including licenses, and declaring an emergency.

The City of Portland Does Ordain as Follows:

ARTICLE I.WEIGHTS AND MEASURES.

Section 1. CONDEMNATION FOR INACCURACY. "Condemned for Repairs". The City Sealer shall condemn and seize and may destroy incorrect weights, measures, or weighing or measuring devices which, in his best judgment, are not susceptible of satisfactory repair; but such as are incorrect and yet may be repaired, he shall mark or tag as "Condemned for Repairs", in a manner prescribed by the Commissioner in charge. The owners or users of any weights, measures, or weighing or measuring devices of which such disposition is made, shall have the same repaired or corrected within ten (10) days, and they shall neither use nor dispose of the same in any way, but shall hold the same at the disposal of the City Sealer. Any weights, measures, or weighing or measuring devices which have been "Condemned for Repairs" and have not been repaired, as required above, shall be confiscated by the City Sealer.

Section 2. DEFECTIVE LOCATION OF DEVICES. The City Sealer may condemn or order the removal of any weighing device which is so placed that it is liable to become inaccurate or which is so placed that a buyer cannot readily see the weight of his purchase.

Section 3. INTERFERENCE WITH CITY SEALER FORBIDDEN. It shall be unlawful to hinder or obstruct in any way the City Sealer or any deputy in the performance of his official duty or to impersonate in any way the City Sealer or any deputy, by the use of his seal or counterfeit of his seal, or otherwise, or to alter, erase, change or remove any tag or seal placed by such officer in the performance of his duty upon any weighing or measuring device.

**Section 4. FALSE DEVICES FORBIDDEN.** It shall be unlawful for any person to use, in the buying or selling of any commodity, or to retain in his possession, a false weight or measure or weighing or measuring device, or to offer or expose for sale or sell except as specifically allowed in this section, or to use or retain in his possession, any weight or measure, or weighing or measuring device, which has not been sealed by the City Sealer or his deputy within one year, or to dispose of any condemned weight or measure or weighing or measuring device, contrary to law, or to sell or offer for sale or use, or have in his possession for the purpose of selling or using, any device or instrument to be used to falsify or calculated to falsify any weight or measure. Possession of such false weight or measure, or weighing or measuring device, shall be prima facie evidence of the fact that it is intended to be used in violation of the law. Any weight or measure, or weighing or measuring device, which, after being sold and before being used for weighing or measuring, it is necessary to assemble or set up, may be sold, kept for sale, or offered for sale, without first being tested and sealed, as in this article provided, but such weighing or measuring device before being used for weighing or measuring shall be tested and sealed, as in this article provided.

**Section 5. MISREPRESENTATION OF QUANTITY FORBIDDEN.** It shall be unlawful for any person to sell, expose or offer for sale less than the quantity of the commodity he represents, or to take or attempt to take more than the quantity he represents when as the buyer he furnishes the weighing or measuring device by which the amount of the commodity is determined.

**Section 6. ICE, FUEL AND FODDER.** It shall be unlawful to sell or offer for sale, or deliver, any ice, firewood, coal, coke, distillate or other fuel, or any hay, grain, bran or other animal fodder, unless such delivery is accompanied by a delivery ticket containing the name and address of the vendor, the address of the vendee, the name or number of the driver or other person making the delivery, and the weight of the commodity sold or delivered, unless the same be firewood, in which case the quantity thereof shall be stated in cords or fractional parts thereof, or unless the same be distillate or other liquid fuel, in which case the quantity

The foregoing provisions of this section shall not apply to gasoline or other liquid fuel sold and delivered in the presence of the vendee.

It shall be unlawful to sell or deliver any ice unless the vehicle from which such ice is sold or delivered is equipped with a weighing device of sufficient capacity to weigh the same.

Whenever any person to whom any ice is delivered shall, at the time of such delivery, demand that such ice be weighed in his presence, it shall be unlawful for the person delivering such ice to fail, neglect or refuse to weigh such ice on the weighing device in the vehicle from which such ice is taken.

Section 7. SAND AND GRAVEL. A truck or wagon shall not be used for delivering sand or gravel unless its cubic capacity level full is plainly marked in yards and fractions thereof on the outside by the City Sealer. Such marks must be kept clear and legible and for that purpose the owner of the truck or wagon may renew the marks showing capacity.

Section 8. CERTAIN SCALES TO BE TESTED BEFORE ISSUE OF LICENSE. Every peddler, junk dealer and other person engaged in or carrying on the business of buying or selling on the streets or from house to house any commodity or thing by weight or measure, and who is required to obtain a license from the City of Portland in order that he may engage in or carry on such business, shall bring or cause to be brought to the office of the City Sealer on any day during the period commencing June 26th and ending July 10th, and during the period commencing December 26th and ending January 10th, Sundays and legal holidays excepted, all weights and measures, weighing and measuring devices used by such person in his said business, and the City Sealer shall examine and test said weights, measures, weighing and measuring devices, and if he finds that they correspond or if he causes them to correspond with the standards in his possession, he shall seal or mark such weights, measures, weighing or measuring devices and issue his certificate of accuracy to such person; and every applicant for the issuance or renewal of a license to engage in or

Section 10 Sales for lump or total price Ord No 49079  
The purpose of this section is to provide a remedy for the  
consumer in the event of a short weight or measure  
of goods sold by a retailer. It is intended to protect  
the consumer from being short-changed and to ensure  
that the retailer is held accountable for the weight or  
measure of the goods sold. The section applies to all  
retailers who sell goods by weight or measure, and it  
provides that the consumer may demand a refund or a  
replacement of the goods if they are found to be short  
weight or measure. The section also provides that the  
retailer must keep accurate records of the weight or  
measure of the goods sold, and that the consumer may  
inspect these records at any time. The section is intended  
to be a deterrent to retailers who engage in short  
weight or measure practices, and to provide a fair  
remedy for the consumer.

**Abstract**—The purpose of this study was to determine the effect of a 10-week training program on the heart rate (HR) and energy expenditure (EE) of sedentary, middle-aged women. The subjects were 10 women, 40 to 50 years of age, who were sedentary and had no cardiovascular or pulmonary disease. The subjects were randomly assigned to a 10-week training program or a control group. The training program consisted of three sessions per week of 30 minutes of moderate-intensity aerobic exercise. The control group consisted of 10 women who did not exercise. The HR and EE were measured at rest and during exercise at the beginning and end of the 10-week training program. The results showed that the training program had a significant effect on the HR and EE of the subjects. The HR at rest decreased significantly from 72 to 68 beats per minute (p < 0.05). The HR during exercise decreased significantly from 148 to 142 beats per minute (p < 0.05). The EE at rest decreased significantly from 1,200 to 1,100 kcal per day (p < 0.05). The EE during exercise decreased significantly from 1,800 to 1,700 kcal per day (p < 0.05). The results of this study suggest that a 10-week training program can improve the HR and EE of sedentary, middle-aged women.

**Section 6. POLICE NOT TO DISCRIMINATE.** No police officer or other officer of the City of Portland shall discriminate between persons in charge of such vehicles or between solicitors therefor whether such person or solicitor be adjacent to any depot, wharf or elsewhere.

**Section 7. VEHICLE DEFINED.** The word "vehicle" as used in this Article shall include all vehicles of every description commonly used for carrying passengers, express or baggage matter for hire.

**Section 8. SOLICITOR DEFINED.** The word "solicitor" as used in this article shall include any and all persons who solicit or attempt to solicit patronage or business for any vehicle.

**Section 9. SPACES IN FRONT OF PUBLIC PLACES TO REMAIN OPEN.** No person in charge of any vehicle shall when waiting for business, occupy the space in front of the entrance of any hotel, theatre, or other place of resort, or any depot or wharf, it being intended that a reasonable amount of space in front of the entrance and adjacent thereto, of any hotel, theatre or other place of resort, depot or wharf, shall be reserved for use by persons bringing passengers, express or baggage to such place and for the purpose of permitting access to such place by vehicles when the person in charge thereof is signaled by any one desiring to engage the immediate service of such vehicle.
