***Testimony regarding Pembina Zoning Hearing***

Good Morning Mayor Hales and Commissioners,

I'm grateful for this opportunity to address you.

For 27 days, an overwhelming majority of Portland citizens have been waiting, hoping to hear the news that four other Commissioners have joined Mayor Hales in his brave and wise decision to reject Pembina's insistence that their application for a zoning amendment be brought before City Council.

Yesterday, a caller to Commissioner Saltzman's office received the information that the Commissioner has joined with Mayor Hales in opposition to hearing Pembina's application. If this information is reliable, Commissioner, I applaud your decision.

Commissioners Fish, Novick, and Fritz, I stand as one of many thousands who believe that to revive this permitting process would be an insult to the experts and residents that have already spent countless hours bringing verified testimony against a project that should have never been proposed in Portland.

I implore City Council to stand as one in resisting Pembina, a foreign company that has demonstrated a serious lack of competence in the area of rail and marine safety. Stand firm against pressure from the Port, a group that is unaccountable to Portland voters, by representing the voice of your constituents. Prioritize safety and environmental concerns over profit. Reject partnering with the world's most destructive industries. Instead, redouble the City's efforts to build a vibrant and sustainable economy by promoting green jobs.

Opposition to this project and others like it continues to grow in Portland and cities around the Northwest. Neighborhood associations, churches, community organizations and others are standing to be counted among the opposition. This is a huge issue that won't go away until Pembina does.

We are looking to City Council to represent us, and to walk the sometimes bumpy path to becoming true Climate Champions together.

Thank you.

## Moore-Love, Karla

Great, I will schedule you for June 3rd. I just need your address and phone number.

Communications are the first item on the official agenda and we start at 9:30 a.m. You will have three minutes to speak but you may also submit written material, please provide seven copies.

Communications allow the Council to hear of issues that interest our citizens but does not always allow an opportunity for dialogue.

Please let me know if you are not able to keep this appointment.

Regards,  
Karla

Please put my name in that slot. I will be speaking about the proposed propane terminal.  
Thank you,  
Chris Fountain

Hello,

The next available date to speak to Council during the three minute Communications portion of our agenda is Wednesday, June 3rd. After that all other Wednesdays are available in June as well.

Let me know if any of these dates will work for you.

Regards,
