Subject: Please adopt the Audubon Society of Portland's proposed Tree Code reforms

As a concerned resident and home owner, I am appalled by developers wanton destruction of beautiful healthy trees. They are a beacon and symbol of what makes our city wonderful and are a major contributor to the image of a Portland as a clean, green city. So please, help us keep absorb carbon dioxide, filter air and water, and preserve the sylvan identity of our fair city by helping to pass the Audubon's proposed reforms.

Thank you,

William Bennett
