Subject: Pembina Pipeline Propane Export Terminal Hearing

TO: Portland Planning and Sustainability Commission, City of Portland, Oregon

CC:

Mayor Charlie Hales, City of Portland, Oregon

Commissioner Dan Saltzman, City of Portland, Oregon

Commissioner Nick Fish, City of Portland, Oregon

Commissioner Amanda Fritz, City of Portland, Oregon

Commissioner Steve Novick, City of Portland, Oregon

TOPIC: Proposed Pembina Pipeline Propane Terminal - SAY NO!

Dear Portland Planning and Sustainability Commissioners and City of Portland Officials,

I urge you to oppose the proposed Pembina propane export facility at the Port of Portland's Terminal 6 along the Columbia River. I join the Audubon Society of Portland in saying NO to this proposition.

Through your decision, do not assist much less condone what the proposed propane export facility would actually mean:

- Goes against Portland's Climate Change Action Plan in furthering CO2 emissions
- Sanctions Portland as a U.S. Fossil Fuel Export Facility
- Supports hydraulic fracking being proven to cause seismic events already affecting overall environmental well-being
- Puts our community and communities along the proposed routes at risk of explosive propane, conveyed by boat and rail, ticking in storage while waiting for export at a Port of Portland facility

Respectfully,

Lynn Herring

Member, Audubon Society of Portland
