Hello,

Enclosed please find the testimony from the Portland Raging Grannies. We signed up to testify at the hearing about the zoning code amendment for the propane terminal on 1/13/2015. We were going to give you our written testimony with our oral testimony. Due to time constraints we were not allowed to do so. Carole Most signed in for us on Tuesday.

Will there be another hearing so that everyone who signed up to testify will have an opportunity? I also sent in my personal testimony by email the day before the hearing. Please let me know if you received it; if not I will send it again. Other members of our group also signed in and didn't testify. Should they now send in their testimony??

Thank you for holding the hearings. The issues around the zoning amendment are numerous, as you have now seen, and deserve more public conversation.

A handwritten signature in black ink, appearing to read "Joana Kirchhoff". The signature is stylized and cursive.

Joana

DOODAH PROPANE

1/15

Tune: Camptown Races

Natalie Reich

Propane can be bad as oil

Doodah, doodah

Frack it and the earth does roil!

Oh, doodah day

Chorus tune

A bridge fuel it is not

It costs the earth a lot

to pipe and ship this gas around.

The earth's in a very bad spot.

Pembina wants to bring propane

doodoo doodoo

To a place where creatures
thrive

Oh, doodoo day

Chorus tune

Nasty chemicals

refinery pollution

mile-long trains every other day

Megatons of CO₂

Chorus tune

We don't need propane

if we use our brain

No need to drill or pipe in gas

Clean energy's more sane.
