Portland City Council

January 14, 2015

OUR COMMITMENT

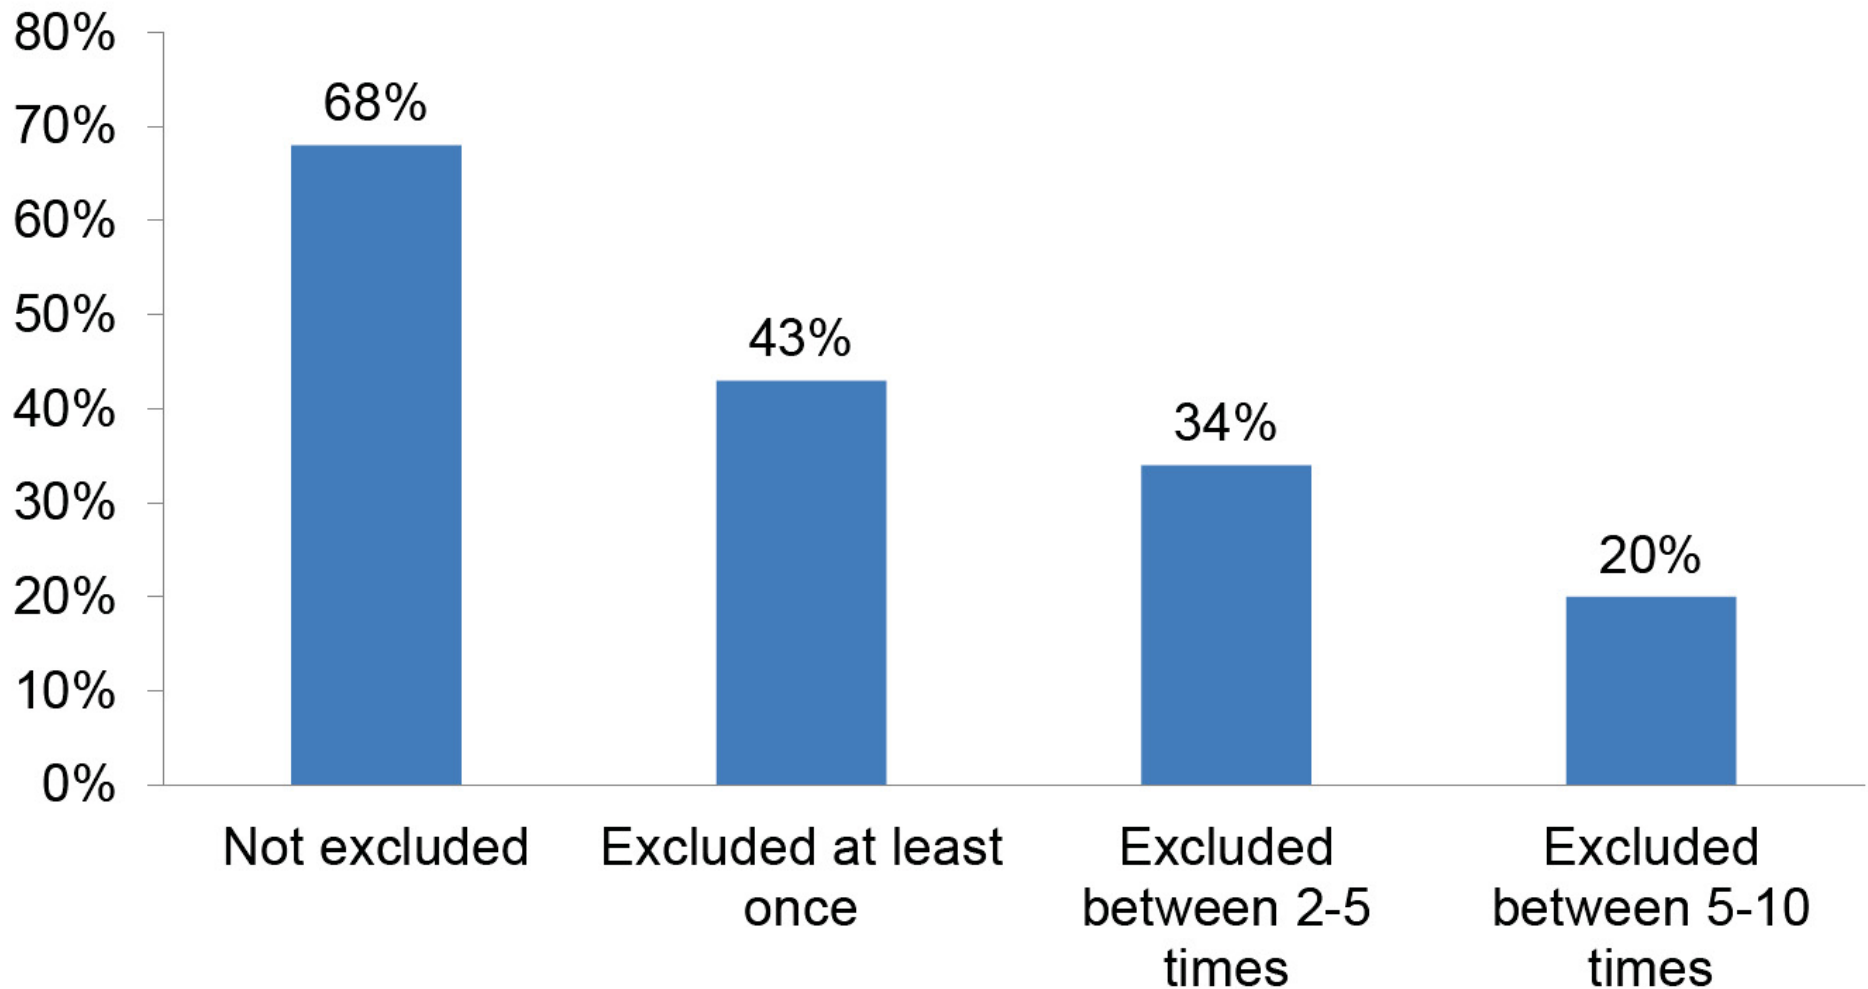

To reduce exclusionary discipline and increase instructional time for all students

DISCIPLINE DATA - OVERVIEW

Discipline rates & 4-year cohort graduation rate

PPS Graduation Rate

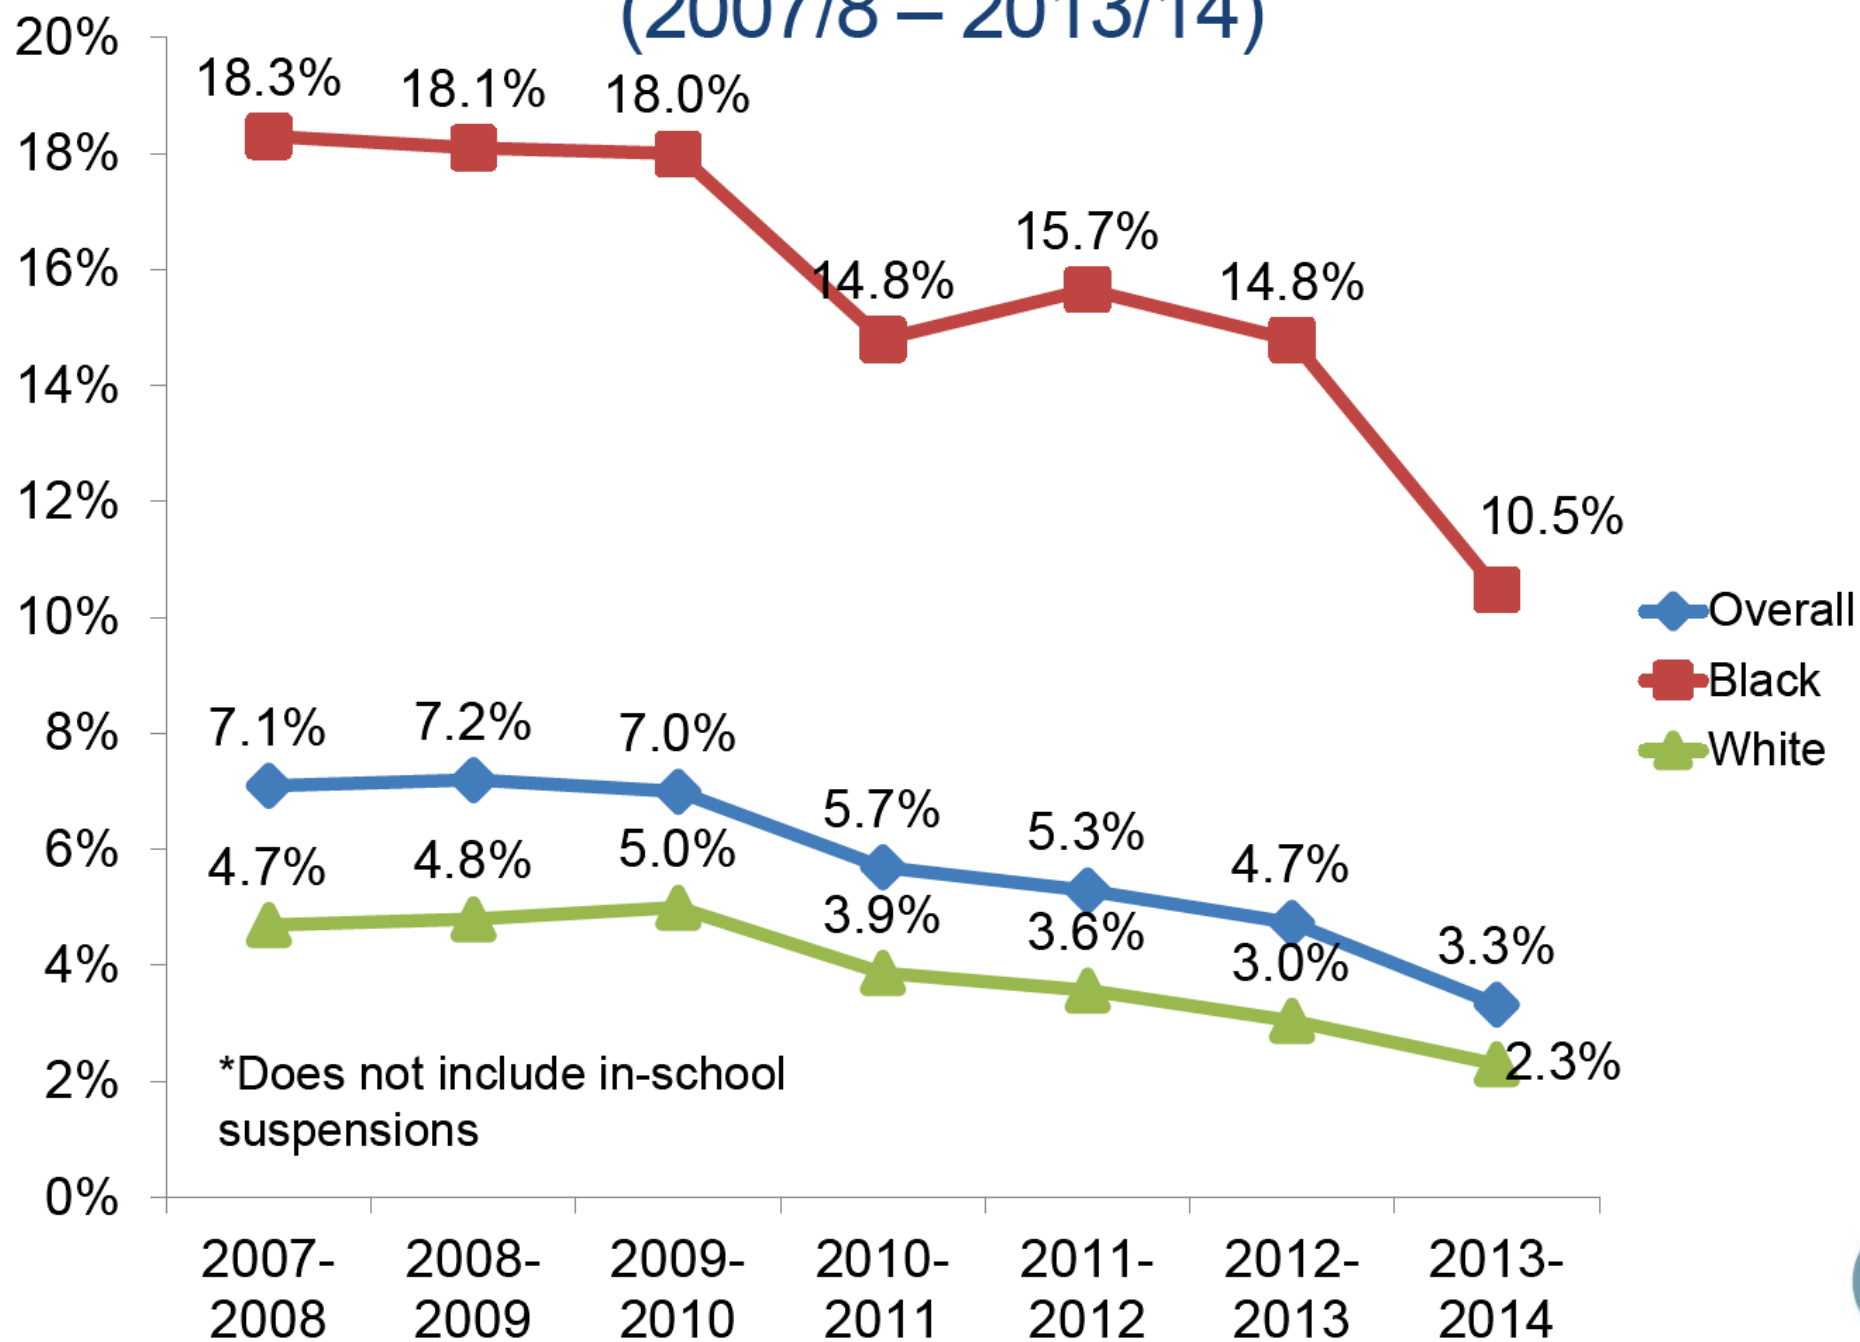

4-year grad rate by presence or absence of exclusions during high school:
2010-11, 2011-12, and 2012-13 grad cohorts

% of students excluded at least once (2007/8 – 2013/14)

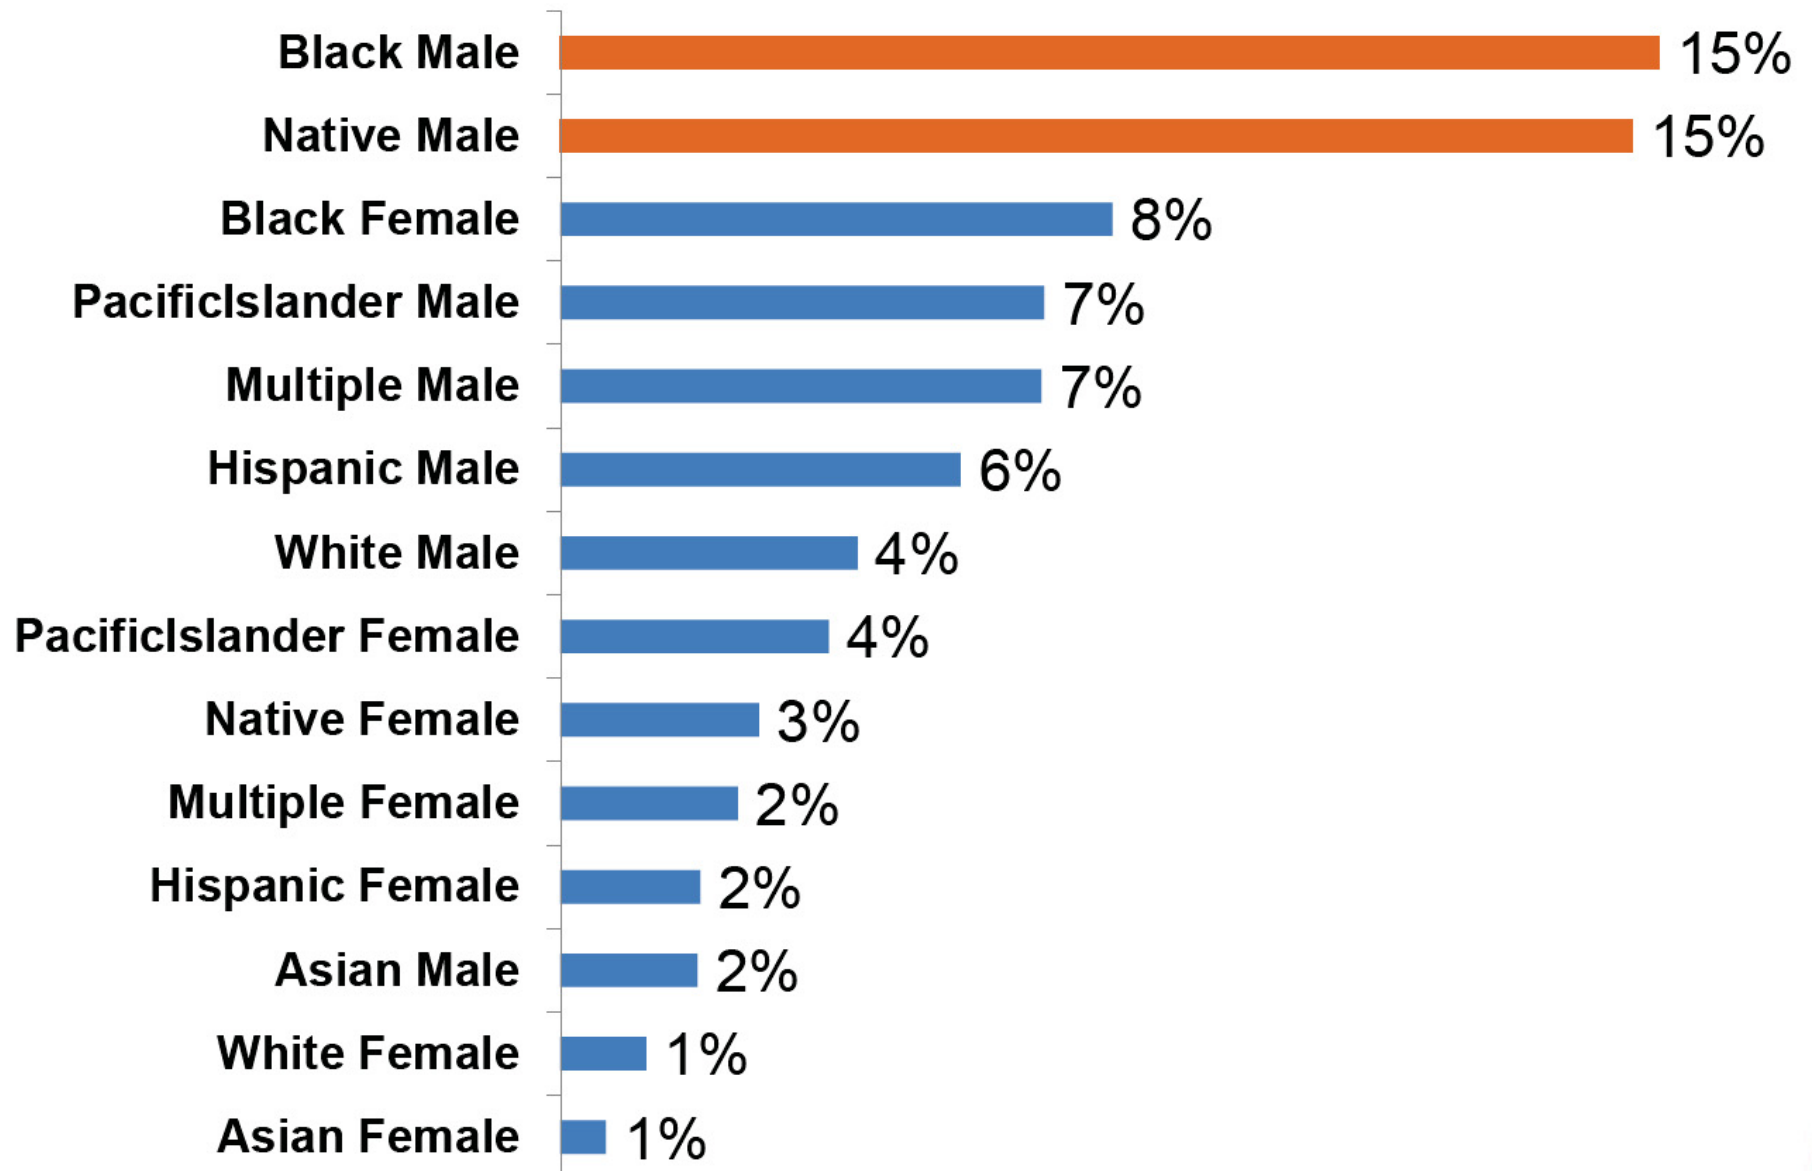

Percent of students excluded at least once

(including in-school suspensions, out-of-school suspensions and expulsions)

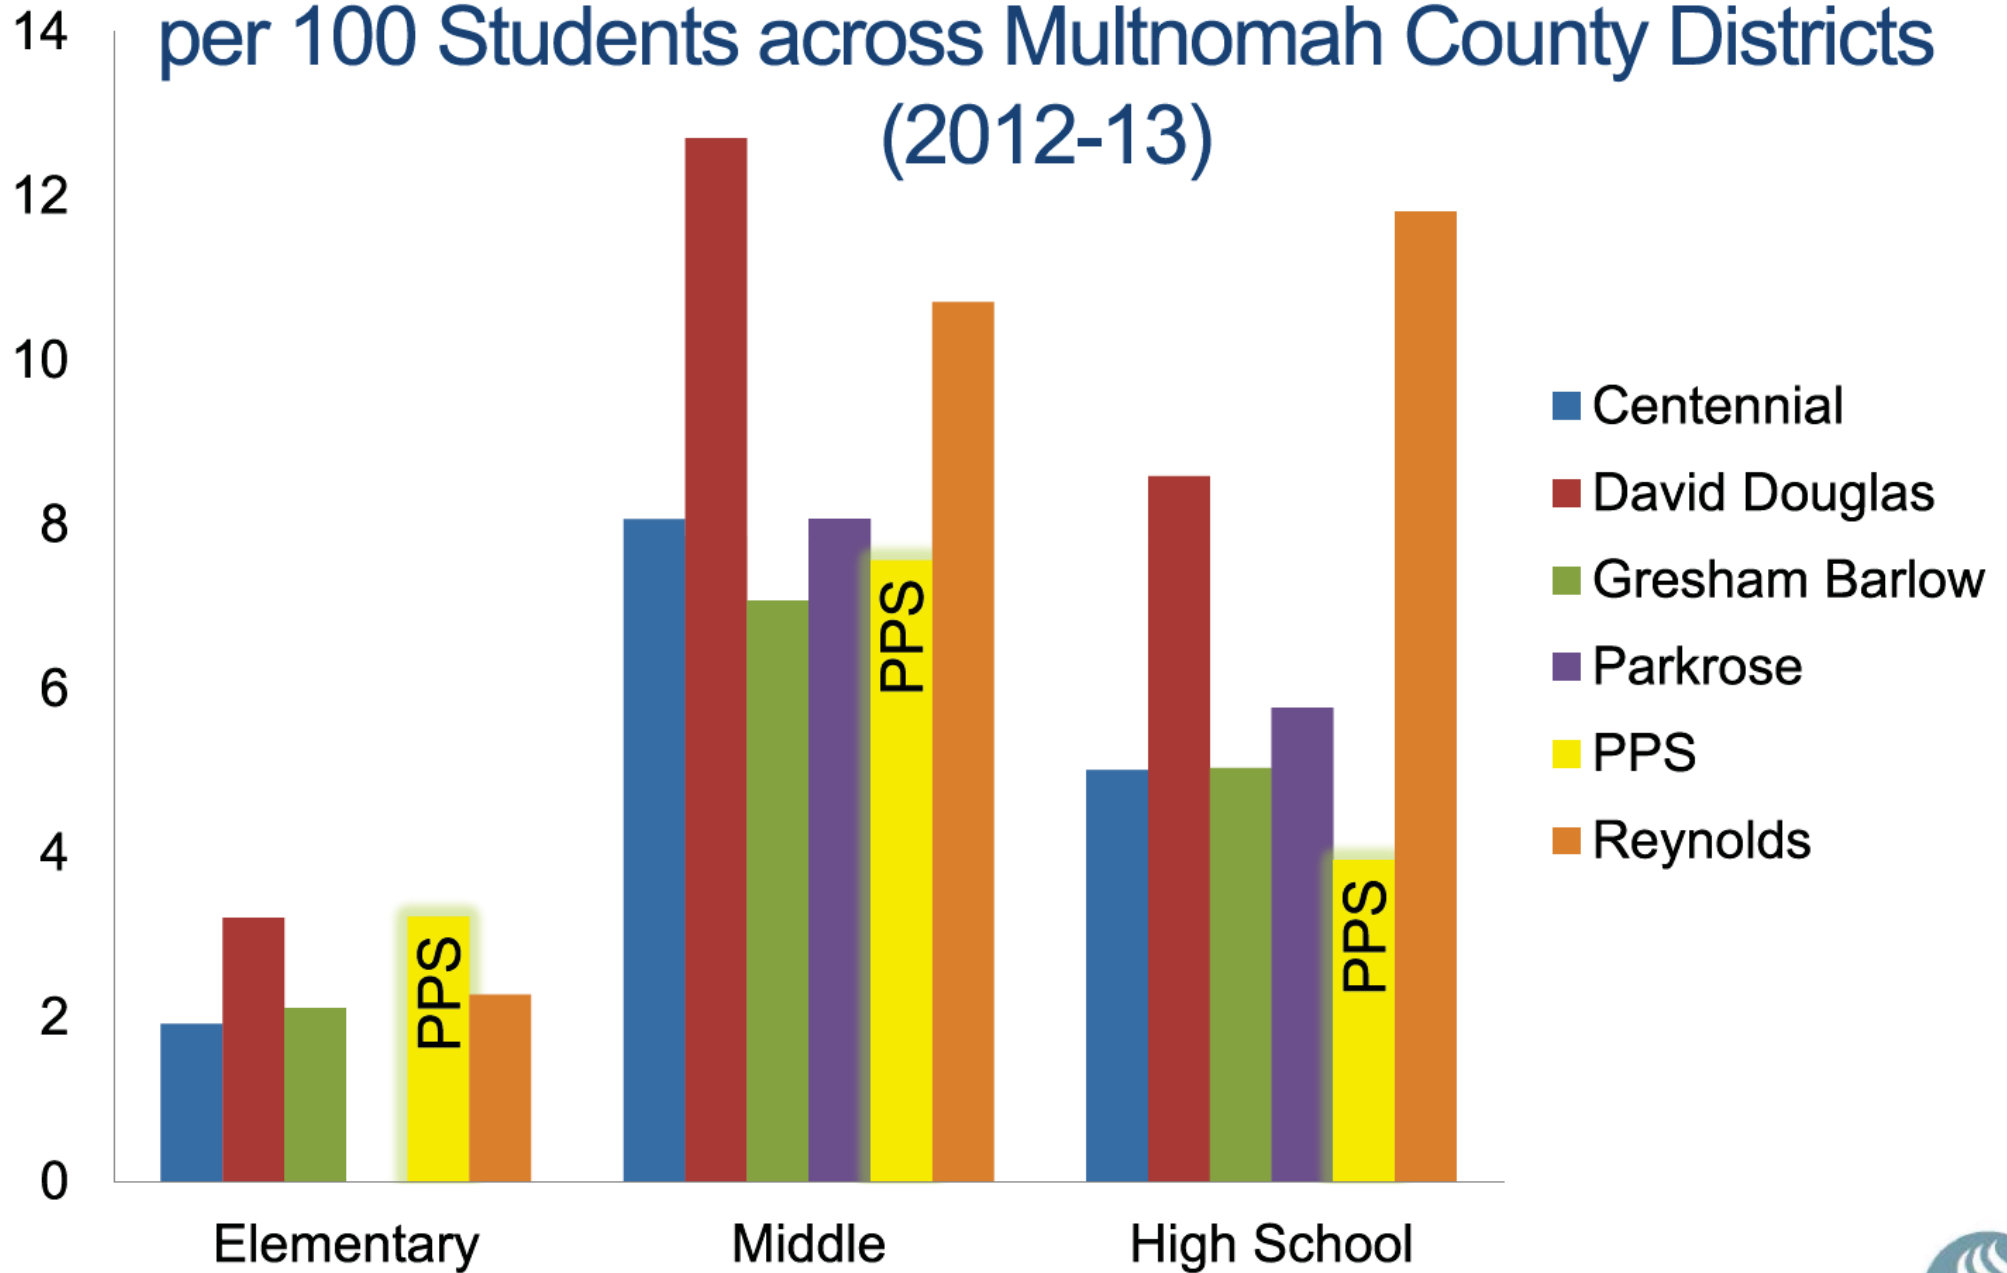

Percent of distinct students excluded at least once by gender & race (2013-14)

Number of discipline incidents for “Disruptive Behavior” per 100 Students across Multnomah County Districts (2012-13)

Disproportionate exclusion by race is present for our 4-8 year old student population

Percent of 4-8 Year Old Students Excluded at Least Once (2013-14)

Key Findings

- Exclusionary incidents have been decreasing since 2007
- Black students, followed by Native students, experience the greatest percentage of exclusionary incidents
- African American and Native males are excluded at the highest rates
- Exclusionary incidents have been decreasing for Black students since 2007
- However, the relative rate of exclusionary incidents between African American and white students has not improved over time
- Disproportionate exclusionary discipline begins at a very young age

OUR PLAN

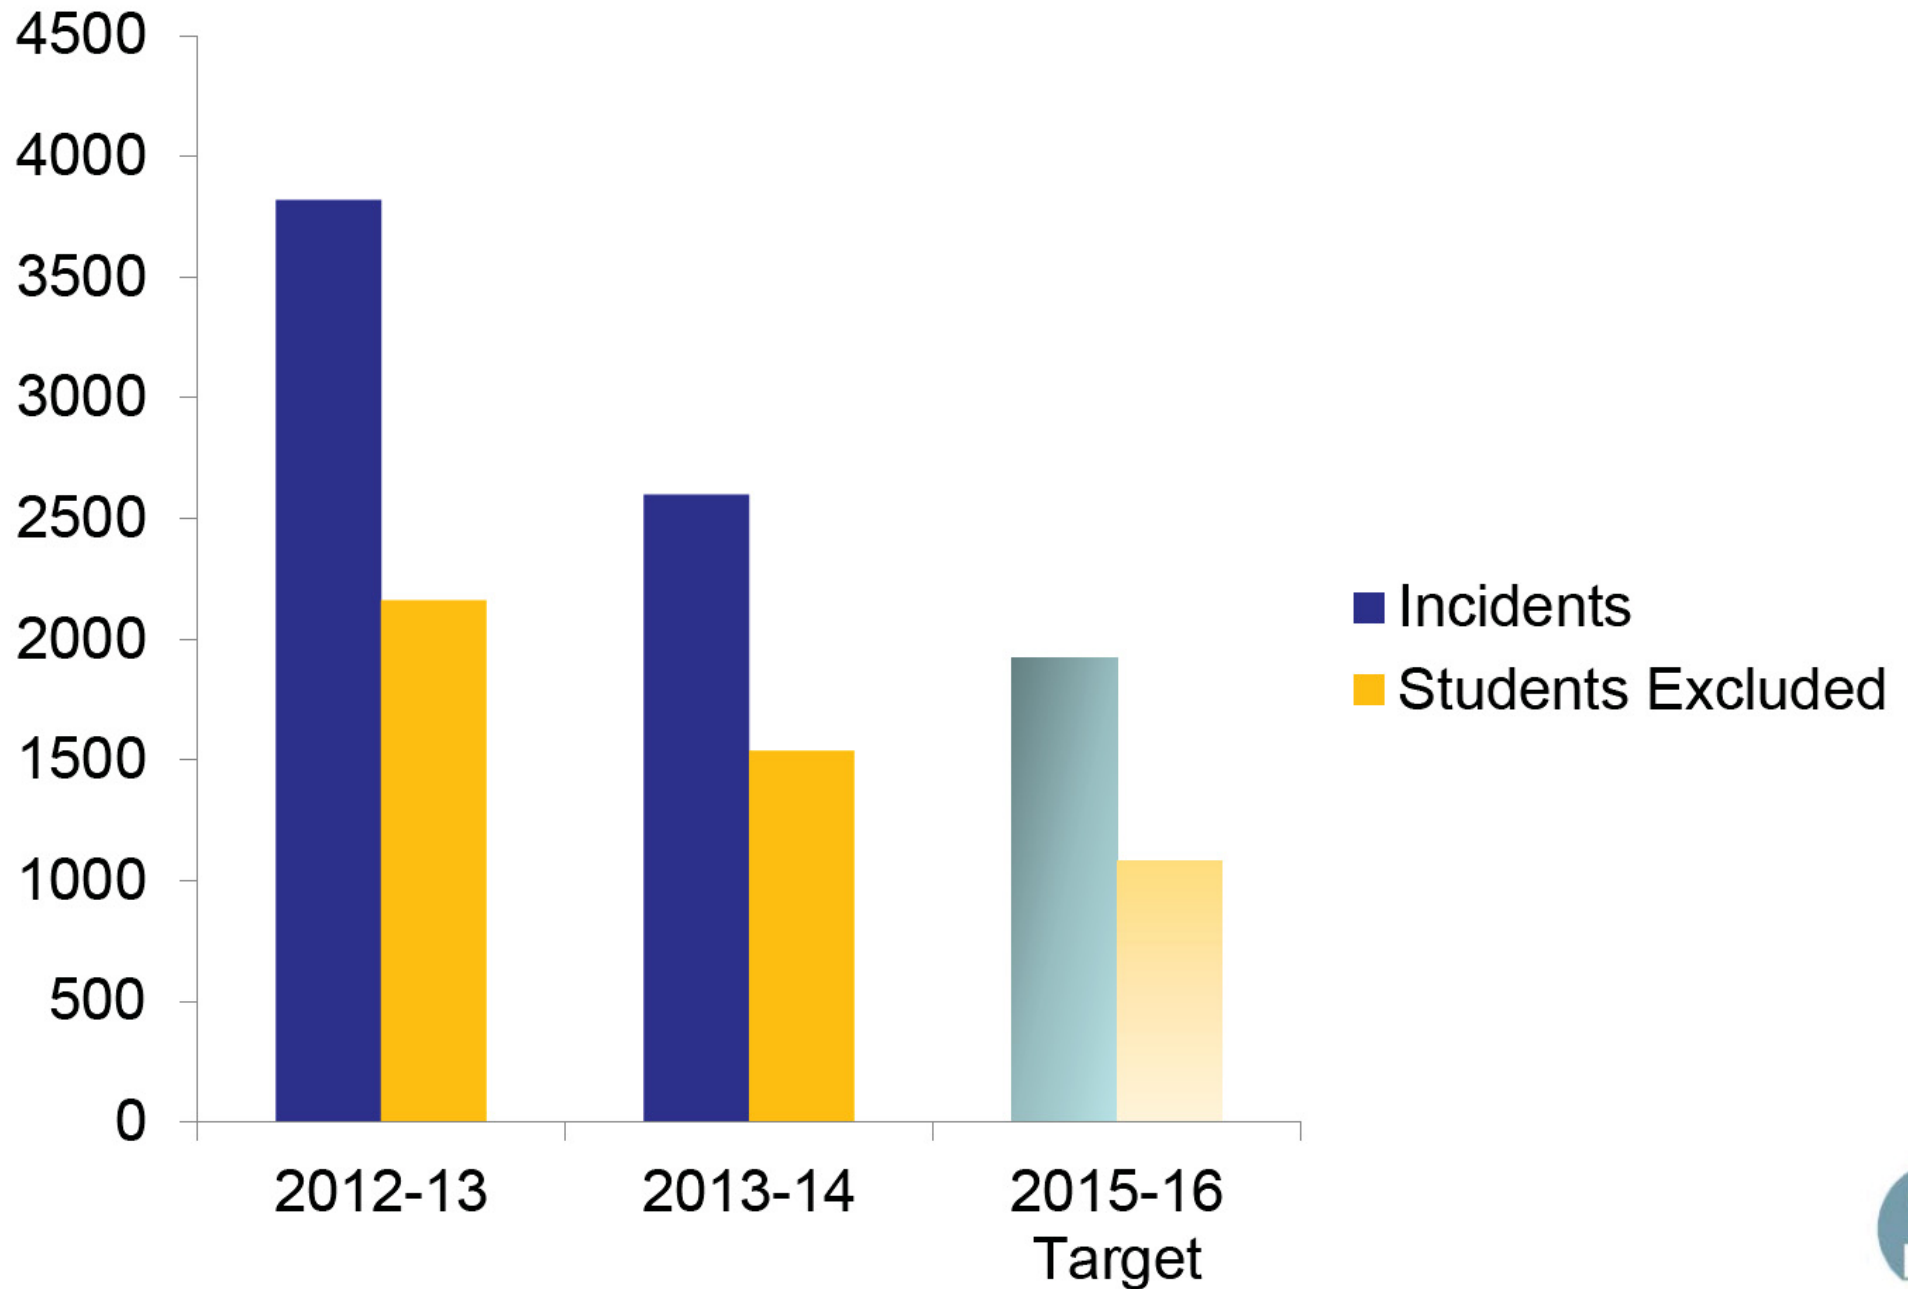

High Leverage Strategies To Reduce Disciplinary Exclusion and Eliminate Disparities in Disciplinary Outcomes

ACCOUNTABILITY

Accountability

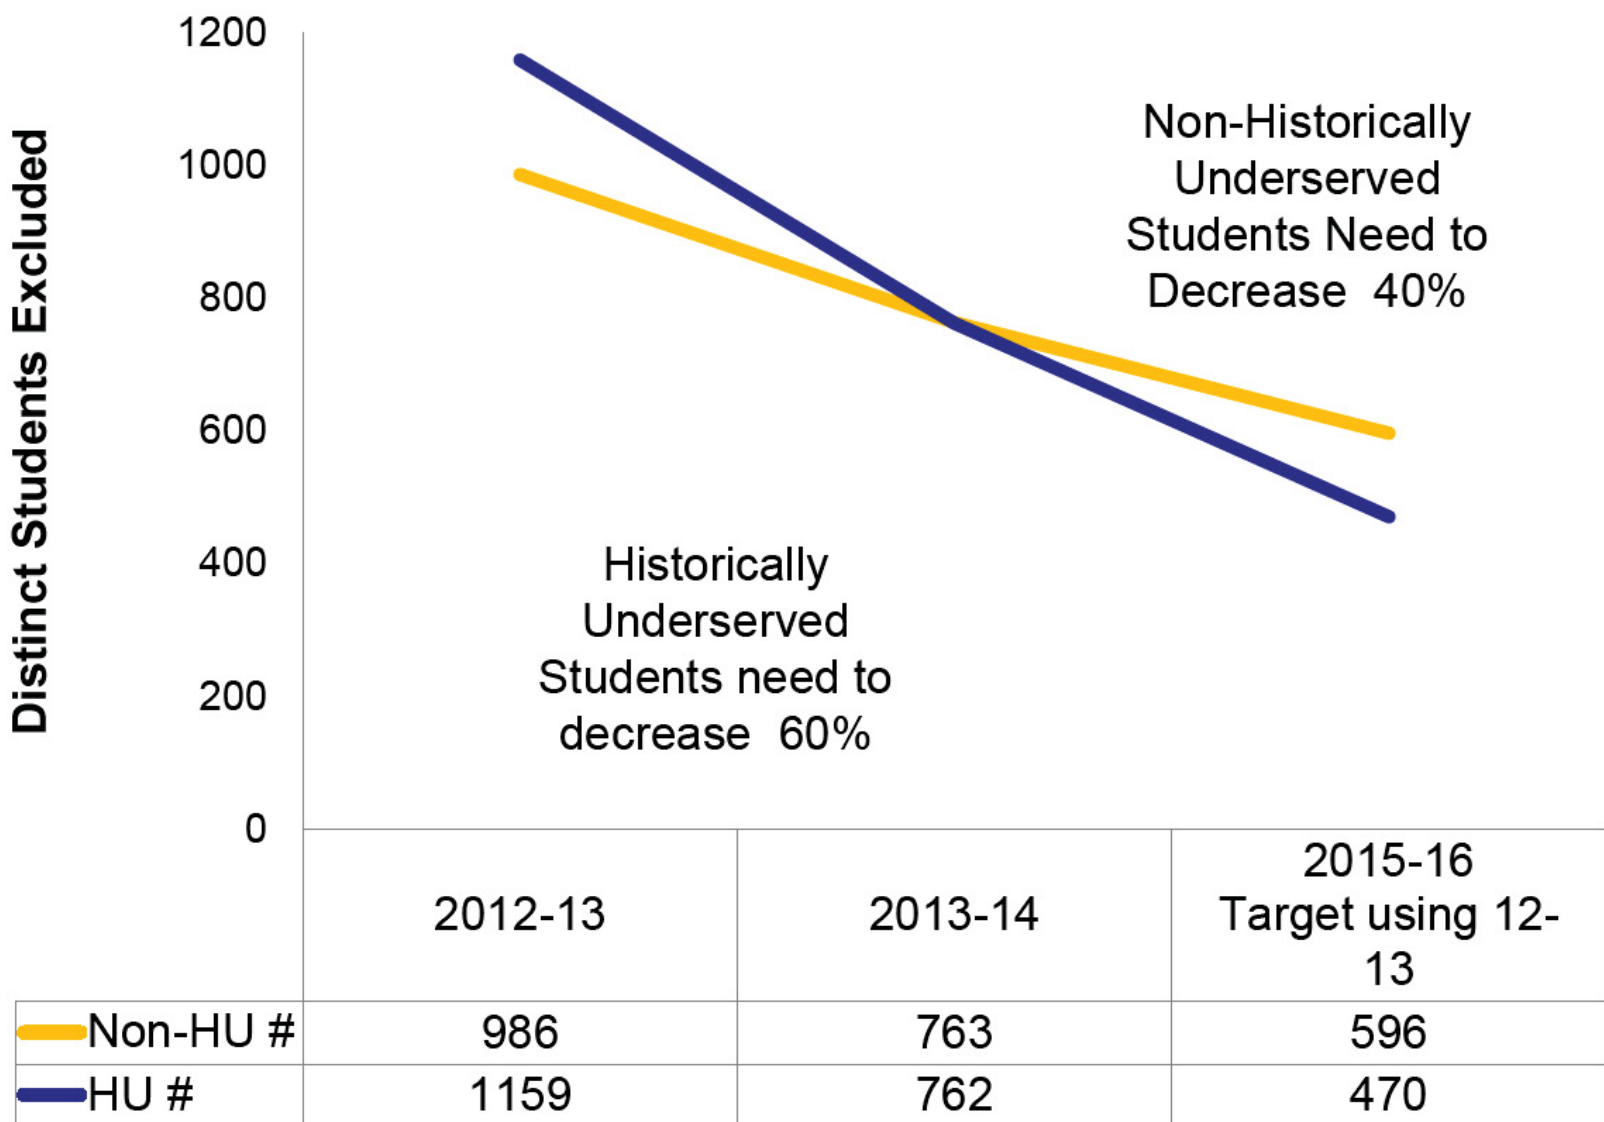

- Set system-wide reduction targets
- Set school-based targets

System-wide Targets

System-wide Targets

2015-16 Target For Number of Students Excluded by Student Sub-Group (using 2012-13 data)

School-based Annual Targets

- Tracking for both Historically Underserved students and total population
- Supervisors of schools meet monthly with school principals to review progress

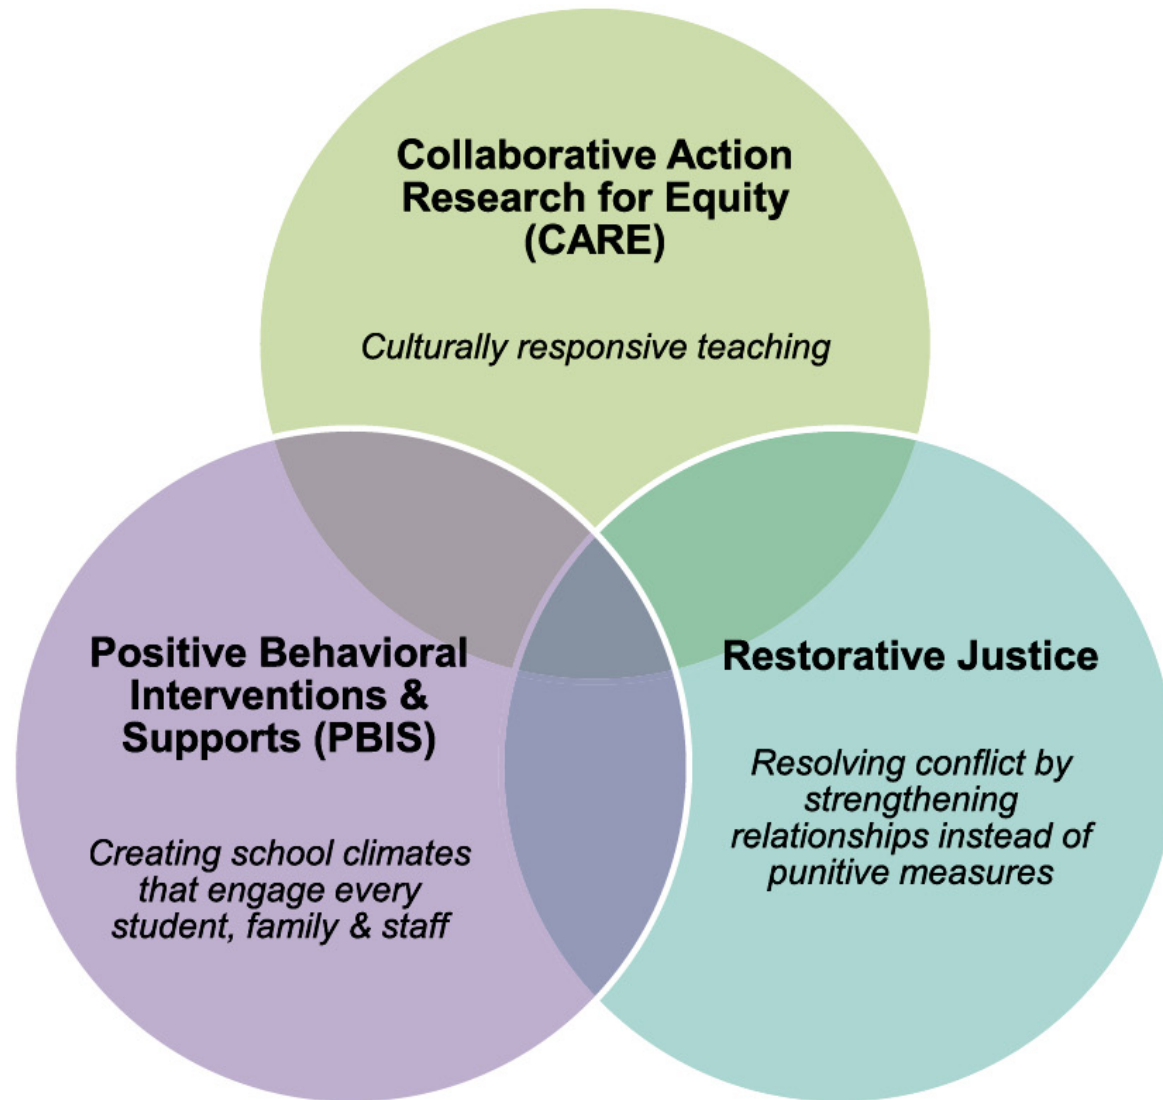

Disproportionate Discipline - School Target Reductions
