

Good Morning

Regarding possible changes to SE Division and SE Caruthers and
“Mixed Use – Urban Center”

Our neighborhood is already being destroyed by large apartment buildings with no parking. As a home owner at 3327 SE Caruthers, who pays property tax, I often need to park two blocks from my home.

The City of Portland is discarding home owners while the developers get rich.

It might be wise to reconsider sprawling onto South Caruthers.
