Presenter name:

Purpose of proposed legislation and background information:

The goal of the Student Transit Pass program is to authorize a grant agreement with Legacy Health to develop and operate a dedicated behavioral health hospital to include ~~122~~¹⁰¹ acute inpatient beds and a psychiatric emergency department. This new facility will be located in the Legacy Holladay Park facility in the Convention Center district.

It is anticipated that creation of access to a dedicated psychiatric emergency service center will support the City of Portland’s goals to facilitate the implementation of provisions in the Settlement Agreement between the City of Portland and the United States Department of Justice which require the City to work with appropriate partners to establish one or more psychiatric emergency centers for both walk-in treatment and first responders who are transporting individuals experiencing mental health crisis

Financial and budgetary impacts:

General fund dollars have been allocated in the 2015-2016 budget, so there is no new financial impact.

Community impacts and community involvement:

As part of the standard budgeting process, the public had an opportunity to review and provide testimony on the inclusion of this grant in the FY2015-2016 budget.
