

Mayor Hales and Commissioners,

My name is Sandy Polishuk and I live in NE Portland. I'm here today representing 350PDX.

I've met with all of you and come before this council several times asking you, on behalf of the climate, to divest the city's investments from fossil fuels. Fossil fuel divestment takes the fossil fuel industry to task for its culpability in the climate crisis. By naming this industry's singularly destructive influence—and by highlighting the moral dimensions of climate change—we hope that the fossil fuel divestment movement can help break the hold that the fossil fuel industry has on our economy and our governments.

Our ask is for a binding resolution divesting the City from the 200 companies with the majority of the world's fossil fuel reserves within five years, and to ask the state treasurer and the Oregon Investment Council to do the same. Most of you have agreed.

Mayor Hales, you made a divestment commitment on UN Climate Day in June 2013. You made the same commitment to Bill McKibben in July 2013. I am here to hold you to that commitment.

Many cities across the country have already done so including, on the West Coast, Ashland, Eugene, Seattle, San Francisco and Santa Monica. Also, Providence, Cambridge, Northampton, Ann Arbor--the list goes on and on.

Portland is known for its planning on climate action. Divestment fits within this framework; it sends a message to the fossil fuel companies and the world that it's not business as usual in Portland, that our city understands that we must wean ourselves off fossil fuels and move to renewables and a sustainable lifestyle, creating good family-wage jobs.

In February for Global Divestment Day, 300 of us gathered in front of this building. It was Valentines' Day Friday and we made Valentines for you. We took pictures with them and many of us sent them to you by email, twitter and instagram. I hope you had a chance to look at them.

You weren't able to join us so now we're bringing it to you: a photo montage of a few of the Valentines, some flowers we made for you, a few cards, and some very special Valentine candy. If you look out into the audience you'll see some of the signs we made. I know it's not the usual protocol, but I hope you'll make an exception and allow me to bring these gifts up to you now.

To: Portland City Council

The City of Portland should immediately freeze any new investments in fossil fuels, and divest from direct ownership and any mutual funds that include fossil fuel public equities and corporate bonds within 5 years.
