

IMPACT STATEMENT

Legislation title: Authorize an intergovernmental agreement with law enforcement agencies for the use of the Police Bureau Training Complex (Ordinance)

Contact name: Captain Bryan Parman

Contact phone: (503) 823-0318

Presenter name: Captain Bryan Parman

Purpose of proposed legislation and background information:

The Portland Police Bureau would like to begin allowing outside law enforcement agencies to train at the Portland Police Bureau's Training Complex located at 14912 NE Airport Way in Portland. The Police Bureau and City Attorney's Office developed an intergovernmental agreement template for use by the Training Division to grant outside agencies use of the Complex.

Because of the volume of agreements and familiarity with Training Division resources required to approve the agreements, the Police Bureau feels that it is more efficient to have the agreements authorized by the Training Division Captain. This ordinance delegates that authority to the Training Division Captain.

Financial and budgetary impacts:

The IGA template includes a Fee Schedule for the property which will aid in the City's cost recovery for the program and ensure that the City's commitment is cost neutral.

Community impacts and community involvement:

These agreements will reinforce and strengthen existing relationships with regional law enforcement agencies.
