Presenter name: None

Purpose of proposed legislation and background information:

PPS, NAYA and the City are parties to a ground and sublease for the former Foster Elementary School for use as an intergenerational, affordable housing community and early childhood center (school site). Adjustments are necessary to the location of the school site and the affordable housing site.

Financial and budgetary impacts:

None. The City has already contributed \$500,000 pursuant to the existing lease and sublease.

Community impacts and community involvement:

The location of the school site and housing site have resulted from a community process which included the Lents Neighborhood Association where the property is located. The community process was convened by Oregon Solutions, led by Oregon House Representative Alissa Keny-Guyer and Executive Director of the Oregon Child Development Coalition Donalda Dodson.
