> Subject: Do not support the Pembina Pipeline Propane Terminal

>

> Dear all,

> If Portland is serious about its Climate Change Action Plan, this City must draw a hard and fast line in the (tar) sand. Please don't be duped by industry's claim that the Pembina terminal will create jobs such that we can risk the safety of a large portion of Portland's residents (in the case of an explosion) and the daily breathability of the entire Earth.
