

Justin's

Hi my name is Justin Hudson. I am a student at Harrison Park school. I am here because it's not fair how so many people are dying.

I want to share with you about cameras and safety. It could be more safe with cameras.

I care about safety because I want to be safe. I can't walk down the street without almost getting hit by a car. Sometime I worry if my family would get hurt or taken. I don't like seeing other people cry or hurting.

We need more street lights so we can see where we are going. And to see if we are dealing with bad or good people. One time I was walking down the street at night time. and this mad misstake me for someone else I almost got hurt. We need more working lights.

We also need more cameras, so if something were bad to happen the police could help you find out what happened and take the bad person. Cameras would make it easier to see people doing illegal things.

What I want you to remember is that there are too many dying and getting kidnapped. We could stop all that if we tried.

I really hope you take a second and think about what I am telling you.

Thank you for listening.

Moore-Love, Karla

Hi!

For the 3 student speakers, let's plan on:

Jacoby Zamora
Justis Hudson
Jeremy Phan

Looking forward to it!

Thanks!

Tim

GETTING TO EQUITY? Looking for newcomer community partners? [Click here](#)

Salaam Karla. Thank you for your persistence, and for your patience with me. I am now done moving into City Hall, so am bound to get better at these protocol matters.

So, let's review:

What we know (please feel free to fix):

1. On March 11, 9am
2. We have 15 minutes – that can be used for 6 slots for total of 15 minutes.

I will intro Tim and his students (90 seconds); Janis will talk about PBoT resources (90 secs); Tim will intro his project (90 secs); three students will follow with presentations of 3 minutes each. Total: 13 minutes, 30 seconds.

Students will present copies of their publication "Jade Journal" to Mr. Mayor and City Commissioners.

Students will ask to have photos taken of them standing behind Commissioners.

What we still need to know:

1. Names of student presenters, they can use school contact information. A sentence summary of what they'll be presenting in front of City Council. Tim, just be general, this is for purpose of public notification of business before City Council on that morning.

Tim, it's always best to ask students to write out their talk. Three minutes (180 seconds) is 300-350 words. Ask students to focus on talking slowly, everything they say is so-so important. Take your time. It's good civic engagement practice to give your presentation to our Commissioners so we can document your families' strengths and their urgencies. And so that we can follow up.

2. I am working with our Transportation Commissioner and East Police Precinct Commander now, let's talk about our kids following up with them. Hammering nails into place.

3. Janis, you and I need to make request of Karla to be present to City Council

4. Y que mas? (Anything else?)

-Polo
