Presenter name: John Nohr, EOPS Division Chief

Purpose of proposed legislation and background information:

Per City Code Section 3.22.110, this ordinance authorizes an agreement whereby Portland Fire & Rescue (PF&R) provides fire prevention, suppression and emergency response services to the Burlington Water District (BWD) for a fee.

BWD supplies water to many residential customers outside of PF&R's jurisdiction. A portion of the property taxes collected from BWD's customers is to be used to provide fire prevention, suppression, and emergency response services. BWD elected to contract with PF&R for those services.

PF&R has been providing said these services to Burlington Water District since at least 1985

Financial and budgetary impacts:

This agreement was anticipated and included in PF&R's FY 15-16 adopted budget.

Community impacts and community involvement:

BWD is a municipal corporation of Multnomah County, adjacent to Northwest Portland. Many of its residents work, shop, and participate in recreational activities within PF&R's jurisdiction.
