment

It started seven years earlier a traumatic experience, I went to pick up my 3 and 4 year old daughters and found out my ex-wife had moved somewhere in Nevada with them. With a track record of no help finding them, home invasions, Hospital stays and *bated* children I woke up three years later finding out I was in a molester program connected to some Church and Governing Body in Portland Oregon. These people had a woman be my Lover, pretend to be my fiancée to

move in and take over my home. Then after putting people in the rafters, probably cameras to, they put an alleged twelve year old sister in front of me as *bate*. After that didn't work they were sending people to be let in by the ex-fiancée to assault and rob me like they had done two years earlier, all to cover up how they manipulate tax dollars and to release liability of the mistake of taking my girls by a lie. Not knowing anyway of escape and knowing for the Love of my girls sake, I did not want to.

Pulling them out

God gave me Revelation that I had to pull out these entrappers to confront with others somehow. All over Portland for a year I lived in five Big Business Parking Lots so they would include employees in on whatever they were telling about me. I separated myself off under the I205 Bridge so I could possibly confront them. Knowing I had been living in someone's lie and because of tested perceived recording of me I promised while giving them all truth, indirectly of course that I was going to uncover what they had done to my family and told all of any questions they could have had for an Investigation. After that, living Downtown where there were more people I kept on the move performing my *Fountain Offering* making sure we were noticed and their traps were obvious. For my own safety I kept putting in letters to state representatives, City Council and Independent Police Review. At first they were working with me at the *Altars* but then dancing with or meeting a dancer was too *convicting* within for the *Watchmen* I presume because they were lied to for liability reasons about our past. This lead to just more answers not being given and Park Exclusions. *Conviction* within as explained was the point but these acts made it obvious to me that it was not understood, the *Healing Altar Concept* for all. More in the arena was it of tax costly

predatory destructive traps that divide people for ones benefit over others and make the workers cruel and keep the children sick with Love separated, revengeful lust spreading ways unhelpful to most. With the *Altar* work being cut off by these Exclusions I had to step it up looking for information worthy of a Police Report in the *Green Field Flow* of people created in opposition of me or any *bating* recognized. They would just ignore me when inquiring or dismantle the traps when I came. I appealed some of these Exclusions and put in complaints about some Officers into Independent Police Review but someone even got sneaky with that way sending Park Rangers to exclude me so I couldn't do the usual Complaint Process. Portland being the new training hub for this kind of *fleshly trafficking* and me being the loose end that I was for someone's past Justification of work done against my family, I knew it would not take long for some kind of concluding episode to our interactions for these last *seven years*.

This is the laws manipulated from the arrest expressed in a Writ of Habeas Corpus submitted and an up and coming Tort claim:

Defendant was held at the Oregon State Hospital, 2600 Center ST. NE. Salem Oregon 97301 for treatment by order finding the Defendant unable to Aid and Assist according to ORS 161.360-161.370. All someone would need to do is look at the regular Procedural Motions I put together myself, without any Lawyer assistance in this Case or the recorded records and they would find out how I said, Defendant under ORS 161.360 not only understand the nature of these Proceedings, but have helped my Lawyer and Case with my Motions and Recorded statements. Thus because the Court did this action and never addressed most of my Motions when requested, I was wrongfully imprisoned with prejudice passed the sixty days right to Speedy Trial. The Court without the proper Hearing is attempting to insinuate what I the Defendant have

experienced leading up to the arrest regarding my own Family, I would call entrapment to be a Delusional Thought Process. There has been no Hearing regarding these details to confirm or deny.

Six days before Trial October 4, 2012 forty eight days into the incarceration said, Defendant was brought into Judge Bloch's Court with Defendant's Counsel Brad Kalbaugh and Prosecutor Robert Leineweber. After over a half hour of attempting to convince me to give up my right to Speedy Trial, said due to readiness. I was warned what direction this off the record conversation was leading to by the Judge saying "there was ways the Court could make me give up my right to Speedy Trial", so I motioned for the Proceeding to be on Record. The Prosecutor then motioned for a Psychological Examination of the Defendant due to concern of DDA based upon this non-recorded meeting. Judge Bloch authorized this Motion according to ORS 161.365.

The test was given to Defendant October 8th, 10th and 16th by Henry Miller, PSY. D. Clinical Psychologist Northwest Family and Forensic Psychological Services, base at 1734 SE. Ladd Ave. Portland, OR 97214. The conclusion and Hearing for the Examination was not held until November 19th, 2012. Forty six days after order by ORS 161.365. According to (1) (b) of the Statute an Examination may not exceed thirty days after transport to a facility designated by Oregon Health Authority. Defendant was not transported. The Examination was performed in the same County Jail of confinement at MCDC 1120 SW.3rd Ave. Portland, OR 97204, thus the conclusion exceeded the Statute of Limitations by sixteen days.

According to ORS 161.370(13) notwithstanding the suspension of the Criminal Proceeding under Section (2) of the same Statute, this does not preclude any objection that the Statute of Limitations has run. Besides added to said mentioned above the sixty day limit of incarceration according to right to Speedy Trial ended October 16, 2012. The order under ORS 161.370 (2) suspending the Criminal Proceeding finding the Defendant unable to Aid and Assist was not ordered until November 19, 2012. This was thirty four days passed Defendants right to Speedy Trial.

A 20 page Evaluation was submitted by Psychologist Miller that was

used to determine Defendant's ableness to Aid and Assist. This Report was not based upon only a four hour recorded Examination between the Defendant and the Psychologist as Statute suggests. It had letters written in confidentiality to the Attorney from Defendant and unquestioned Discovery information from Prosecution like Police Reports. The Report may not contain any findings or conclusions as to whether the Defendant as a result of Mental Disease or Defect was subject to anything to do with the Case charged according to ORS 161.365(3). Passed Criminal Record was even in the Report.

If the findings of the Report are Contested according to ORS 161.370(1) the Court shall hold a Hearing on the issue and the party who Contests the findings has a right to Summon and to Cross-Examine any Psychologist who submitted the Report. On the date November 19, 2012 Defendant so called and was refused another Hearing. All Defendants Motions have been ignored regarding these issues, plus some others and I was sent to the Oregon State Hospital for a second Evaluation.

Never have I been Diagnosed with a Mental Illness for the last thirty eight years of my Life, until this Incarceration and it's basis was on the Defendant seeing their entrapments not the application of the Statute that determines Aid and Assist ORS 161.360, so I refused to take Psychotropic Medications for a non-existent Mental Illness. I assumed by procedure that one of the Treatment Malls main classes for .370 Patients which is Legal Skills class was to release liability of the Court in its illegal decision to apply Defendant to ORS 161.370. The Patient's knowledge by ORS 161.360 at the time before taking the Legal Skills class could be challenged after he had taken the class. To counter this from happening in the Defendant's Case I cooperated at the Hospital with all Treatment and Classes except for the Legal Skills Class.

The second Evaluation at the Hospital I believe was another manipulation of the Statutes to force the Defendant to take the drugs and the Class that would release Judge Bloch's decision liability. Along with the Diagnosis of no substantial probability within the foreseeable future that Defendant can Aid and Assist was a Testimony in Court that Defendant may be able to Aid and Assist if medication could be administered. Then instead

of applying section (10) of ORS 161.370 the Court tried to force medicate. The Defendant had to take the Case to the Supreme Court by a Writ of Mandamus which caused another year of illegal incarceration.

In conclusion the Defendant spent twenty one months incarcerated nine months in County Jail and twelve months in the Oregon state Hospital, nineteen months of illegal imprisonment passed the two month right to Speedy Trial. Justice demands compensation for Lost Time, Wages, Pain and Suffering and Deface of Character.

People not knowing their Rights cause many representing our Systems of Law to cutting corners and maybe not even know the procedural Law themselves. The Criminal Justice System can tie into Mental Health Systems easy enough if someone is convinced or deemed Mentally Ill. They then would enter a category that tax payers would pay into Social Security Disability for most likely the rest of the individual's Life.

Definition by ORS 426.005(2)

"(2) as used in ORS 426.005 to 426.390, unless the context required otherwise:

(e)"mentally ill person" means a person who, because of a mental disorder, is one or more of the following:

(A) dangerous to self or others.

(B) unable to provide for basic personal needs and is not receiving such care as is necessary for health or safety.

(C) a person

(i) with a chronic mental illness, as defined in ORS 426.495;

(ii) who, within the previous three years, has twice been placed in a hospital or approved inpatient facility by the authority or the department of human services under ORS 426.060;

My diagnosed Mental Disease or Defect can only by Law be determined in this Case by what's called a Civil Commitment Hearing where they determine Mental Illness by Statute This has never been determined, past or present by Case or Hearing. Even by Christopher Corbett, PSYD written word in his Report he states "he is not viewed as violently dangerous and as such the Oregon State Hospital is not allowed to administer medication without his informed consent."

According to the Diagnosis and Statistical Manual of Mental Disorders, (DSM-IV-TR), my alleged Mental Illness is 297.1 Delusional Disorder-Persecutory Type. Conviently if you're being Investigated and entrapped by our Criminal Justice System it looks the same.

The manual reads,

"This subtype applies when the central theme of the delusion involves the person's belief that he or she is being conspired against, cheated, spied on, followed, poisoned or drugged, maliciously maligned, harassed, or obstructed in the pursuit of long-term goals. Small slights may be exaggerated and become the focus of a Delusional system. The focus of the delusion is often on some injustice that must be remedied by legal action ("querulous paranoia"), and the affected person may engage in repeated attempts to obtain satisfaction by appeal to the courts and other Government agencies. Individuals with persecutory delusions are often resentful and angry and may resort to violence against those they believe are hurting them."

Do you see the irony here? If it's really happening to you, denial of the second party makes you a Mental Patient for reaching to our Systems for help.

Under ORS 419B.015 The Department of Human Services (DHS) is always the first to get a report of suspicion of Child Abuse and run all the Mental Health Organizations including the Oregon State Hospital (OSH) together with Oregon Health Authority (OHA). ORS 426.330, 426.495

In my Case in 2005 when my ex-wife contacted DHS about my children, then whatever program they put me in, they called me Delusional later at their Hospital (OSH) for seeing the entrapments of the program. It's like two children playing hide and seek. One finds the other behind a Veil. The one found then says you do not see me your crazy.

I have three girls I have not seen going on a decade, by lies were manipulated out of my Life. Myself as bate setting a trap by theirs I risked it all. In a fathers Love for his daughters there is nothing more horrific than your girls against their Wills being sexually abused. Having your time taken between your girls and repeatedly over the years being set up to look like a sexual predator is now known equally to me as horrific. I see continually more clearly praying to God to gives those reading these Revelations sight to see all sides' revealed true solutions. If not *Hollowed or Even*, then the greatest things we Love, hate or fear can be used against us and manipulate us for someone else's pocket at our expense. Make sure then for you, your family and our Community that you pass the words of these letters on until we all know there answers. God bless America with Democracy.

**PORTLAND CITY COUNCIL
COMMUNICATION REQUEST
Wednesday Council Meeting 9:30 AM**

AUDITOR 07/22/14 PM 3:14

Council Meeting Date: _____

Today's Date 7-22-14

Name JAMES MICHAEL FRANCIS LOPES

Address 650 NW IRVING

Telephone M-208 794-0444

Email michaelfrancis1313@gmail.com

Reason for the request:

PERSONAL CONSTITUTIONAL WRIT

James Michael Francis Lopes
(signed)

- Give your request to the Council Clerk's office by Thursday at 5:00 pm to sign up for the following Wednesday Meeting. Holiday deadline schedule is Wednesday at 5:00 pm. (See contact information below.)
- You will be placed on the Wednesday Agenda as a "Communication."
Communications are the first item on the Agenda and are taken promptly at 9:30 a.m. A total of five Communications may be scheduled. Individuals must schedule their own Communication.
- You will have 3 minutes to speak and may also submit written testimony before or at the meeting. Communications allow the Council to hear issues that interest our citizens, but do not allow an opportunity for dialogue.

Thank you for being an active participant in your City government.
