Subject: opposition to propane terminal

Dear City Officers,

I am writing to express my opposition to the proposed propane export facility at Terminal 6.

The plan is not consistent with Portland's Climate Change Action Plan. It would create a huge hazard zone that includes the neighborhood where I teach and have lived for 23 years. As recent accidents have proven, the issue of shipping hazardous materials via rail must be addressed.

Please vote for the people of Portland by voting against the propane at Terminal 6.

Thank you,

Loran Starr
