

May 26, 2015

Mayor Charlie Hales and City Commissioners
Portland City Hall
1221 SW Fourth Avenue, Room 110
Portland, OR 97204

Dear Mayor and Council,

Congratulations on the release of the SE Quadrant draft plan.

Ecotrust and The Redd on Salmon Street support the adoption of the draft plan. We believe it will keep Portland adaptive and well known for smart planning and growth, particularly as a makers district.

We thank the Mayor and Bureau of Planning and Sustainability for their support and direction as we create infrastructure for a more robust regional food system.

The Redd on Salmon Street will strive to be supportive of northwest fishers, farmers, and ranchers bringing good food to the City of Portland. The Redd will be a place to warehouse, process, value-add, aggregate, distribute, and sell healthy food.

In addition to the draft plan, we are convinced an EOS overlay on our two blocks would be beneficial to our hopes for modern urban industry.

We hope you will adopt the SE Quadrant plan today and continue to work with us to plan a better future for our City of Roses and the Pacific Northwest.

On behalf Ecotrust and The Redd,

Spencer B. Beebe

Executive Chair, Ecotrust
