

IMPACT STATEMENT

Legislation title: * Accept and appropriate a supplemental grant in the amount of \$60,000 from the Oregon Department of Justice and the Oregon High Intensity Drug Trafficking Areas program for the purchase of a Chevy Tahoe for a police canine unit (Ordinance)

Contact name: Captain Mark Kruger, PPB Drugs & Vice Division

Contact phone: 503-823-0240

Presenter name: Captain Mark Kruger

Purpose of proposed legislation and background information:

The Oregon Department of Justice (ODOJ) High Intensity Drug Trafficking Areas (HIDTA) has notified the City that it will award a supplemental grant to the Police Bureau Drugs and Vice Division in the amount of \$60,000 and will reimburse the City a maximum of \$60,000 for the purchase of a Chevy Tahoe outfitted for a third police canine unit.

Financial and budgetary impacts:

ODOJ HIDTA has notified the City that it will reimburse the City a maximum of \$60,000 for the purchase of a Chevy Tahoe outfitted for a police canine unit. No match is required by this grant.

Community impacts and community involvement:

The 2014 HIDTA grant will not have a specific impact upon any unique demographic. The grant provides funding for drug trafficking interdiction efforts that occur through the US Mail, commercial shipping businesses, rail traffic, passenger bus lines, commercial air traffic and related interstate transportation concerns. Illegal drugs and drug trafficking proceeds that are being shipped into or through Portland are the target of the investigative effort, with follow-up investigations directed at the source or intended recipient of drugs or drug proceeds. There is no voluntary citizen participation.

The purchase of Fleet vehicles is directed by Resolution 35960, a City policy that established Council oversight on all increases to the number of vehicles used by the City and to tightly control the use of Sport Utility Vehicles (SUVs) by the City.

Geographic area, neighborhoods: The grant enables Police Bureau (PPB) investigative efforts that will identify and disrupt or dismantle drug trafficking organizations operating in or from neighborhoods in all parts of the City. HIDTA is a state-wide initiative.

Businesses (small, large, specific types); institutions; interest-based organizations: The grant enables PPB to work with commercial transportation and shipping businesses to detect and prevent illegal drug trafficking activities that are occurring within the business concern. The grant has no other specific negative impact upon the interests of any other organization(s).

City livability (contributes to a prosperous, educated, healthy, equitable Portland):

Grant funding enables PPB to identify, dismantle and disrupt drug trafficking organizations operating within or from the City and parts of Oregon, and to limit the supply of illegal and highly harmful drugs that otherwise would be available. The grant assists the PPB in the improvement of livability through the reduction of organized criminal activity and the provision of harm reduction through the limitation of the illegal drug supply.

Summarize significant objections/concerns and support/agreement: There are no legitimate objections or concerns related to receiving grant funding that allows PPB to limit the supply of illegal drugs being shipped to or through the City through police interdiction efforts, and PPB has historically received extensive public support for drug investigative and enforcement work that ultimately serves to improve city livability.

Describe how the bureau responded to or incorporated concerns into the proposed legislation: Not applicable to this legislation.

Indicate who/which groups will be testifying: PPB DVD and City Fleet
