

DOODAH PROPANE

4/1/15

Tune: *Camptown Races* Natalie Reich

Ellen Leatham
— Raging Grannies

Propane can be bad as oil

Doodah, doodah

Frack it and the earth does roil!

Oh, doodah day

Chorus tune

A bridge fuel it is not

It costs the earth a lot

to pipe and ship this gas around.

The earth's in a very bad spot.

Pembina wants to bring propane

doodoo doodoo (*grab your nose*)

To a place where creatures
thrive

Oh, doodoo day (*grab your nose*)

Chorus tune

Nasty chemicals

refinery pollution

mile-long trains every other day

Methane and CO²

Chorus tune

We don't need propane

if we use our brains

No need to drill or pipe in gas

Clean energy's more sane.

Spoken:

And no explosions!
