**Proposal:** A Design Advice Request is a voluntary review process that allows the Commission to provide early feedback on a development proposal, prior to the required land use review. Design Advice Request for a new mixed-use development with a 20-story hotel building and 10-story office building, with ground floor retail and below-grade parking. The proposal would include renovations and alterations to the existing Ancient Order United Workmen Temple at SW 2<sup>nd</sup> and Taylor and removal of the existing Hotel Lotus building at SW 3<sup>rd</sup> and Salmon. The landmarked Auditorium Building is not part of the site and will remain. Proposed exterior materials are primarily glass and metal panel. Potential Modifications include an exception to the oriel window standards. An Adjustment request to not provide a loading space for the office building is also anticipated.

## **GENERAL INFORMATION ABOUT THE DESIGN ADVICE REQUEST PROCESS**

### **Purpose of a Design Advice Request**

Design Advice Requests are not intended to substitute for other Code-required land use or legislative procedures. Purposes served by Design Advice Requests might include the following:

- Early feedback on atypical building types or configurations unable to draw on other prior project approvals to assess approval potential.
- Projects which, for various reasons, anticipate including elements that do not appear to conform to design guidelines, and which may require a waiver of one or more design guidelines.
- Unique urban design schemes for which interest or support is sought prior to approaching other agencies.

### **Process**

The Portland Zoning Code affords the opportunity for parties interested in bringing matters before the Design Commission outside of other prescribed regulatory or legislative processes. The relevant Code chapter reads as follows:

*33.730.050 F. Other pre-application advice.*

An applicant may request advice from the Design Commission or Historical Landmarks Commission prior to submitting a land use request that would be heard by these commissions. These requests are known as "Design Advice Requests". These requests do not substitute for a required pre-application conference with the BDS staff and other City urban service or technical representatives.

The general order of appearance for those attending the meeting is as follows: Bureau of Development Services introduction, applicant presentation, clarifying questions about the proposal by the Commission, public comment, informal discussion about the proposal between the Commission and the applicants, and Design Commission final comment. There will be no final decision about this proposal during this Design Advice Request process. At the request of the Commission, a submittal for a Design Advice Request may be continued to a future date for further discussion.

### **Opportunity for Public Comment**

The neighborhood association may take a position on the proposed development and may have scheduled an open meeting prior to providing comment to the Design Commission. Please contact the person listed as the neighborhood contact to determine the time and date of this meeting. The public meeting with the Design Commission will provide an opportunity for parties to submit oral and written comment on this matter

### **Design Advice Request Results**

Design Advice Requests will provide informal, advisory response only. Responses received at the meeting may inform City staff when processing future land use reviews, but will not be considered a formal directive from the Commission. The Commission may offer future procedural or design direction, and may also offer a preliminary assessment against approval criteria that would apply were the proposal to be reviewed formally through the land use review process. Comment provided at the meeting will be documented by City staff, and will be available for further and future reference.
