RESOLUTIONS

We protest the vicious attack of Judge C. Gilbert on the children of the unemployed workers in returning them to their mother, saying that "It made no difference who takes care of them as they will likely be criminals anyway."

We further protest the misrepresentation of facts, deliberate slander of the children of *all workers* by Juvenile Court case workers, such as Mrs. Mamie F. Hendryx, Albina C. Hendryx, and their total lack of responsibility when left in charge of the packing of the possessions of an unemployed worker as in the case of Mamie F. Hendryx, when ~~several~~ *articles* were either lost or stolen.
